Vind asseblief hierby aangeheg die Afrikaanse weergawe van die agtergrondinligting-dokument vir die Bongani Minerals (Pty) Ltd.

Die dokument is ook in isiXhosa vertaal. Ek het nie die isiXhosa weergawe in die epos ingesluit nie, om die grote van die email so klein moontlik te hou, maar laat weet my gerus indien u dit in isiXhosa ook verlang.

Subject: RE: Objection to Moutonshoek mining

Dear Mr Bakker

Greenmined Environmental (Pty) Ltd (hereinafter referred to as "Greenmined") would like to thank you for your interest and herewith acknowledge receipt of your objection dated 25 January 2019 with regards to the mining right application (WC 30/5/1/2/2/10110 MR) submitted on behalf of Bongani Minerals (Pty) Ltd.

Greenmined, on behalf of the applicant, registered you as an interested and affected party (I&AP) on the project, and will henceforth keep you posted on the progress of the Environmental Impact Assessment (EIA) process, as well as provide you with an opportunity to comment on the EIA documentation. Your concerns were noted, will be included in the Final Scoping Report and assessed in the Draft Environmental Impact Assessment Report. It will also be forwarded to the hydrologist and geohydrologist that forms part of the project team.

Please note that the Draft Scoping Report (DSR) in respect of the mining right application is now available for your perusal and comment.

Should you be interested in submitting comments, a copy of the DSR can be obtained from Greenmined, alternatively downloaded from the Greenmined website (www.greenmined.com).

A hard copy of the DSR is available at:

- Piketberg Public Library, 9A Kerk Street, Piketberg, and
- Redelinghuys Public Library, Voortrekker Street, Redelinghuys.

Please take notice further that there is a 30-day commenting period expiring on **12 February 2019** during which time you may submit your comments on the DSR. Your comments must be in writing and should include your contact details. Comments can be submitted via facsimile (086 546 0579), e-mail (christine.f@greenmined.co.za) and/or ordinary/registered mail (Postnet Suite 62, Private Bag X15, Somerset West, 7129).

We trust you will find this in order. Please do not hesitate to contact me in the event of any uncertainties.

Dear Christine

I am contacting you to register my extreme concern in the manner that you have contacted IAPs. As you have indicated in your draft report Banghoek Game Reserve is on of the identified IAPs in the area, yet no attempt has been made to source current contact details for the Reserve Body Corporate. To merely include a returned email as proof of an attempt to contact the BC does not to my mind constitute fulfilling your obligation to contact identified stakeholders. This email servers to advise you that I am the chairman of the BC for Banghoek, and all future communication to IAPs should be directed to me for distribution to the trustees and owners of Banghoek.

My objections to the development of a mine in the area

The damage to the natural and farming environment which will last forever despite any promises made by Bongani to restore the area when mining ends
The pollution of the Krom Antonies river with subsequent disastrous effects on farming in the area and on the water quality in Verlorenvlei
The loss of employment for the farm workers, many of whom are women. The mine will not employ these actual people and whole families will suffer.

Please note my objections

Good morning Christine

I wish to register as a concerned and interested person in the matter of the Bongani Mine at Moutonshoek, Piketberg area

Name Mrs V. Beutement

My objections to the development of a mine in the area

The damage to the natural and farming environment which will last forever despite any promises made by Bongani to restore the area when mining ends

The pollution of the Krom Antonies river with subsequent disastrous effects on farming in the area and on the water quality in Verlorenvlei

The loss of employment for the farm workers, many of whom are women. The mine will not employ these actual people and whole families will suffer.

Please note my objections

BONGANI MINERALS (PTY) LTD/ APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

- I,Robert Ernest Beckman....., the undersigned and in my capacity as owner..... of the institution known asDisa Lodge B+B Darling....., hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but are not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated Protected Environment, the intensive agricultural activities in the area, the hydrology and aquifers, and the Krom Antonies River and Verlorenvlei area in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically, the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors whom he represents.

Kind regards

Signed R.E. Beckman

Dear Mr Beckman

Greenmined Environmental (Pty) Ltd (hereinafter referred to as "Greenmined") would like to thank you for your interest and herewith acknowledge receipt of your objection dated 4 February 2019 with regards to the mining right application (WC 30/5/1/2/2/10110 MR) submitted on behalf of Bongani Minerals (Pty) Ltd.

Greenmined, on behalf of the applicant, registered you as an interested and affected party (I&AP) on the project, and will henceforth keep you posted on the progress of the Environmental Impact Assessment (EIA) process, as well as provide you with an opportunity to comment on the EIA documentation. Your concerns were noted, will be included in the Final Scoping Report and assessed in the Draft Environmental Impact Assessment Report. It will also be forwarded to the ecologist, hydrologist, geohydrologist and socio-economic specialist that forms part of the project team.

