Somerset West  
7129

Dear Sir/ Madam

**LAND CLAIMS ENQUIRY**

**1. Portion 1 of the Farm Wortel No. 42, Khai- Ma Local Municipality, Namaqualand District, Province Northern Cape.**

We refer to your letter received 20/04/2021

We confirm that as at the date of this letter that there are no land claims appearing on our database in respect of the property. This includes the database for claims lodged by 31 December 1998; and those lodged between 1 July 2014 and 27 July 2016 in terms of the Restitution of Land Rights Amendment Act, 2014.

Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that are beyond the Commission's control, particularly relating to claims that have lodged but not yet been gazetted such as:

1. Some Claimants referred to properties they claim dispossession of rights in land against using historical property descriptions which may not match the current property description; and
2. Some Claimants provided the geographic descriptions of the land they claim without mentioning the particular actual property description they claim dispossession of rights in land against.

The Commission therefore does not accept any liability whatsoever if through the process of further investigation of claims it is found that there is in fact a land claim in respect of the above property.

If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description so as to enable us to do a further search.

Yours faithfully

Ms. M. Du Toit  
Chief Director: Land Restitution Support-Northern Cape

Date: 28.04.2021

**RE: NOTICE OF AN APPLICATION IN TERMS OF SECTION 16 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 (AS AMENDED 2017).**

***PROJECT INFORMATION***

Jan Jacob de Clercq Van Zyl applied for a prospecting right on Portion 1 of the farm Wortel No 42 (excluding a 5ha area), which falls in the Khai Ma Local Municipality, of the Northern Cape Province. The farm Wortel 42 is situated approximately 74.7 km west of Pofadder and 148 km east of Springbok, Northern Cape Province. The commodity of interest is Sillimanite (SI).

The prospecting methods will entail exploration drilling of the proposed footprint area as well as small scale sampling of the existing sillimanite dumps on the property. It is proposed that the prospecting project will comprise of:

- Non-invasive prospecting activities:
  - Desktop Studies;
  - Spatial Database Compilation;
  - Land Survey; and
  - Remote Sensing.
- Invasive prospecting:
  - Drilling; and
  - Infill drilling.
- Pre-feasibility studies:
  - The pre-/feasibility studies team will comprise of a diverse team of technical expertise in the field of mineral projects, including, geologists, mining engineers, metallurgical engineers, civil engineers, mechanical engineers, environmental scientists, marketing professionals and mineral project finance professionals

In summary the main prospecting activities will include the following:

- Dump site establishment;

**the goal isn't to live forever, it is to protect a planet that will**

---

Greenmined Environmental (Pty) Ltd | Tel: 021 851 2673 | Fax: 086 546 0579  
Office No 36, MO1 Baker Square Block, De Beers Avenue, Paardevlei, Somerset West, 7130  
Postnet Suite 62, Private Bag x15, Somerset West, 7129  
Directors: S Smit; C Weideman | Reg No: 2012/055565/07 | VAT No. 4040263032

- Drill site establishment;
- Drilling and removal of geological cores;
- Casing of boreholes; and
- Rehabilitation of drill sites.

### **LEGAL COMPLIANCE**

The proposed project triggers the following listed activities in terms NEMA, 1998, and the EIA Regulations (as amended by GNR 326 effective 7 April 2017), and therefore requires a Basic Assessment process to obtain environmental authorisation:

- GNR 327 Listing Notice 1 of 2017 Activity 20:

*Any activity including the operation of that activity which requires a prospecting right in terms of Section 16 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), including-(a) associated infrastructure, structures and earthworks, directly related to the prospecting of a mineral resource; or [including activities for which an exemption has been issued in terms of section 106 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002)]*

*(b) the primary processing of a mineral resource including winning, extraction, classifying, concentrating, crushing, screening or washing;*

*but excluding the secondary processing of a mineral resource, including the smelting, beneficiation, reduction, refining, calcining or gasification of the mineral resource in which case activity 6 in Listing Notice 2 applies.*

