LAND CLAIM ENQUIRIES: PORTION OF THE REMAINING PORTION OF THE FARM RHENOSTERKOP NO. 155 DIVISION BEAUFORT WEST

Thank you for your letter dated 04th April 2025

We confirm that as at the date of this letter no land claims appear on our database of **PORTION OF THE REMAINING PORTION OF THE FARM RHENOSTERKOP NO. 155 DIVISION BEAUFORT WEST**. This includes the database for claims lodged 31 December 1998 and those lodge between 1 July 2014 and 28 July 2016. Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that may be beyond the Commission's control, particularly relating to claims that have lodged but not yet been gazetted such as:

- Some Claimants referred to properties they claim dispossession of rights in land against using historical properties descriptions which may not match the current property description; and
- Some Claimants provided the geographic descriptions of the land they claim without mentioning the particular property they claim dispossession of rights in land against.
- The Commission can therefore not accept any liability whatsoever if through the process of further investigation of claims it is found that there is in fact a land claim in respect of the above property.

If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description so to enable us to do a further search.

Kind Regards

Dr Wayne Alexander Chief Director:
Restitution Support: RLCC (Western Cape)

SIGNED LANDOWNER CONSENT

Farm Rhenosterkop nr. 155 Beaufort West Western Cape Province

Consent - Planned Sand Mining Operations

Hereby do I, Adriaan De Waal Nigrini, ID number: 620122 5100 088, as the legal owner of the farm Rhenosterkop nr 155 give consent to CZ Sand Mine to process a Permit Application on the above said property for sand mining operations.

A complete legal contract between the above said parties will be completed in due course.

The cost of the application and all other costs relating to the application conditions to be for CZ Sand Mine Reg. No: 2025/1900/10/07.

THUS DONE and signed at Rhenosterkop on 1 February 2025.

**A DE WAAL
NIGRINI**

RE: NOTICE OF THE DRAFT BASIC ASSESSMENT REPORT AND ENVIRONMENTAL MANAGEMENT PROGRAMME FOR A MINING PERMIT APPLICATION IN TERMS OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) (MPRDA), THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998) (NEMA), AND THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 (AS AMENDED) (EIA REGULATIONS) SUBMITTED BY CZ SAND MINE (PTY) LTD. REFERENCE NUMBER: WC30/5/1/3/2/10361MP

The Draft Basic Assessment Report (DBAR) with Environmental Management Programme (EMPR), for the proposed mining of sand on a portion of the remaining portion of the Farm Rhenosterkop no 155, Registration Division of Beaufort West, the Western Cape Province, is now available for your perusal. A copy of the document can be obtained from Greenmined Environmental (Pty) Ltd upon request or downloaded from the company website at <https://www.greenmined.com/mining-permits/>.

Should you be interested your comments are kindly requested on the DBAR & EMPR. A thirty-day commenting period, ending on **17 June 2025**, will be allowed for comments. Your comments must be in writing and can be submitted via e-mail and/or post.

Please do not hesitate to contact us in the event of any uncertainties and please ensure that your contact details are included with your comments.

If we do not receive any comments from you before the end of the commenting period, it will be accepted that you do not have any additional objections/comments about the project. We trust that you find it in order and kindly await your comments on this report.

By taking part in this process, you hereby consent, in terms of the Protection of Personal Information Act 4 of 2013 ("POPIA"), to the lawful processing of your personal information by Greenmined Environmental (Pty) Ltd, which personal information may be used as part of documentation pertaining to the Environmental Authorisation application process. This is a public process and will become public information upon receipt thereof by the competent authority, which information will no longer be controlled by Greenmined Environmental (Pty) Ltd. Any interested and affected party could be provided with the information contained in this application, upon request, during any stage of the application and therefore your information may be made available to third parties. By providing your details and by taking part in this process you authorise such information to be shared for the purpose of this application.

NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) and the National Environmental Management Act, 1998 (act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations 2014 (as amended 2017) that CZ Sand Mine (Pty) Ltd ("Applicant") intends to apply for:

- Environmental Authorization to mine sand on a portion of the remaining portion of the Farm Rhenosterkop nr 155, Registration Division of Beaufort West, Western Cape province.
- A mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) to the Department of Mineral Resources and Energy.