Please note that the Draft Scoping Report (DSR) in respect of the mining right application is now available for your perusal and comment.

Should you be interested in submitting comments, a copy of the DSR can be obtained from Greenmined, alternatively downloaded from the Greenmined website (www.greenmined.com).

A hard copy of the DSR is available at:

- Piketberg Public Library, 9A Kerk Street, Piketberg, and
- Redelinghuys Public Library, Voortrekker Street, Redelinghuys.

Please take notice further that there is a 30-day commenting period expiring on 12 February 2019 during which time you may submit your comments on the DSR. Your comments must be in writing and should include your contact details. Comments can be submitted via facsimile (086 546 0579), e-mail (christine.f@greenmined.co.za) and/or ordinary/registered mail (Postnet Suite 62, Private Bag X15, Somerset West, 7129).

We trust you will find this in order. Please do not hesitate to contact me in the event of any uncertainties.

Dear Christine

I should like to register as an interested and affected party with regard to the above.

Secondly, I should like to place on record my strongest objection to the proposed mining for tungsten and molybdenum.

A few years ago, Piketberg was targeted by Bongani Mining and at that time numerous objections were made and backed up with sound arguments for the case against prospecting and, ultimately, mining.

Piketberg is a successful farming area, providing employment, security and homes to hundreds of permanent and seasonal workers; farmers have invested heavily in infrastructure; and huge quantities of produce are supplied to both the local and foreign markets, in the case of the latter bringing desperately-needed foreign exchange in to the country. We understand that mining, if it happens, is unlikely to provide anything like the number of jobs and this in turn will only exacerbate the already high number of unemployed in the town, leading to misery, poverty and undoubtedly an increase in crime. And who will benefit? Just Bongani's shareholders.

At the time of Bongani's previous application, the Berg River Municipality heeded the wishes of its ratepayers and turned down the application. Nothing has changed since then. Let Bongani take their drilling rigs to an undeveloped area of the country, an area where they could do good by creating work where there is currently none, rather than bulldozing their way into an area where they will destroy lives and livelihoods for the enrichment of just a few.

Yours sincerely

Importance: High

Dear Mr. Koster and Ms. Fouche,

BirdLife South Africa would like to register as an Interested and Affected Party in response to the Proposed Riviera Tungsten Project in the Piketberg District of the Western Cape Province. We will be providing a response to the Scoping Report before the deadline.

In the meantime, could you please provide us with a copy of the Prospecting Right that you hold for the properties and records of the Public Participation process that was followed in the process of being granted the Prospecting Right? It is apparent that BirdLife South Africa and other significant conservation role players who have an interest in the area were not consulted in this process, and your public participation records should confirm or refute this.

Many thanks,

Jonathan Booth

Hi Mark, Rob and Christine,

Yes, we're well aware of this and will be objecting to it and are in discussions with other NGOs with the view of forming a coalition against this mining application. I have also asked Christine and the applicant, Bongani Minerals, for a copy of the Prospecting Right which they hold as well as a record of the public participation process that took place prior to the Right being awarded. The circumstances under which the Prospecting Right was awarded are unclear and we believe that there may be significant procedural issues here which, if it is shown to be the case, will deem this Mining Right application to be procedurally flawed.

Christine: will you please respond to my prior email (attached for your convenience) as a matter of urgency.

Hi All

There is a new drive to get the proposed tungsten mine off the ground again in the Moutonshoek Valley upstream of Velerenvlei, This is the large vlei that is just inland of Elands Bay. The environmental ramifications of a large open cast mine on the surrounding area could potentially be huge. For background, the Moutonshoek Valley is the main part of the catchment that feeds the Velerenvlei river running right past Redelinghuys, which in turn flows into Velerenvlei, with the mouth draining straight into the lineup at Elands Bay, and helping to create that epic section at the bottom of the point!

Since you have all experienced the beauty of Redelinghuys and/or Elands Bay, I am appealing to you all to sign against this in the document attached. It is a one pager and won't take a moment. Please return to **Christine Fouche at christine.f@greenmined.co.za and copy in verlorenvlei2019@gmail.com so that we have a record of your email on this group.**

It would be catastrophic for this to go ahead. Our objections must all be in by 5th February so please address asap.

I have attached a M&G newspaper article dating back to 2011 to give you some background.