- GNR 327 Listing Notice 1 of 2017 Activity 22:

*The decommissioning of any activity requiring –*

- i) a closure certificate in terms of section 43 of the Mineral and Petroleum Resources Development Act, 2002 (act No. 28 of 2002); or*
- ii) a prospecting right, mining right, mining permit, production right or exploration right, where the throughput of the activity has reduced by 90% or more over a period of 5 years excluding where the competent authority has in writing agreed that such reduction in throughput does not constitute closure.*

## ***PUBLIC INVOLVEMENT***

The draft Basic Assessment Report and Environmental Management Programme (BAR & EMPR) for the propose project is now available for your perusal. A copy of the document can be obtained from Greenmined Environmental (Pty) Ltd upon request, or downloaded from the company website at [www.greenmined.com](http://www.greenmined.com). Interested and Affected Parties (I&AP's) are invited to provide written comments regarding the application. I&AP's must provide their comments with their name and contact details to the environmental consultant indicated below by **13 May 2021**. Should you require the documentation in another language or need additional information please contact Greenmined Environmental (Pty) Ltd.

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state which have jurisdiction in respect of the activity will also be listed on the register. Upon lapse of the commenting period the DBAR & EMPR will be updated to reflect the comments received during the public commenting period. Thereafter, the final BAR & EMPR will be submitted to DMRE for its consideration as part of the authorization process in terms of the MPRDA, 2002 and NEMA, 2014 regulations (as amended 2017). A copy of the final BAR & EMPR will be published on the Greenmined Environmental website. All registered I&AP's and stakeholders will be notified in writing within 14 days of the date of the decision of the outcome of the application, including the reasons for the decision and the right of appeal.

Please do not hesitate to contact us in the event of any uncertainties and please ensure that your contact details are included with your comments. If we do not receive any comments from you before the end of the commenting period it will be accepted that you do not have any additional objections/comments with regard to the project. We trust that you find it in order and kindly await your comments on this report.

Please contact Christine Fouche at 082 811 8514 (Cell) or 021 851 2673 (Tel), 086 546 0579 (Fax), or [christine.f@greenmined.co.za](mailto:christine.f@greenmined.co.za) should you require any additional information.

**IS: KENNISGEWING VAN 'N AANSOEK INGEVOLGE ARTIKEL 16 VAN DIE MINERALE- EN PETROLEUMHULPBRONNEONTWIKKELINGSWET, 2002 (WET 28 VAN 2002) (MPRDA), DIE NATIONALE OMGEWINGSBESTUURSWET, 1998 (WET 107 VAN 1998) (NEMA) EN DIE OMGEWINGSIMPAKSTUDIE REGULASIES, 2014 (SOOS GEWYSIG 2017) (OIS-).**

**PROJEK INLIGTING**

Jan Jacob de Clercq Van Zyl het aansoek gedoen om 'n prospekterreg op Gedeelte 1 van die plaas Wortel No 42 (uitsluitend 'n 5 ha gebied), wat in die Khai Ma Plaaslike Munisipaliteit, in die Noord-Kaap Provinsie val. Die plaas Wortel 42 is ongeveer 74,7 km wes van Pofadder en 148 km oos van Springbok, Noord-Kaap, geleë. Die kommoditeit van belang is Sillimanite (Si).

Die ondersoekmetodes sal eksplorasieboorwerk van die voorgestelde area behels, sowel as kleinskaalse monsterneming van die bestaande sillimaniet-stortingsterreine op die eiendom. Die prospekterprojek sal die volgende insluit:

- Nie-indringende prospekteraktiwiteite:
  - Kantoor studies;
  - Ruimtelike databasis-samestelling;
  - Landopname; en
  - Afstandswaarneming.
- Indringende prospektering:
  - Boor; en
  - Vul boorwerk.
- Voor-uitvoerbaarheidstudies:
  - Die span vir voor- / uitvoerbaarheidstudies sal bestaan uit 'n uiteenlopende span tegniese kundiges op die gebied van minerale projekte, insluitend geoloë, mynbouingenieurs, metallurgiese ingenieurs, siviele ingenieurs, meganiese ingenieurs, omgewingswetenskaplikes, bemarkings spesialiste en minerale projekfinansieringspersoneel.

