Dear sir/madam

**RE: NOTICE OF APPLICATION IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO. 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT NO. 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS OF 2014 (AS AMENDED BY GNR 326 EFFECTIVE 7 APRIL 2017)**

Lime Sales Limited has previously, on 31<sup>st</sup> October 2018, applied for a mining permit (10714 MP) for the mining of aggregate, 5ha, on a portion of Portion 2 (Remaining Extent) of the farm Aroams 57, Registration Division of Namaqualand RD, Northern Cape. This application was subsequently rejected by the Department of Mineral Resources (DMR).

Lime Sales Limited applied for a mining permit for the mining of granite, 5 ha, over the same farm portion, on a portion of Portion 2 (Remaining Extent) of the farm Aroams 57, Registration Division of Namaqualand RD, Northern Cape, which application has been accepted by the DMR.

**PUBLIC INVOLVEMENT**

This letter is to inform you about the proposed activity and to determine whether there are any concerns or objections from Interested and Affected Parties (I&AP's) that need to be considered. The Draft Basic Assessment Report (DBAR) in terms of NEMA for this mining permit application is now available for your perusal.

As an Interested and Affected Party you are kindly requested to complete the comments form and give any comment, concern or input with regard to the current land use of the area, the environment as well as socio-economic conditions that you feel might be affected by the proposed activity.

**Please note as stated above the only change to the previous application is the mineral and no other changes was made to the report which was distributed (BID Distribution 19 September**

**2018 and DBAR distribution 1 November 2018).** When submitting response please provide suggestions to mitigate the anticipated impact of each identified activity.

A register of interested and affected parties (I&AP's) will be opened and maintained containing the names, contact details and address of all persons who have submitted written comments, attended meetings or have in writing requested to be registered and all organs of state which have jurisdiction in respect of the activity. Please contact Yolandie Coetzee at the contact details as presented in the letterhead or at [yolandie.c@greenmined.co.za](mailto:yolandie.c@greenmined.co.za) through any means should you need more information, have concerns or comments that need to be considered or if you want to be registered as an interested and / or affected party on or before **19 June 2019**. If we do not receive any comments from you within 30 days of receipt of this notice, it will be accepted that you do not have any objections / comments with regard to the project. An electronic copy of the report will be published on the Greenmined Environmental website ([www.greenmined.com](http://www.greenmined.com)).

The DBAR will then be updated to reflect the comments received during the public commenting period, after which the Final Basic Assessment Report (FBAR) will be submitted to the Department of Mineral Resources (DMR), Northern Cape, for its consideration as part of the authorization process in terms of the NEMA regulations. A copy of the final report will be made available on the Greenmined Environmental website ([www.greenmined.com](http://www.greenmined.com)). All registered I&AP's and stakeholders will be notified in writing within 14 days of the date of the decision of the outcome of the application, including the reasons for the decision and the right of appeal.

Dear Sir/ Madam

### **LAND CLAIMS ENQUIRY –**

- 1. Portion of portion 2 (Remaining extent) of the Farm Aroams No. 57, Namaqualand District, Province Northern Cape.**

We refer to your letter received 23/05/2019

We confirm that as at the date of this letter that there is no land claims appearing on our database in respect of the property. This includes the database for claims lodged by 31 December 1998; and those lodged between 1 July 2014 and 27 July 2016 in terms of the Restitution of Land Rights Amendment Act, 2014.

Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that are beyond the Commission's control, particularly relating to claims that have lodged but not yet been gazetted such as:

1. Some Claimants referred to properties they claim dispossession of rights in land against using historical property descriptions which may not match the current property description; and
2. Some Claimants provided the geographic descriptions of the land they claim without mentioning the particular actual property description they claim dispossession of rights in land against.

The Commission therefore does not accept any liability whatsoever if through the process of further investigation of claims it is found that there is in fact a land claim in respect of the above property.

If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description so as to enable us to do a further search.