Thanks for your help and time. Please forward on to anyone else that you think you be interested

Regards

Case

Dear Mr Booth

Greenmined Environmental (Pty) Ltd (hereinafter referred to as "Greenmined") herewith acknowledge receipt of your email dated 18 January 2019 to which your email dated 14 January 2019 was attached. Please note that due to a spelling mistake in the email address your first email (14 January 2019) did not reach me, and therefore we could not respond to your request.

Greenmined, on behalf of the applicant, registered Birdlife South Africa as an interested and affected party (I&AP) on the project, and will henceforth keep you posted on the progress of the Environmental Impact Assessment (EIA) process, as well as provide you with an opportunity to comment on the EIA documentation. As you are aware the draft scoping report is currently available for perusal and commenting.

Attached hereto please find a copy of the prospecting right (PR) held by Bongani Minerals (Pty) Ltd. As to your request for the records of the public participation process that was followed in the process of being granted the prospecting right, Greenmined can unfortunately not assist as the application was handled by Withers Environmental (Pty) Ltd, and Greenmined was not involved. A copy of this information can be requested from the prospecting right holder (Bongani Minerals (Pty) Ltd) copied into this email.

Dear Mr Anderson

The below email received from Dr Little has reference.

Dr Little requested that you be informed of the mining right application submitted by Bongani Minerals (Pty) Ltd over Portion 1 of Farm 297, Portion 6 (Remaining Extent) of Namaquasfontein 76, and Portion 21 of Namaquasfontein 76 within the Piketberg area.

Attached to this email please find the background information document and related project map.

Please note that the Draft Scoping Report (DSR) in respect of the mining right application is also available for your perusal and comment.

Should you be interested in submitting comments, a copy of the DSR can be obtained from Greenmined, alternatively downloaded from the Greenmined website (www.greenmined.com).

A hard copy of the DSR is available at:

- Piketberg Public Library, 9A Kerk Street, Piketberg, and
- Redelinghuys Public Library, Voortrekker Street, Redelinghuys.

Please take notice further that there is a 30-day commenting period expiring on **12 February 2019** during which time you may submit your comments on the DSR. Your comments must be in writing and should include your contact details. Comments can be submitted via facsimile (086 546 0579), e-mail (christine.f@greenmined.co.za) and/or ordinary/registered mail (Postnet Suite 62, Private Bag X15, Somerset West, 7129).

We trust you will find this in order. Please do not hesitate to contact me in the event of any uncertainties.

Subject: Fwd: Moutonshoek and the Verlorenvlei once again under threat

Hi All

There is a new drive to get the proposed tungsten mine off the ground again in the Moutonshoek Valley upstream of Velerenvlei, This is the large vlei that is just inland of Elands Bay. The environmental ramifications of a large open cast mine on the surrounding area could potentially be huge. For background, the Moutonshoek Valley is the main part of the catchment that feeds the Velerenvlei river running right past Redelinghuys, which in turn flows into Velerenvlei, with the mouth draining straight into the lineup at Elands Bay, and helping to create that epic section at the bottom of the point!

Since you have all experienced the beauty of Redelinghuys and/or Elands Bay, I am appealing to you all to sign against this in the document attached. It is a one pager and won't take a moment. Please return to **Christine Fouche at christine.f@greenmined.co.za and copy in verlorenvlei2019@gmail.com so that we have a record of your email on this group.**

It would be catastrophic for this to go ahead. Our objections must all be in by 5th February so please address asap.

I have attached a M&G newspaper article dating back to 2011 to give you some background.

Thanks for your help and time. Please forward on to anyone else that you think you be interested

Regards
Case

BONGANI MINERALS (PTY) LTD// AANSOEK VIR 'N MYNREG IN TERME VAN ARTIKEL 22 VAN DIE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002. OM VIR TUNGSTEN EN MOLYBDENUM TE MYN OP GEDEELTE 21 VAN DIE PLAAS NAMAQUASFONTEIN 76; DIE OORBLYWENDE GEDEELTE VAN GEDEELTE 6 VAN DIE PLAAS NAMAQUASFONTEIN 76; EN GEDEELTE 1 VAN DIE PLAAS NAMAQUASFONTEIN 297 IN DIE DISTRIK VAN DIE MUNISIPALITEIT VAN PIKETBERG

Ek, Karen Bleeker, die ondergetekende en in my hoedanigheid as die eienaar/okkupeerder/ inwoner van die eiendom bekend as Anarethalan 4, Port Owen, Veldkloof, wil hiermee my sterkste beswaar aanteken teen bogenoemde aansoek en dring ek daarop aan om as geïnteresseerde en geaffekteerde persoon geregistreer te word.