The proposed mining area covers approximately 5 hectares and, if approved, will be developed on an undisturbed and inactive portion of the farm. The extracted sand will be used for local construction, building projects, and potential renewable energy initiatives in the surrounding region. The proposed mining permit will contribute to the improvement and maintenance of road infrastructure while supporting construction projects in and around the Beaufort West area. In the proposed operation, a Front-End Loader (FEL) will transport the extracted sand directly from the mining footprint to the stockpile area, in line with standard practices in the small-scale mining sector. If required, the sand will be screened before being stockpiled. Once prepared for distribution, a front-end loader will load the sand onto trucks for delivery to customers. No sand washing will be necessary.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations 2014 (as amended) and therefore requires a basic assessment process to obtain environmental authorization:

- GNR 983 Listing Notice 1 Activity 21:
Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.

The Draft Basic Assessment Report (DBAR) and Environmental Management Programme (EMPR) will be available for public comment from 16 May 2025. Copies can be obtained from Greenmined upon request or downloaded from www.greenmined.com.

Interested and Affected Parties are invited to submit written comments by 17 June 2025. For any additional information, Greenmined can be contacted directly. Please use reference number **WC 30/5/1/3/2/10361MP** when submitting comments.

By taking part in this process, you hereby consent, in terms of the Protection of Personal Information Act 4 of 2013 ("POPIA"), to the lawful processing of your personal information by Greenmined, which personal information may be used as part of documentation pertaining to the Environmental Authorisation application process. By providing your details and by taking part in this process you authorise such information to be shared for the purpose of this application.

**PROOF OF SITE NOTICE PLACED AT THE
ENTRANCE TO THE SITE ON 13 MAY 2025**

NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) and the National Environmental Management Act, 1998 (act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations 2014 (as amended 2017) that CZ Sand Mine (Pty) Ltd ("Applicant") intends to apply for:

- Environmental Authorization to mine sand on a portion of the remaining portion of the Farm Rhenosterkop nr 155, Registration Division of Beaufort West, Western Cape province.
- A mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) to the Department of Mineral Resources and Energy.

The proposed mining area covers approximately 5 hectares and, if approved, will be developed on an undisturbed and inactive portion of the farm. The extracted sand will be used for local construction, building projects, and potential renewable energy initiatives in the surrounding region. The proposed mining permit will contribute to the improvement and maintenance of road infrastructure while supporting construction projects in and around the Beaufort West area. In the proposed operation, a Front-End Loader (FEL) will transport the extracted sand directly from the mining footprint to the stockpile area, in line with standard practices in the small-scale mining sector. If required, the sand will be screened before being stockpiled. Once prepared for distribution, a front-end loader will load the sand onto trucks for delivery to customers. No sand washing will be necessary.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations 2014 (as amended) and therefore requires a basic assessment process to obtain environmental authorization:

- GNR 983 Listing Notice 1 Activity 21:

Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.

The Draft Basic Assessment Report (DBAR) and Environmental Management Programme (EMPR) will be available for public comment from 16 May 2025. Copies can be obtained from Greenmined upon request or downloaded from www.greenmined.com.

Interested and Affected Parties are invited to submit written comments by 17 June 2025. For any additional information, Greenmined can be contacted directly. Please use reference number WC30/5/1/3/2/10361MP when submitting comments.

NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) and the National Environmental Management Act, 1998 (act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations 2014 (as amended 2017) that CZ Sand Mine (Pty) Ltd ("Applicant") intends to apply for:

- Environmental Authorization to mine sand on a portion of the remaining portion of the Farm Rhenosterkop nr 155, Registration Division of Beaufort West, Western Cape province.
- A mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) to the Department of Mineral Resources and Energy.

The proposed mining area covers approximately 5 hectares and, if approved, will be developed on an undisturbed and inactive portion of the farm. The extracted sand will be used for local construction, building projects, and potential renewable energy initiatives in the surrounding region. The proposed mining permit will contribute to the improvement and maintenance of road infrastructure while supporting construction projects in and around the Beaufort West area. In the proposed operation, a Front-End Loader (FEL) will transport the extracted sand directly from the mining footprint to the stockpile area, in line with standard practices in the small-scale mining sector. If required, the sand will be screened before being stockpiled. Once prepared for distribution, a front-end loader will load the sand onto trucks for delivery to customers. No sand washing will be necessary.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations 2014 (as amended) and therefore requires a basic assessment process to obtain environmental authorization:

- **GNR 983 Listing Notice 1 Activity 21:**
 Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.

The Draft Basic Assessment Report (DBAR) and Environmental Management Programme (EMPR) will be available for public comment from 16 May 2025. Copies can be obtained from Greenmined upon request or downloaded from www.greenmined.com. Interested and Affected Parties are invited to submit written comments by 17 June 2025. For any additional information, Greenmined can be contacted directly. Please use reference number WC30/5/1/3/2/10361MP when submitting comments.