I WR Muller owner of the farm Aroams 57 agree in principle that this area could be used for repair of road ways, I however have the following stipulations:

1. There has to be a rental or use agreement in place prior to commencing any activities on the premises.
2. I insist on a fence to fence the area off from the rest of the farm.
3. I insist on a full waste management system as per DMR requirements.
4. The additive sprayed on the road will be specified. It has to be environmentally friendly and hydrophobic when dry.
5. The crushing process produces a -6mm material, usually referred to as Crusher Dust. The storage and cover of this material will have to be done as agreed, it is a potential source of dust long after the area has been rehabilitated.

**Subject:** RE: Aroams 3 BGD - Rheon Muller

Good Afternoon Mr. Muller,

Thank you for your comments regarding the Lime Sales Mining Permit Application on a portion of Portion 2 (Remaining Extent) of the farm Aroams 57, Registration Division of Namaqualand RD, Northern Cape.

Please find our response to your comments below.

1. There has to be a rental or use agreement in place prior to commencing any activities on the premises.  
*The land owner agreement is in place with Mr. D.A Gerber who currently owns a portion of portion 2 (Remaining Extent) of the Farm Aroams 57.*
2. I insist on a fence to fence the area off from the rest of the farm.  
*There is currently a fence around the mining permit area.*
3. I insist on a full waste management system as per DMR requirements.  
*Please refer to the DBAR that is provided on our Greenmined Environmental website for the waste management that is currently in place at the Aroams quarry.*
4. The additive sprayed on the road will be specified. It has to be environmentally friendly and hydrophobic when dry.  
*The liberation of dust into the surrounding environment must be effectively controlled by the use of, inter alia, water spraying and/or other dust-allaying agents. If dust allaying agents are to be used, these agent will be environmental friendly and hydrophobic when dry. However, in the past since Aroams Quarry was established in 2012 water spraying was deemed sufficient for this area.*
5. The crushing process produces a -8mm material, usually referred to as Crusher Dust. The storage and cover of this material will have to be done as agreed, it is a potential source of dust long after the area has been rehabilitated.  
*Noted. Water sprayers are located on the crushing plants where the sprayers are switched on when the crushing plant is running. Stockpiles are wetted various times during the day to minimise dust in the area. All roads on the mining permit area are sprayed with the water trucks to minimise the dust in the area.*

Please let us know if you require a copy of the Draft Basic Assessment Report.

## NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) [MPRDA] and the National Environmental Management Act, 1998 (Act No. 107 of 1998) [NEMA] as well as the Environmental Impact Assessment (EIA) Regulations of 2014 (as amended by GNR 326 effective 7 April 2017) of the intention to carry out the following:

- The applicant, Lime Sales Limited, intends to apply for a mining permit to mine 5 ha on a Portion of Portion 2 of the farm Aroams 57, Magisterial District of Namaqualand, Northern Cape. The applicant will increase the existing quarry. The mining method will make use of blasting means of explosives in order to loosen the hard rock. The material is then loaded and hauled out of the excavation to the mobile crushing and screening plants. The granite will be stockpiled and transported to clients via trucks and trailers. All activities will be contained within the boundaries of the site.
- Submit an application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations (as amended by GNR 326 effective 7 April 2017) and therefore requires a Basic Assessment process to obtain Environmental Authorization:

**• GNR Environmental Impact Assessment Regulations 327 Listing Notice 1 of 2017 Activity 21:**

Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), including—

- (a) associated infrastructure, structures and earthworks, directly related to the extraction of a mineral resource [...]; or [including activities for which an exemption has been issued in terms of section 106 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002)]
- (b) the primary processing of a mineral resource including winning, extraction, classifying, concentrating, crushing, screening or washing; but excluding the secondary processing of a mineral resource, including the smelting, beneficiation, reduction, refining, calcining or gasification of the mineral resource in which case activity 6 in Listing Notice 2 applies.

**• GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 22:**

The decommissioning of any activity requiring a closure certificate in terms of section 43 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002).

**• GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 27:**

The clearance of an area of 1 hectare or more, but less than 20 hectares of indigenous vegetation.

**• GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 28:**

Commercial and industrial developments where such land was used for agriculture or afforestation on or after 01 April 1998 and where such development will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.

**• GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 35:**

The expansion of residential, retail, recreational, tourism, commercial or institutional developments on land previously used for mining or heavy industrial purposes, where the increased development footprint will exceed 1 000 square meters.

Interested and Affected Parties (I&AP's) are invited to provide written comments. I&AP's must provide their comments with their name and contact details to the environmental consultant indicated below within 30 days from the date of this notice (18 June 2019). Should additional information be required it can be obtained from Greenmined Environmental. An electronic copy of the Draft Basic Assessment Report will be published on the Greenmined Environmental website ([www.greenmined.com](http://www.greenmined.com)).

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state which have jurisdiction in respect of the activity will also be listed on the register. Please note that only registered I&AP's will be entitled to comment on reports and plans to be submitted to the Department, provided that the party provides its name, contact details and address and discloses any direct business, financial, personal or other interest which the party may have in the approval or refusal of the application. The registered I&AP's will, in writing, within 14 days of the date of the decision be notified of the outcome of the application including the reasons for the decision and the right to appeal.

# PROOF OF ON SITE NOTICES PLACED AT THE ENTRANCE OF THE SITE AND AT THE OK AT AGGENYS ON THE 20<sup>TH</sup> OF MAY 2019

## NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) (MPRDA) and the National Environmental Management Act, 1998 (Act No. 107 of 1998) (NEMA) as well as the Environmental Impact Assessment (EIA) Regulations of 2014 (as amended by GNR 528 effective 7 April 2017) of the intention to carry out the following:

- The applicant, Lime Sales Limited, intends to apply for a mining permit to mine 5 ha on a Portion of Portion 2 of the farm Aroams 57, Magisterial District of Namaqualand, Northern Cape. The applicant will increase the existing quarry. The mining method will make use of blasting means of explosives in order to loosen the hard rock. The material is then loaded and hauled out of the excavation to the mobile crushing and screening plants. The granite will be stockpiled and transported to clients via trucks and trailers. All activities will be contained within the boundaries of the site.
- Submit an application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) to the Department of Mineral Resources.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations (as amended by GNR 528 effective 7 April 2017) and therefore requires a Basic Assessment process to obtain Environmental Authorization:

- 1) GNR Environmental Impact Assessment Regulations 527 Listing Notice 1 of 2017 Activity 21:  
Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), including —  
(a) associated infrastructure, structures and earthworks, directly related to the extraction of a mineral resource (.), or (including activities for which an exemption has been issued in terms of section 106 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002))  
(b) the primary processing of a mineral resource including winning, extraction, classifying, concentrating, crushing, screening or washing;  
but excluding the secondary processing of a mineral resource, including the smelting, beneficiation, reduction, refining, calcining or gasification of the mineral resource in which case activity 8 in Listing Notice 2 applies.
- 2) GNR 527 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 22:  
The decommissioning of any activity requiring a closure certificate in terms of section 43 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002).
- 3) GNR 527 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 23:  
The clearance of an area of 1 hectare or more, but less than 20 hectares of indigenous vegetation.
- 4) GNR 527 Environmental Impact Assessment Regulations Listing Notice 1 of 2014 Activity 28:  
Commercial and industrial developments where such land was used for agriculture or afforestation on or after 01 April 1998 and where such development will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.
- 5) GNR 527 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 34:  
The expansion of residential, retail, recreational, tourism, commercial or institutional developments on land previously used for mining or heavy industrial purposes, where the increased development footprint will exceed 1 000 square meters.

Interested and Affected Parties (I&AP's) are invited to provide written comments. I&AP's must provide their comments with their name and contact details to the environmental consultant indicated below within 30 days from the date of this notice (22 October 2018). Should additional information be required it can be obtained from Greenmined Environmental.

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state which have jurisdiction in respect of the activity will also be listed on the register. Please note that only registered I&AP's will be entitled to comment on reports and plans to be submitted to the Department, provided that the party provides its name, contact details and address and discloses any direct business, financial, personal or other interest which the party may have in the approval or refusal of the application. The registered I&AP's will, in writing, within 14 days of the date of the decision be notified of the outcome of the application including the reasons for the decision and the right to appeal.