Die redes vir my beswaar sluit in, maar is nie beperk daartoe nie, die feit dat enige mynboubedrywighede 'n uiters negatiewe en onomkeerbare nadelige uitwerking sal hê op die wetlik Beskermd Omgewing, die aktiewe landboubedrywighede, die watervoorsiening en die ondergrondse damme en die Krom Antoniesrivier en Verlorenvlei areas in die algemeen.

Dit is my versoek dat die betrokke staatsinstelling die aansoek sal afkeur vir die volgende redes-

- die negatiewe en nadelige impakte wat die beoogde mynboubedrywighede sal hê op die hele gebied, wat betref die omgewing, die sosio-ekonomiese omstandighede, watervoorsiening aan die area en die landbou in die algemeen;
- die feit dat dit nie enigsins moontlik sal wees om die negatiewe en nadelige gevolge te voorkom of te bekamp nie;
- die feit dat geen voorgestelde rehabilitasie die verval van die omgewing sal kan voorkom nie, nog minder om dit te herstel na dieselfde toestand wat dit was voor enige mynboubedrywighede; en
- die ongewenstheid van enige mynboubedrywighede in die gebiede.

Ek is daarvan bewus dat Adv Martin Coetzee 'n formele beswaar teen die aansoek om 'n mynreg en omgewingsgoedkeuring gaan indien en ek het aan hom volmag verleen om sodanige besware ook namens my in te dien en my in te sluit by die lys van beswaarmakers wat hy verteenwoordig.

BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, Eugene Frank Freeman, the undersigned and in my capacity as owner of the institution known as Boland Stud, hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but are not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated Protected Environment, the intensive agricultural activities in the area, the hydrology and aquifers, and the Krom Antonies River and Verlorenvlei area in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors whom he represents.

Kind regards

Dear Mr Boonzaaier

Greenmined Environmental (Pty) Ltd (hereinafter referred to as "Greenmined") would like to thank you for your interest and herewith acknowledge receipt of your objection dated 4 February 2019 with regards to the mining right application (WC 30/5/1/2/2/10110 MR) submitted on behalf of Bongani Minerals (Pty) Ltd.

Greenmined, on behalf of the applicant, registered you as an interested and affected party (I&AP) on the project, and will henceforth keep you posted on the progress of the Environmental Impact Assessment (EIA) process, as well as provide you with an opportunity to comment on the EIA documentation. Your concerns were noted, will be included in the Final Scoping Report and assessed in the Draft Environmental Impact Assessment Report. It will also be forwarded to the socio-economic specialist and ecologist that forms part of the project team.

Please note that the Draft Scoping Report (DSR) in respect of the mining right application is now available for your perusal and comment.

Should you be interested in submitting comments, a copy of the DSR can be obtained from Greenmined, alternatively downloaded from the Greenmined website (www.greenmined.com).

A hard copy of the DSR is available at:

- Piketberg Public Library, 9A Kerk Street, Piketberg, and
- Redelinghuys Public Library, Voortrekker Street, Redelinghuys.

Please take notice further that there is a 30-day commenting period expiring on **12 February 2019** during which time you may submit your comments on the DSR. Your comments must be in writing and should include your contact details. Comments can be submitted via facsimile (086 546 0579), e-mail (christine.f@greenmined.co.za) and/or ordinary/registered mail (Postnet Suite 62, Private Bag X15, Somerset West, 7129).

We trust you will find this in order. Please do not hesitate to contact me in the event of any uncertainties.

Dear Friend,

We have received an application from Greenmined Environmental Consultants, on behalf of Bongani Minerals (Pty) Ltd, to mine tungsten in an open cast pit in the Moutonshoek Valley where the head waters of the Krom Antonies River rise. This follows an earlier application in 2009 which was strongly resisted by a concerted action by interested people.

KROM ANTONIES RIVER

This river is part of the water catchment which supports all livelihoods in the Verloren Vallei and is the lifeblood of the beleaguered Verlorenvlei. This specifically includes the towns of Redelinghuys and Elands bay. All the people of Moutonshoek, Piketberg, Redelinghuys, Elands Bay and surrounds face the threat of lack of water, future poisoned air, contaminated water and an unliveable environment.

We won the battle last time simply because so many voiced their outrage at a clear intention to plunder this precious landscape no matter the ultimate cost.

If you have the interests of this valley and the vlei at heart, please register as an Interested and Affected Party (IAP) by 5th February at the latest.

The 2 page BONGANI I&P Form which can be completed via Adobe is attached.

The Background Information Document (BID) document is a large document and will be forwarded to you on request (in English), for reference.

