**LAND CLAIM ENQUIRIES: PORTION 4 OF THE FARM WAAI KRAAL NO. 120
DIVISION BEAUFORT WEST**

Thank you for your letter dated 23rd March 2026

We confirm that as at the date of this letter no land claims appear on our database of **PORTION 4 OF THE FARM WAAI KRAAL NO. 120 DIVISION BEAUFORT WEST**. This includes the database for claims lodged 31 December 1998 and those lodge between 1 July 2014 and 28 July 2016. Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that may be beyond the Commission's control, particularly relating to claims that have lodged but not yet been gazetted such as:

- Some Claimants referred to properties they claim dispossession of rights in land against using historical properties descriptions which may not match the current property description; and
- Some Claimants provided the geographic descriptions of the land they claim without mentioning the particular property they claim dispossession of rights in land against.
- The Commission can therefore not accept any liability whatsoever if through the process of further investigation of claims, it is found that there is in fact a land claim in respect of the above property.

If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description so to enable us to do a further search.

Kind Regards

Dr Wayne Alexander Chief Director:

NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) and the National Environmental Management Act, 1998 (act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations 2014 (as amended 2017) that Boeteka Doleriet (Pty) Ltd ("Applicant") intends to apply for:

- Environmental Authorization to mine gravel on a portion of Portion 4 of Farm Waai Kraal Nr 120, Magisterial District of Beaufort West, Western Cape province.
- A mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) to the Department of Mineral and Petroleum Resources.

The proposed mining area will be approximately 4.9 ha and will be developed over a partially disturbed area previously used for mining. The mining method will make use of blasting in order to loosen the hard rock; the material will then be loaded and hauled to the crushing plant where it will be screened to various sized stockpiles. The proposed quarry will therefore contribute to the upgrading / maintenance of road infrastructure and building contracts in and around the Beaufort West area.

All mining related activities will be contained within the approved mining permit boundaries. The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations 2014 (as amended) and therefore requires a basic assessment process to obtain environmental authorization:

- **GNR 983 Listing Notice 1 Activity 21:**

Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.