By taking part in this process, you hereby consent, in terms of the Protection of Personal Information Act 4 of 2013 ("POPIA"), to the lawful processing of your personal information by Greenmined, which personal information may be used as part of documentation pertaining to the Environmental Authorisation application process. By providing your details and by taking part in this process you authorise such information to be shared for the purpose of this application.

The contact consultant is Greenmine Environmental, Suite 62, Private Bag X15, Somerset West, 7129 or contact Murchellin Saal at (076) 792 6327 or Tel (021) 851 2673, (Fax) (086) 546 0579, (email) murchellin.s@greenmined.co.za.

INVITATION TO COMMENT ON ASSOCIATED GRID CONNECTION

Notice is hereby given in terms of the Regulations (2014) (as amended) of the Department of Energy and Environmental Affairs (DEEA) and the Environmental Management Act, 1998 (Act No 107 of 1998) that the following project is being implemented and the public is invited to comment on the project. The project is the construction and installation of the Beaufort West Town, Western Cape Power Transmission Lines. The project is being implemented by ENERTRAG South Africa (Pty) Ltd (ESA) and the project is being implemented in terms of the Final Layout Plans and EMPRs: The Final Layout Plans and EMPRs for the Beaufort West Town, Western Cape Power Transmission Lines. The project is being implemented in terms of the Final Layout Plans and EMPRs: The Final Layout Plans and EMPRs for the Beaufort West Town, Western Cape Power Transmission Lines.

Final Layout Plans and EMPRs:
 The Final Layout Plans and EMPRs for the Beaufort West Town, Western Cape Power Transmission Lines. The project is being implemented in terms of the Final Layout Plans and EMPRs: The Final Layout Plans and EMPRs for the Beaufort West Town, Western Cape Power Transmission Lines.

RESPONSE TO NOTIFICATION OF INTENT TO DEVELOP: FINAL COMMENT
In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999) and the Western Cape
Provincial Gazette 6061, Notice 298 of 2003

NOTIFICATION OF INTENT TO DEVELOP: PROPOSED MINING PERMIT FOR A SAND MINE ON FARM RHENOSTERKOP NO 155-RE, BEAUFORT WEST, SUBMITTED IN TERMS OF SECTION 38(8) OF THE NATIONAL HERITAGE RESOURCES ACT (ACT 25 OF 1999)

The matter above has reference.

Heritage Western Cape is in receipt of your application for the above matter received. This matter was discussed at the Heritage Officers Meeting (HOMS) held on 06 May 2025.

You are hereby notified that, since there is no reason to believe that the proposed mining permit for a sand mine on Farm Rhenosterkop No 155-RE, Beaufort West will have an impact on heritage resources, no further action under Section 38 of the National Heritage Resources Act (Act 25 of 1999) is required.

However, should any heritage resources, including evidence of graves and human burials, archaeological material and paleontological material be discovered during the execution of the activities above, all works must be stopped immediately, and Heritage Western Cape must be notified without delay.

This letter does not exonerate the applicant from obtaining any necessary approval from any other applicable statutory authority.

HWC reserves the right to request additional information as required.

Should you have any further queries, please contact the official above and quote the case number.

**PROOF OF LANDUSE APPLICATION SUBMITTED
TO BEAUFORD WEST MUNICIPALITY ON 17 MARCH
2025**

CZ Sand Mine (PTY) Ltd

17 March 2025

Fish Eagle Street
Lady Blake Estate
Wellington
7655

Beauford West Municipality: Derick Welgemoed / Christopher Wright

Application for Land use consent: Rhenosterkop Farm No 155, Beauford West, Western Cape

CZ Sand Mine (PTY) Ltd is in the process to apply for a sand mine permit on the above-mentioned property.

The mining process will be stripped mining, on 1 ha portions at a time. The application area is of very low agriculture value, and the sand replenish itself over time.

The sand will be used in the wider Beauford West area for all building purposes, and construction related activities.

Currently sand has been transported from vast distances, making the cost extremely high, and is a lost of economic activity for the Beauford West area.

To have as many as possible products available in the area will only be a positive for all interested developers, and have a ripple effect for the better regarding work opportunities, local business prosperity etc.

The sand mine will have a very low impact in the area, with no visibility from roads and neighbours.

Please feel free to contact me should you need any further information.