Please send the form to Christine Fouche at christine.f@greenmined.co.za

An Afrikaans version can be requested from her by email or on +27 60 785 2780

So that we can keep you posted please copy your email to verlorenvlei2019@gmail.com

The previous opposition was fronted by the Verlorenvlei Coalition which was convened after a meeting of concerned people. This will be revived. We are assuming that all previous members will sign up once more. New applicants are very welcome. Please indicate you wish to be included by mailing verlorenvlei2019@gmail.com. Please also forgive us should you already have received similar requests. We are more concerned that we reach as wide a group of interested persons as possible.

Please also forward this mail to anyone who you know who has an interest in the well-being of the Verlorenvlei Valley.

Dear Mr Botha

Greenmined Environmental (Pty) Ltd (hereinafter referred to as "Greenmined") would like to thank you for your interest and herewith acknowledge receipt of your objection dated 18 January 2019 with regards to the mining right application (WC 30/5/1/2/2/10110 MR) submitted on behalf of Bongani Minerals (Pty) Ltd.

Greenmined, on behalf of the applicant, registered you as an interested and affected party (I&AP) on the project, and will henceforth keep you posted on the progress of the Environmental Impact Assessment (EIA) process, as well as provide you with an opportunity to comment on the EIA documentation. Your concerns were noted, will be included in the Final Scoping Report and assessed in the Draft Environmental Impact Assessment Report. It will also be forwarded to the ecologist, hydrologist and geohydrologist that forms part of the project team.

Please note that the Draft Scoping Report (DSR) in respect of the mining right application is now available for your perusal and comment.

Should you be interested in submitting comments, a copy of the DSR can be obtained from Greenmined, alternatively downloaded from the Greenmined website (www.greenmined.com).

A hard copy of the DSR is available at:

- Piketberg Public Library, 9A Kerk Street, Piketberg, and
- Redelinghuys Public Library, Voortrekker Street, Redelinghuys.

Please take notice further that there is a 30-day commenting period expiring on 12 February 2019 during which time you may submit your comments on the DSR. Your comments must be in writing and should include your contact details. Comments can be submitted via facsimile (086 546 0579), e-mail (christine.f@greenmined.co.za) and/or ordinary/registered mail (Postnet Suite 62, Private Bag X15, Somerset West, 7129).

We trust you will find this in order. Please do not hesitate to contact me in the event of any uncertainties.

Kind Regards/Vriendelike Groete

Beste Christine

Hiermee registreer ek graag myself as 'n uiters bekommerde entiteit wat betref die beplande oprigting van bg myn. Vir verskeie redes is ek 'n ge-afekteerde wat geraak sal word indien daar voortgegaan sal word met die oprigting hiervan. Ek verwys ook graag na die berigte wat ook reeds hieroor in die koerant, **Die Burger**, verskyn het.

Ek verneem graag u reaksie hierop asook verdere stappe waarop ek geregtig is.

Greenmined Environmental (Pty) Ltd (hierna genoem "Greenmined") bedank u vir u deelname, en erken hiermee ontvangs van u skrywe, soos ontvang op 4 Februarie 2019, ten opsigte van die mynreg aansoek wat namens Bongani Minerals (Edms) Bpk ingedien is (WC30/5/1/2/2/10110MR).

Greenmined het u as 'n belanghebbende en geaffekteerde party (B&GP) op die projek geregistreer en sal u voortaan op hoogte hou van die vordering van die omgewingsinvloedbepalingsproses (OIB), u sal ook die geleentheid gebied word om kommentaar te lewer op die OIB-dokumentasie. Ons neem kennis van u besware, sal dit insluit in die Finale Omvangbepalingsverslag en evalueer in die Konsep Omgewingsinvloedbepalingsverslag.

Neem asb kennis dat die Konsep Omvangbepalingsverslag (KOV) ten opsigte van die mynreg aansoek nou beskikbaar is vir u insae en kommentaar.

Indien u belangstel om kommentaar te lewer, kan u 'n afskrif van die KOV verkry vanaf Greenmined Environmental, of alternatiewelik aflaai van die Greenmined-webwerf (www.greenmined.com).

'n Harde kopie van die KOV is beskikbaar by:

- Piketberg Openbare Biblioteek, Kerkstraat 9A, Piketberg, en
- Redelinghuys Openbare Biblioteek, Voortrekkerstraat, Redelinghuys.

