BONGANI MINERALS (PTY) LTD// AANSOEK VIR 'N MYNREG IN TERME VAN ARTIKEL 22 VAN DIE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002. OM VIR TUNGSTEN EN MOLYBDENUM TE MYN OP GEDEELTE 21 VAN DIE PLAAS NAMAQUASFONTEIN 76; DIE OORBLYWENDE GEDEELTE VAN GEDEELTE 6 VAN DIE PLAAS NAMAQUASFONTEIN 76; EN GEDEELTE 1 VAN DIE PLAAS NAMAQUASFONTEIN 297 IN DIE DISTRIK VAN DIE MUNISIPALITEIT VAN PIKETBERG

Ek, ABRAHAM JOHANNES HANEKOM, die ondergetekende en in my hoedanigheid as die eienaar/okkupeerder/ inwoner van die eiendom bekend as EENBOOM., wil hiermee my sterkste beswaar aanteken teen bogenoemde aansoek en dring ek daarop aan om as geïnteresseerde en geaffekteerde persoon geregistreer te word.

Die redes vir my beswaar sluit in, maar is nie beperk daartoe nie, die feit dat enige mynboubedrywighede 'n uiters negatiewe en onomkeerbare nadelige uitwerking sal hê op die wetlik Beskernde Omgewing, die aktiewe landboubedrywighede, die watervoorsiening en die ondergrondse damme en die Krom Antoniesrivier en Vertorenvlei areas in die algemeen.

Dit is my versoek dat die betrokke staatsinstelling die aansoek sal afkeur vir die volgende redes-

- die negatiewe en nadelige impakte wat die beoogde mynboubedrywighede sal hê op die hele gebied, wat betref die omgewing, die sosio-ekonomiese omstandighede, watervoorsiening aan die area en die landbou in die algemeen;
- die feit dat dit nie enigsins moontlik sal wees om die negatiewe en nadelige gevolge te voorkom of te bekamp nie;
- die feit dat geen voorgestelde rehabilitasie die verval van die omgewing sal kan voorkom nie, nog minder om dit te herstel na dieselfde toestand wat dit was voor enige mynboubedrywighede; en
- die ongewenstheid van enige mynboubedrywighede in die gebiede.

Ek is daarvan bewus dat Adv Martin Coetzee 'n formele beswaar teen die aansoek om 'n mynreg en omgewingsgoedkeuring gaan indien en ek het aan hom volmag verleen om sodanige besware ook namens my in te dien en my in te sluit by die lys van beswaarmakers wat hy verteenwoordig.

BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, Karen Dendré Harrison, the undersigned and in my capacity as Sole Proprietor of the institution known as Indeqo Consulting, hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but are not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated Protected Environment, the intensive agricultural activities in the area, the hydrology and aquifers, and the Krom Antonies River and Verlorenvlei area in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors whom he represents.

Kind regards

KDHarrison

BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, Carla Hawkins the undersigned and in my capacity as Director of the institution known as TESTALONGA pty ltd hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but are not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated Protected Environment, the intensive agricultural activities in the area, the hydrology and aquifers, and the Krom Antonies River and Verlorenvlei area in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors whom he represents.

Kind regards

BONGANI MINERALS (PTY) LTD// AANSOEK VIR 'N MYNREG IN TERME VAN ARTIKEL 22 VAN DIE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002. OM VIR TUNGSTEN EN MOLYBDENUM TE MYN OP GEDEELTE 21 VAN DIE PLAAS NAMAQUASFONTEIN 76; DIE OORBLYWENDE GEDEELTE VAN GEDEELTE 6 VAN DIE PLAAS NAMAQUASFONTEIN 76; EN GEDEELTE 1 VAN DIE PLAAS NAMAQUASFONTEIN 297 IN DIE DISTRIK VAN DIE MUNISIPALITEIT VAN PIKETBERG

Ek, ...Amelia Henning....., die ondergetekende en in my hoedanigheid as die eienaar/okkupeerder/ inwoner van die eiendom bekend asVerlorenvlei....., wil hiermee my sterkste beswaar aanteken teen bogenoemde aansoek en dring ek daarop aan om as geïnteresseerde en geïmpakteerde persoon geregistreer te word.

Die redes vir my beswaar sluit in, maar is nie beperk daartoe nie, die feit dat enige mynboubedrywighede 'n uiters negatiewe en onomkeerbare nadelige uitwerking sal hê op die wetlik Beskermd Omgewing, die aktiewe landboubedrywighede, die watervoorsiening en die ondergrondse damme en die Krom Antoniesrivier en Verlorenvlei areas in die algemeen.

Dit is my versoek dat die betrokke staatsinstelling die aansoek sal afkeur vir die volgende redes-

- die negatiewe en nadelige impakte wat die beoogde mynboubedrywighede sal hê op die hele gebied, wat betref die omgewing, die sosio-ekonomiese omstandighede, watervoorsiening aan die area en die landbou in die algemeen;
- die feit dat dit nie enigsins moontlik sal wees om die negatiewe en nadelige gevolge te voorkom of te bekamp nie;
- die feit dat geen voorgestelde rehabilitasie die verval van die omgewing sal kan voorkom nie, nog minder om dit te herstel na dieselfde toestand wat dit was voor enige mynboubedrywighede; en
- die ongewenstheid van enige mynboubedrywighede in die gebiede.

Ek is daarvan bewus dat Adv Martin Coetzee 'n formele beswaar teen die aansoek om 'n mynreg en omgewingsgoedkeuring gaan indien en ek het aan hom volmag verleen om sodanige besware ook namens my in te dien en my in te sluit by die lys van beswaarmakers wat hy verteenwoordig.

Die uwe