Die belangrikste prospekteraktiwiteite sal onder andere die volgende behels:

- Vestiging van stortingsterrein prospektering areas;
- Vestiging van die boorplekke;
- Boor en versameling van geologiese monsters;
- Seel van boorgate;
- Rehabilitasie van boorplekke.

## **REGSVOLDOENING**

Die voorgestelde projek lei tot die volgende gelyste aktiwiteite in terme van NEMA, 1998 en die OIS-regulasies (soos gewysig deur GNR 326 op 7 April 2017), en vereis dus 'n basiese assesseringsproses om omgewingsmagtiging te verkry:

■ GKR 327 Kennisgewing 1 van 2017 Aktiwiteit 20:

*Enige aktiwiteit, insluitend die bedryf van daardie aktiwiteit wat 'n prospekterreg vereis ingevolge Artikel 16 van die Wet op die Ontwikkeling van Minerale en Petroleumhulpbronne, 2002 (Wet No. 28 van 2002), insluitend –*

*(a) gepaardgaande infrastruktuur, strukture en grondwerke, direk verband hou met die prospektering van 'n minerale hulpbron; of [insluitend aktiwiteite waarvoor vrystelling ingevolge artikel 106 van die Wet op die Ontwikkeling van Minerale en Petroleumhulpbronne, 2002 (Wet 28 van 2002) uitgereik is]*

*(b) die primêre verwerking van 'n minerale hulpbron, insluitend wen, ontginning, klassifiseer, konsentreer, breek, sif of was;*

*maar uitgesonderd die sekondêre verwerking van 'n minerale hulpbron, insluitend die smelt, veredeling, vermindering, raffinering, kalsinering of vergassing van die minerale hulpbron, in welke geval Aktiwiteit 6 van kennisgewing 2 geld.*

■ GKR 327 Kennisgewing 1 van 2017 Aktiwiteit 22:

*Die ontmanteling van enige aktiwiteit wat -*

*i) 'n sluitingsertifikaat ingevolge Artikel 43 van die Wet op die Ontwikkeling van Minerale en Petroleumhulpbronne, 2002 (wet nr. 28 van 2002); of*

*ii) 'n prospekterreg, mynreg, mynpermit, produksiereg of eksplorasiereg, waar die deurset van die aktiwiteit met 'n vermindering van 90% of meer oor 'n tydperk van 5 jaar is uitgesluit, behalwe waar die bevoegde owerheid skriftelik ingestem het dat sodanige vermindering in deurset is nie sluiting nie.*

## **PUBLIEKE DEELNAME**

Die konsep basiese assesseringsverslag en omgewingsbestuursprogram (BAR & EMPR) vir die voorgestelde projek is nou beskikbaar vir u ondersoek. 'n Afskrif van die dokument kan versoek word vanaf Greenmined Environmental (Edms) Bpk, of afgelaai word vanaf die maatskappy se webwerf by [www.greenmined.com](http://www.greenmined.com).

Belangstellende en geaffekteerde partye (B&GP's) word uitgenooi om skriftelike kommentaar rakende die aansoek te lewer. B&GP's moet hul opmerkings met hul naam en kontakbesonderhede teen **13 Mei 2021** aan die onderstaande omgewingskonsultant verskaf. Indien u die dokumentasie in 'n ander taal benodig of addisionele inligting benodig, kontak Greenmined Environmental (Edms.) Bpk.