Neem asseblief kennis dat daar 'n kommentaarperiode van 30 dae is wat op 12 Februarie 2019 verval en in watter tyd u kommentaar kan lewer. U kommentaar moet skriftelik wees en u kontakbesonderhede insluit. Kommentaar kan per faksimilee (086 546 0579), e-pos (christine.f@greenmined.co.za) en/of gewone/geregistreerde pos (Postnet Suite 62, Privaatsak X15, Somerset Wes, 7129) gelewer word.

BONGANI MINERALS (PTY) LTD// AANSOEK VIR 'N MYNREG IN TERME VAN ARTIKEL 22 VAN DIE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002. OM VIR TUNGSTEN EN MOLYBDENUM TE MYN OP GEDEELTE 21 VAN DIE PLAAS NAMAQUASFONTEIN 76; DIE OORBLYWENDE GEDEELTE VAN GEDEELTE 6 VAN DIE PLAAS NAMAQUASFONTEIN 76; EN GEDEELTE 1 VAN DIE PLAAS NAMAQUASFONTEIN 297 IN DIE DISTRIK VAN DIE MUNISIPALITEIT VAN PIKETBERG

Ek, Johann Botha....., die ondergetekende en in my hoedanigheid as die eienaar/~~okkuperder~~/ inwoner van die eiendom bekend as Westestraat 25, Dwarskersbos....., wil hiermee my sterkste beswaar aanteken teen bogenoemde aansoek en dring ek daarop aan om as geïnteresseerde en geaffekteerde persoon geregistreer te word.

Die redes vir my beswaar sluit in, maar is nie beperk daartoe nie, die feit dat enige mynboubedrywighede 'n uiters negatiewe en onomkeerbare nadelige uitwerking sal hê op die wetlik Beskermd Omgewing, die aktiewe landboubedrywighede, die watervoorsiening en die ondergrondse damme en die Krom Antoniesrivier en Verlorenvlei areas in die algemeen.

Dit is my versoek dat die betrokke staatsinstelling die aansoek sal afkeur vir die volgende redes-

- die negatiewe en nadelige impakte wat die beoogde mynboubedrywighede sal hê op die hele gebied, wat betref die omgewing, die sosio-ekonomiese omstandighede, watervoorsiening aan die area en die landbou in die algemeen;
- die feit dat dit nie enigsins moontlik sal wees om die negatiewe en nadelige gevolge te voorkom of te bekamp nie;
- die feit dat geen voorgestelde rehabilitasie die verval van die omgewing sal kan voorkom nie, nog minder om dit te herstel na dieselfde toestand wat dit was voor enige mynboubedrywighede; en
- die ongewenstheid van enige mynboubedrywighede in die gebiede.

Ek is daarvan bewus dat Adv Martin Coetzee 'n formele beswaar teen die aansoek om 'n mynreg en omgewingsgoedkeuring gaan indien en ek het aan hom volmag verleen om sodanige besware ook namens my in te dien en my in te sluit by die lys van beswaarmakers wat hy verteenwoordig.

Die uwe,

CC: Adv Coetzee marcec@mweb.co.za

Dear Me Hollander

Greenmined Environmental (Pty) Ltd herewith acknowledge receipt of the objections dated 5 February 2019 with regards to the mining right application (WC 30/5/1/2/2/10110 MR) submitted on behalf of Bongani Minerals (Pty) Ltd.

Greenmined, on behalf of the applicant, registered the following persons as interested and affected party (I&AP) on the project:

1. Sandra Barbosa
2. John Zein
3. Gert Johannes Jordaan
4. Juliet De Broize
5. D Hechter
6. Mildred Hugo
7. Emily Mofokeng
8. Marelize Bothma
9. Herman Claassen
10. Dillen Bothma
11. Pieter Bothma

, and will henceforth keep all of you posted on the progress of the Environmental Impact Assessment (EIA) process, as well as provide everyone with an opportunity to comment on the EIA documentation. The concerns were noted, will be included in the Final Scoping Report and assessed in the Draft Environmental Impact Assessment Report. It will also be forwarded to the specialists that forms part of the project team.

Please note that the Draft Scoping Report (DSR) in respect of the mining right application is available for perusal and commenting.

Should anyone be interested in submitting comments, a copy of the DSR can be obtained from Greenmined, alternatively downloaded from the Greenmined website (www.greenmined.com).

A hard copy of the DSR is available at:

- Piketberg Public Library, 9A Kerk Street, Piketberg, and
- Redelinghuys Public Library, Voortrekker Street, Redelinghuys.

Please take notice further that there is a 30-day commenting period expiring on **12 February 2019** during which time you may submit your comments on the DSR. The comments must be in writing and should include your contact details. Comments can be submitted via facsimile (086 546 0579), e-mail (christine.f@greenmined.co.za) and/or ordinary/registered mail (Postnet Suite 62, Private Bag X15, Somerset West, 7129).

