NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) (MPRDA), the National Environmental Management Act, 1998 (Act 107 of 1998)(NEMA), and the Environmental Impact Assessment Regulations 2014 (as amended), that Raubex Construction (Pty) Ltd applied for:

- environmental authorization to mine gravel from the Remaining Extent of the farm Elands Spruit No 5523, uThukela Magisterial District, KZN; and
- a mining permit in terms of Section 27 of the MPRDA;

The proposed mining footprint will be 4.9 ha and will entail the expansion of the existing quarry on the property. The mining method will make use of blasting to loosen the hard rock; upon which the material will be loaded and hauled to the mobile crushing plant where it will be screened to various sized stockpiles. The product will be transported with trucks. All mining activities will be contained within the boundaries of the site.

The proposed project triggers the following listed activities in terms of NEMA, and the EIA Regulations 2014 (as amended):

- GNR 517 Listing Notice 1 Activity 21 as amended:
Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as continued in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.
- GNR 327 Listing Notice 1 Activity 26:
Residential, retail, recreational, tourism, commercial or institutional developments of 1 000 square metres or more, on land previously used for mining or heavy industrial purposes.
- GNR 327 Listing Notice 1 Activity 27:
The clearance of an area of 1 hectares or more, but less than 20 hectares of indigenous vegetation.
- GNR 327 Listing Notice 1 Activity 28:
Residential, mixed, retail, commercial, industrial, or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development (ii) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.
- GNR 324 Listing Notice 3 Activity 4:
The development of a road wider than 4 metres with a reserve less than 13.5 metres.
g. Northern Cape
ii(ee) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bioregional plans.
- GNR 324 Listing Notice 3 Activity 12:
The clearance of an area of 300 square metres or more of indigenous vegetation.
g. Northern Cape
ii. within critical biodiversity areas identified in bioregional plans;
- GNR 324 Listing Notice 3 Activity 18:
The widening of a road by more than 4 metres, or the lengthening of a road by more than 1 kilometre.

NOTICE OF MINING PERMIT APPLICATION

Notice is given in terms of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) (MPRDA), the National Environmental Management Act, 1998 (Act 107 of 1998) (NEMA), and the Environmental Impact Assessment Regulations 2014 (as amended) that Raubex Construction (Pty) Ltd applied for environmental authorization to mine gravel; and a mining permit in terms of Section 27 of the MPRDA.

LEGAL REQUIREMENTS

The proposed project triggers the following listed activities in terms of NEMA, 1998, the EIA Regulations 2014 (as amended), and therefore requires a basic assessment process to obtain environmental authorization:

- **GNR 517 Listing Notice 1 Activity 21 as amended:**
Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as continued in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.
- **GNR 327 Listing Notice 1 Activity 26:**
Residential, retail, recreational, tourism, commercial or institutional developments of 1 000 square metres or more, on land previously used for mining or heavy industrial purposes.
- **GNR 327 Listing Notice 1 Activity 27:**
The clearance of an area of 1 hectares or more, but less than 20 hectares of indigenous vegetation.
- **GNR 327 Listing Notice 1 Activity 28:**
Residential, mixed, retail, commercial, industrial, or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development (ii) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.
- **GNR 324 Listing Notice 3 Activity 4:**
The development of a road wider than 4 metres with a reserve less than 13.5 metres.
g. Northern Cape: ii(ee) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bioregional plans.
- **GNR 324 Listing Notice 3 Activity 12:**
The clearance of an area of 300 square metres or more of indigenous vegetation.
g. Northern Cape: ii. within critical biodiversity areas identified in bioregional plans;
- **GNR 324 Listing Notice 3 Activity 18:**
The widening of a road by more than 4 metres, or the lengthening of a road by more than 1 kilometre.
g. Northern Cape: ii(ee) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bioregional plans.

PROJECT PROPOSAL

Raubex Construction (Pty) Ltd applied for a gravel mining permit on 4.9 ha of the Remaining Extent of the farm Elands Spruit No 5523 in the uThukela Magisterial District of KZN. The property is \pm 26 km north-east of Ladysmith between Collings Pass Road and the N11 national road. The earmarked area has an existing quarry that was historically mined but abandoned without rehabilitation.

The proposed mining method (as depicted below) will make use of blasting to loosen the hard rock; the material will then be loaded and hauled out of the excavation to the mobile crushing plant where it will be screened to various sized stockpiles. The material will be stockpiled until it is transported from site using trucks. The mine will be reached via the existing farm road that will be upgraded to allow comfortable movement of mining machinery. Water requirements will mainly be for dust suppression on the processing plant and access road. Any water required for the implementation of the project will be bought and transported to site. The proposed project will make use of generators to power the plant.