'n Register van B&GPs sal geopen en in stand gehou word wat die name, kontakbesonderhede en adresse bevat van alle persone wat skriftelike kommentare ingedien het, of skriftelik versoek het om geregistreer te word, sowel as alle staatsinstansies wat jurisdiksie het met betrekking tot die aktiwiteit. Na afloop van die kommentaarperiode sal die DBAR & EMPR opgedateer word om die kommentaar wat tydens die openbare kommentaarperiode ontvang is, weer te gee. Daarna sal die finale BAR & EMPR aan DMRE voorgelê word vir oorweging daarvan as deel van die magtigingsproses ingevolge die MPRDA, 2002 en NEMA, 2014 regulasies (soos gewysig 2017). 'n Afskrif van die finale BAR & EMPR sal op die Greenmined Environmental-webwerf gepubliseer word. Alle geregistreerde B&GPs en belanghebbendes sal binne 14 dae na die beslissing oor die uitslag van die aansoek skriftelik in kennis gestel word, insluitend die redes vir die beslissing en die reg op appèl.

Kontak ons gerus sou u onseker wees oor iets, en maak asseblief seker dat u kontakbesonderhede by u kommentaar ingesluit is. As ons geen kommentaar van u ontvang voor die einde van die kommentaarperiode nie, sal ons aanvaar dat u geen addisionele besware / kommentaar oor die projek het nie. Ons vertrou dat u dit in orde vind en wag op u kommentaar op hierdie verslag.

Kontak persoon is Christine Fouche by 082 811 8514 (selfoon) of 021 851 2673 (landlyn), alternatiewelik [christine.f@greenmined.co.za](mailto:christine.f@greenmined.co.za).

## Final Comment

### In terms of Section 38(4), 38(8) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Mnr Jan Jacobus de Clercq van Zyl

P.O. Box 366  
Kaimoes  
8860

**Jan Jacob de Clercq Van Zyl applied for a prospecting right on Portion 1 of the farm Wortel No 42 (excluding a 5ha area), which falls in the Khai Ma Local Municipality, of the Northern Cape Province. The farm Wortel 42 is situated approximately 74.7 km west of Pofadder and 148 km east of Springbok, Northern Cape Province. The commodity of interest is Sillimanite (SI).**

Greenmined Environmental Consulting (Pty) Ltd has been appointed by Jan Jacob de Clercq Van Zyl to conduct an Environmental Authorisation Application for proposed prospecting activities on the Farm Wortel 42, Khai Ma Local Municipality, Namakwa District Municipality, Northern Cape Province (NC 30/5/1/1/2/12145 PR)

A draft Basic Assessment Report (BAR) has been submitted in terms of the National Environmental Management Act, 1998 (NEMA) and the 2017 EIA Regulations for activities that trigger the Mineral and Petroleum Resources Development Act, 2002 (MPRDA)(As amended). The proposed prospecting activities will include three (3) drill sites (400m<sup>2</sup> each) and sampling of three (3) existing waste dumps.

Dr J Pether and Heritage Contracts and Archaeological Consulting (HCAC) have been appointed to provide heritage input into the EA process as per section 38(3) and 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA) as required by section 24(4)b(iii) of NEMA. The report conducted by Dr Lloyd Rossouw submitted to the case was submitted as part of another application and referenced in the HIA conducted for this application. It will not be discussed. It must be noted that both the heritage specialist reports submitted to this application were previously submitted as part of an earlier Prospecting Right application on the same property i.e. SAHRIS Case ID 14087 (<https://sahris.sahra.org.za/cases/van-zyl-farms-pr>). SAHRA issued a Final Comment on the 12/12/2019 and noted no objections to the proposed development and provided conditions. The difference between these applications is that the previously assessed drill site 1 and 2 are not included in the current prospecting right application.

Page No: 2

### 42 Van Zyl Mining (Pty) Ltd.

The proposed development area is underlain by the Aggeneys Subgroup which does not contain fossils. The establishment of the drill sites will impact the surface superficial deposits however, these deposits are of a low palaeontological significance. A Fossil Finds Procedure is recommended and provided in the report.