We trust you will find this in order. Please do not hesitate to contact me in the event of any uncertainties.

Kind Regards/Vriendelike Groete
Ms Christine Fouche

BONGANI MINERALS (PTY) LTD// AANSOEK VIR 'N MYNREG IN TERME VAN ARTIKEL 22 VAN DIE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002. OM VIR TUNGSTEN EN MOLYBDENUM TE MYN OP GEDEELTE 21 VAN DIE PLAAS NAMAQUASFONTEIN 76; DIE OORBLYWENDE GEDEELTE VAN GEDEELTE 6 VAN DIE PLAAS NAMAQUASFONTEIN 76; EN GEDEELTE 1 VAN DIE PLAAS NAMAQUASFONTEIN 297 IN DIE DISTRIK VAN DIE MUNISIPALITEIT VAN PIKETBERG

Ek, JACOBUS THEUNIS BRIERS BRINK, die ondergetekende en in my hoedanigheid as die eienaar/okkupeerder/ inwoner van die eiendom bekend as MAVASTRAAT 2, DWARS KERSBOS, wil hiermee my sterkste beswaar aanteken teen bogenoemde aansoek en dring ek daarop aan om as geïnteresseerde en geaffekteerde persoon geregistreer te word.

Die redes vir my beswaar sluit in, maar is nie beperk daartoe nie, die feit dat enige mynboubedrywighede 'n uiters negatiewe en onomkeerbare nadelige uitwerking sal hê op die wetlik Beskermd Omgewing, die aktiewe landboubedrywighede, die watervoorsiening en die ondergrondse damme en die Krom Antoniesrivier en Verlorenvlei areas in die algemeen.

Dit is my versoek dat die betrokke staatsinstelling die aansoek sal afkeur vir die volgende redes-

- die negatiewe en nadelige impakte wat die beoogde mynboubedrywighede sal hê op die hele gebied, wat betref die omgewing, die sosio-ekonomiese omstandighede, watervoorsiening aan die area en die landbou in die algemeen;
- die feit dat dit nie enigsins moontlik sal wees om die negatiewe en nadelige gevolge te voorkom of te bekamp nie;
- die feit dat geen voorgestelde rehabilitasie die verval van die omgewing sal kan voorkom nie, nog minder om dit te herstel na dieselfde toestand wat dit was voor enige mynboubedrywighede; en
- die ongewenstheid van enige mynboubedrywighede in die gebiede.

Ek is daarvan bewus dat Adv Martin Coetzee 'n formele beswaar teen die aansoek om 'n mynreg en omgewingsgoedkeuring gaan indien en ek het aan hom volmag verleen om sodanige besware ook namens my in te dien en my in te sluit by die lys van beswaarmakers wat hy verteenwoordig.

Beste Mnr Brink

Greenmined Environmental (Pty) Ltd (hierna genoem "Greenmined") bedank u vir u deelname, en erken hiermee ontvangs van u skrywe, soos ontvang op 4 Februarie 2019, ten opsigte van die mynreg aansoek wat namens Bongani Minerals (Edms) Bpk ingedien is (WC30/5/1/2/2/10110MR).

Greenmined het u en Me CM Brink as belanghebbende en geaffekteerde partye (B&GP) op die projek geregistreer en sal u voortaan op hoogte hou van die vordering van die omgewingsinvloedbepalingsproses (OIB), u sal ook die geleentheid gebied word om kommentaar te lewer op die OIB-dokumentasie. Ons neem kennis van u besware, sal dit insluit in die Finale Omvangbepalingsverslag en evalueer in die Konsep Omgewingsinvloedbepalingsverslag. U kommentaar sal ook aangestuur word na die ekoloog, hidroloog, grondwater spesialis en sosio-ekonomiese spesialis wat deel uitmaak van die projekspan.

Neem asb kennis dat die Konsep Omvangbepalingsverslag (KOV) ten opsigte van die mynreg aansoek nou beskikbaar is vir u insae en kommentaar.

Indien u belangstel om kommentaar te lewer, kan u 'n afskrif van die KOV verkry vanaf Greenmined Environmental, of alternatiewelik aflaai van die Greenmined-webwerf (www.greenmined.com).

'n Harde kopie van die KOV is beskikbaar by:

- Piketberg Openbare Biblioteek, Kerkstraat 9A, Piketberg, en
- Redelinghuys Openbare Biblioteek, Voortrekkerstraat, Redelinghuys.

