BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, Andrew Kellett, the undersigned and representing GRAVITY SEA KAYAKING, hereby record my strongest objections against the above application, and I insist on being registered as an interested and affected person.

My reasons for the objection include, but are not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated Protected Environment, the intensive agricultural activities in the area, the hydrology and aquifers, and the Krom Antonies River and Verlorenvlei area in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors whom he represents.

I would also like to object about the public consultation process – it has not been properly done. The community has not been properly educated or consulted about the implications of this mine and neither has the broader public, who are all custodians of our shared natural resources.

Kind regards

CC: Adv M Coetzee marcec@mweb.co.za

Hello Sonette/Christine

Please register me as an I&AP. Details as below:

Name: Malie Grütter
Organisation: Verlorenvlei Coalition/Private
Interest: Conservation of water sources and Protected Natural Environment, protection of local livelihoods and way of life

I DO OBJECT in the strongest terms to the proposed mining application.

Additional information:

Both the BID and the DSR are almost entirely silent on the structure and competence of the Applicant, Bongani Minerals. Please provide details of the stakeholdership in this entity, a comprehensive and well supported explanation of the company's competence to exercise mining operations, as well as a copy of the relevant Prospecting Right that is said to have lapsed in December 2018.

Please also confirm or deny whether Phemelo Sehunelo still has an interest in Bongani Minerals and provide clarification of the Regional Manager of DMR in Western Cape (Ms Duduzile Kunene)'s personal relationship (past or present) with the applicant/s (in particular with Mr Sehunelo).

Many thanks
