Objection to the Proposed Bongani Minerals Tungsten and Molybdenum Mine Application.

The Verlorenvlei is an Internationally recognised Ramsar Site, proclaimed to stem the loss of wetlands and to ensure their conservation. Considering the severe drought this country is experiencing at present, every effort should be made to ensure that this wetland is preserved.

The proposed mine is to be situated in the very heart of the catchment area of the Verlorenvlei, and will have serious consequences for this very fragile ecosystem, impacting the lives of the already stressed local communities , as well as the fauna and flora.

BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, BRENDON GIDEON FOURIE....., the undersigned and in my capacity as OWNER..... of the institution known as DISTINCTION BUILDING CONTRACTORS PTY LTD, hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but are not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated Protected Environment, the intensive agricultural activities in the area, the hydrology and aquifers, and the Krom Antonies River and Verlorenvlei area in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors whom he represents.

Kind regards

BONGANI MINERALS (PTY) LTD// AANSOEK VIR 'N MYNREG IN TERME VAN ARTIKEL 22 VAN DIE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002. OM VIR TUNGSTEN EN MOLYBDENUM TE MYN OP GEDEELTE 21 VAN DIE PLAAS NAMAQUASFONTEIN 76; DIE OORBLYWENDE GEDEELTE VAN GEDEELTE 6 VAN DIE PLAAS NAMAQUASFONTEIN 76; EN GEDEELTE 1 VAN DIE PLAAS NAMAQUASFONTEIN 297 IN DIE DISTRIK VAN DIE MUNISIPALITEIT VAN PIKETBERG

Ek, CARL CEDRIK FONDE, die ondergetekende en in my hoedanigheid as die eienaar/okkupeerder/ inwoner van die eiendom bekend as MOUTONSBOEK, wil hiermee my sterkste beswaar aanteken teen bogenoemde aansoek en dring ek daarop aan om as geïnteresseerde en geaffekteerde persoon geregistreer te word.

Die redes vir my beswaar sluit in, maar is nie beperk daartoe nie, die feit dat enige mynboubedrywighede 'n uiters negatiewe en onomkeerbare nadelige uitwerking sal hê op die wetlik Beskermd Omgewing, die aktiewe landboubedrywighede, die watervoorsiening en die ondergrondse damme en die Krom Antoniesrivier en Verlorenvlei areas in die algemeen.

Dit is my versoek dat die betrokke staatsinstelling die aansoek sal afkeur vir die volgende redes-

- die negatiewe en nadelige impakte wat die beoogde mynboubedrywighede sal hê op die hele gebied, wat betref die omgewing, die sosio-ekonomiese omstandighede, watervoorsiening aan die area en die landbou in die algemeen;
- die feit dat dit nie enigsins moontlik sal wees om die negatiewe en nadelige gevolge te voorkom of te bekamp nie;
- die feit dat geen voorgestelde rehabilitasie die verval van die omgewing sal kan voorkom nie, nog minder om dit te herstel na dieselfde toestand wat dit was voor enige mynboubedrywighede; en
- die ongewenstheid van enige mynboubedrywighede in die gebiede.

Ek is daarvan bewus dat Adv. Martin Coetzee 'n formele beswaar teen die aansoek om 'n mynreg en omgewingsgoedkeuring gaan indien en ek het aan hom volmag verleen om sodanige besware ook namens my in te dien en my in te sluit by die lys van beswaarmakers wat hy verteenwoordig.

BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, **Martinus Fredericks.**, the undersigned and in my capacity as **Paramount Chief and Chairperson.** of the institution known as **!Aman Traditional authority (Previously known as Amaquas of the West Coast)**, hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but are not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated Protected Environment, the intensive agricultural activities in the area, the hydrology and aquifers, and the Krom Antonies River and Verlorenvlei area in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors whom he represents.

Kind regards

Paramount Chief Martinus Fredericks_