Neem asseblief kennis dat daar 'n kommentaarperiode van 30 dae is wat op 12 Februarie 2019 verval en in watter tyd u kommentaar kan lewer. U kommentaar moet skriftelik wees en u kontakbesonderhede insluit. Kommentaar kan per faksimilee (086 546 0579), e-pos (christine.f@greenmined.co.za) en/of gewone/geregistreeerde pos (Postnet Suite 62, Privaatsak X15, Somerset Wes, 7129) gelewer word.

Comments:

Requesting detailed, additional information regarding the extent of the two Critically Endangered vegetation types, the one Endangered vegetation type and the two Vulnerable vegetation types that will be lost on the proposed site.

Concerns: No mention is made of mitigation regarding the irreversible loss of red listed vegetation types and associated red listed plant species.

Consideration given to the following options:

https://www.environment.gov.za/sites/default/files/legislations/nema107of1998_draftnationalbiodiversityoffsetpolicy_gn40733_0.pdf

Final comment: at some point in time the use of tungsten will become redundant but will have cost South Africa the loss of vegetation types and plant species that are irreplaceable. In the landscape of agriculture and development every effort must now be made to preserve our natural heritage.

Concerns: related to the irreversible loss of plant species and of habitat where very small % to almost none are currently protected.

Critically Endangered (2012) Swartland Shale Renosterveld (FRs 9)

Listed under criteria A1 (Irreversible loss of natural habitat) and D1 (Threatened plant species associations)

Original area of ecosystem 495 000 ha

Remaining natural area of ecosystem (%) 8%

Proportion of ecosystem protected less than 1% of original area

Known number of species of special concern 151 Red Data plant species (EX, EW, CR, EN & VU excl VU D2) and 35 endemic plant species

Critically Endangered (2012) Cape Lowland Alluvial Vegetation (Aza 2)

Listed under criteria A1 (Irreversible loss of natural habitat)

Original area of ecosystem 36 000 ha

Remaining natural area of ecosystem (%) 33%

Proportion of ecosystem protected 1 % of original area

Known number of species of special concern 10 Red Listed plant species (EX, EW, CR, EN & VU excl VU D2)

Endangered (2012) Leipoldtville Sand Fynbos (FFd 2)

Listed under criteria A1 (Irreversible loss of natural habitat) and D1 (Threatened plant species associations)

Original area of ecosystem 276 000 ha

Remaining natural area of ecosystem (%) 47%

Proportion of ecosystem protected 0% of original area

Known number of species of special concern 45 Red Data plant species (EX, EW, CR, EN & VU Excl VU D2) and 33 endemic plant species

Vulnerable (2012) Piketberg Sandstone Fynbos (FFs 6)

Listed under Criterion D1 (Threatened plant species associations)

Original area of ecosystem 46 000 ha

Remaining natural area of ecosystem (%) 87%

Proportion of ecosystem protected 0% of original area

Known number of species of special concern 41 Red Data plant species (EX, EW, CR, EN & VU excl VU D2) and 39 endemic plant species.

The ecosystem is not protected but 4% is found in private nature reserves.

Vulnerable Piketberg Quartz Succulent Shrubland (SKk 8)

Listed under Criterion C (Limited extent and imminent threat)

Original area of ecosystem 200 ha

Remaining natural area of ecosystem (%) 60%

Proportion of ecosystem protected 0% of original area

Known number of species of special concern 4 endemic plant species

Dear Mr Bullard

Greenmined Environmental (Pty) Ltd (hereinafter referred to as "Greenmined") would like to thank you for your interest and herewith acknowledge receipt of your objection dated 30 January 2019 with regards to the mining right application (WC 30/5/1/2/2/10110 MR) submitted on behalf of Bongani Minerals (Pty) Ltd.

Greenmined, on behalf of the applicant, registered you as an interested and affected party (I&AP) on the project, and will henceforth keep you posted on the progress of the Environmental Impact Assessment (EIA) process, as well as provide you with an opportunity to comment on the EIA documentation. Your concerns were noted, will be included in the Final Scoping Report and assessed in the Draft Environmental Impact Assessment Report. Your comments will also be forwarded to the ecologist, socio-economic specialist, and hydrologist that forms part of the project team.

Please note that the Draft Scoping Report (DSR) in respect of the mining right application is now available for your perusal and comment.

Should you be interested in submitting comments, a copy of the DSR can be obtained from Greenmined, alternatively downloaded from the Greenmined website (www.greenmined.com).

A hard copy of the DSR is available at:

- Piketberg Public Library, 9A Kerk Street, Piketberg, and
- Redelinghuys Public Library, Voortrekker Street, Redelinghuys.