PUBLIC PARTICIPATION

The Draft Basic Assessment Report (DBAR) with Environmental Management Programme (EMPR), will be available for public comment from 30 September 2022. Copies thereof can be obtained from Greenmined upon request, downloaded from www.greenmined.com alternatively be viewed at the Ladysmith Library. Interested and Affected Parties (I&AP's) are invited to provide written comments before the closing date of 31 October 2022. Should additional information, or an English pamphlet be required it can be obtained from Greenmined. Please use **KZN 30/5/1/3/2/10817 MP** as the reference when commenting.

By taking part in this process, you hereby consent, in terms of the Protection of Personal Information Act 4 of 2013 ("POPIA"), to the lawful processing of your personal information by Greenmined, which personal information may be used as part of documentation pertaining to the Environmental Authorisation application process. By providing your details and by taking part in this process you authorise such information to be shared for the purpose of this application.

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state which have jurisdiction in respect of the activity will also be listed on the register. Upon lapse of the above-mentioned commenting period, the DBAR will be updated to reflect the comments received during the public commenting period. Thereafter, the Final Basic Assessment Report (FBAR) will be submitted to DMRE for decision making. A copy of the FBAR will be available on the Greenmined website. 1. NOTICE OF MINING PERMIT APPLICATION

Notice in terms of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) (MPRDA), the National Environmental Management Act, 1998 (Act 107 of 1998) (NEMA), and the Environmental Impact Assessment Regulations 2014 (as amended), that Raubex Construction (Pty) Ltd applied for:

- environmental authorization to mine gravel from the Remaining Extent of the farm Elands Spruit No 5523, uThukela Magisterial District, KZN; and
- a mining permit in terms of Section 27 of the MPRDA.

The proposed mining footprint will be 4.9 ha and will entail the expansion of the existing quarry on the property. The mining method will make use of blasting to loosen the hard rock; upon which the material will be loaded and hauled to the mobile crushing plant where it will be screened to various sized stockpiles. The product will be transported with trucks. All mining activities will be contained within the boundaries of the site.

The proposed project triggers the following listed activities in terms of NEMA and the EIA Regulations 2014 (as amended):

- GNR 517 Listing Notice 1 Activity 21 as amended:
Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, as well as any other applicable activity as continued in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.
- GNR 327 Listing Notice 1 Activity 26:
Residential, retail, recreational, tourism, commercial or institutional developments of 1 000 square metres or more, on land previously used for mining or heavy industrial purposes.
- GNR 327 Listing Notice 1 Activity 27:
The clearance of an area of 1 hectares or more, but less than 20 hectares of indigenous vegetation.
- GNR 327 Listing Notice 1 Activity 28:
Residential, mixed, retail, commercial, industrial, or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development (ii) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.
- GNR 324 Listing Notice 3 Activity 4:
The development of a road wider than 4 metres with a reserve less than 13.5 metres.
g. Northern Cape
ii(ee) Critical biodiversity areas as identified in systematic biodiversity plans adopted by the competent authority or in bioregional plans.
- GNR 324 Listing Notice 3 Activity 12:
The clearance of an area of 300 square metres or more of indigenous vegetation.

2. NOTICE OF ENVIRONMENTAL AUTHORISATION APPLICATION

Notice in terms the National Environmental Management Act, 1998 (Act 107 of 1998) (NEMA) and the Environmental Impact Assessment Regulations 2014 (as amended), that Raubex Construction (Pty) Ltd applied for environmental authorization in terms of regulation 16(1) of the EIA Regulations to stockpile material on a portion of the Remaining Extent of the farm Elands Spruit No 5523, uThukela Magisterial District, KZN.

The Applicant proposes to establish an area for stockpiling and crushing of the material mined from the aforesaid quarry, on 10 hectares of the same property. The material will be transported from the quarry into the stockpile area where it will be screened/crushed and stockpiled until removed from site.

The proposed project triggers the following listed activities in terms of NEMA and the EIA Regulations 2014 (as amended):

- GNR 327 Listing Notice 1 Activity 24:

The development of a road (ii) with a reserve wider than 13.5 meters, or where no reserve exists where the road is wider than 8 meters.

- GNR 327 Listing Notice 1 Activity 27:

The clearance of an area of 1 hectares or more, but less than 20 hectares of indigenous vegetation.