*Van der Walt, J. 2019. Heritage Impact Assessment for the proposed Van Zyl's Prospecting Application, Aggeneys area, Namaqualand Magisterial District, Northern Cape Province.*

No heritage resources were identified within the application area. A Chance Finds Procedure is recommended and provided in the report.

### Final Comment

The following comments are made as a requirement in terms of section 3(4) of the NEMA Regulations and section 38(8) of the NHRA in the format provided in section 38(4) of the NHRA and must be included in the Final BAR and EMP:

- 38(4)a – The SAHRA Archaeology, Palaeontology and Meteorites (APM) Unit has no objections to the proposed development;
- 38(4)b – The recommendations of the specialists are supported and must be adhered to. No further additional specific conditions are provided for the development;
- 38(4)c(i) – If any evidence of archaeological sites or remains (e.g. remnants of stone-made structures, indigenous ceramics, bones, stone artefacts, ostrich eggshell fragments, charcoal and ash concentrations), fossils or other categories of heritage resources are found during the proposed development, SAHRA APM Unit (Natasha Higgitt/Phillip Hine 021 462 5402) must be alerted as per section 35(3) of the NHRA. Non-compliance with section of the NHRA is an offense in terms of section 51(1)e of the NHRA and item 5 of the Schedule;
- 38(4)c(ii) – If unmarked human burials are uncovered, the SAHRA Burial Grounds and Graves (BGG) Unit (Thingahangwi Tshivhase/Mimi Seetelo 012 320 8490), must be alerted immediately as per section 36(6) of the NHRA. Non-compliance with section of the NHRA is an offense in terms of section 51(1)e of the NHRA and item 5 of the Schedule;
- 38(4)d – See section 51(1) of the NHRA;
- 38(4)e – The following conditions apply with regards to the appointment of specialists:
  - i) If heritage resources are uncovered during the course of the development, a professional

archaeologist or palaeontologist, depending on the nature of the finds, must be contracted as soon as possible to inspect the heritage resource. If the newly discovered heritage resources prove to be of archaeological or palaeontological significance, a Phase 2 rescue operation may be required subject to permits issued by SAHRA;

- The Final BAR and EMPr must be submitted to SAHRA for record purposes;

The decision regarding the EA Application must be communicated to SAHRA and uploaded to the SAHRIS Case application.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

**Subject:** Prospecting, mining and mining permit applications: Portion 1 Wortel 42

Christine

Thank you for the fruitful and brief discussion regarding the various Prospecting, Mining Permit and Mining application on Portion 1 and RME of the farm Wortel 42.

**Background:**

As briefly discussed and explained and as included in communication attached, BMM: Gamsberg have applied for Mining Right and EA was granted in 2013. Conditions (50-60) of the approved EA include Biodiversity Offset Agreement conditions. BMM have therefore entered into a Biodiversity Offset Agreement with DENC which was signed on 16 October 2014. Annexure B1 of his Offset Agreement include a list of farms that was identified by DENC and external specialist and included in Biodiversity Offset Agreement. BMM is therefore

[Can you please provide us with a copy of Annexure B1 that lists the farms that were investigated as part of the biodiversity offset study?](#)

As discussed, I include a brief summary of various applications as discussed for your confirmation:

1. 10771MP  
Mining Permit Application on REM and Ptn 1 of Wortel 42. BMM have submit comments on this application as attached. The main concerns raised are included in correspondence attached. As discussed telephonically this application was with-drawn. Can you perhaps share with us the reason for this withdrawal?
  - Please note that this application was only over Portion 1 of the farm Wortel No 42.
  - The application was withdrawn when it came to the applicant's attention that there was already a pending application for sillimanite over Portion 1 of the farm Wortel No 42, submitted in the name of Jan Jacob de Clercq van Zyl.
2. 10799 MP  
Re-submission, replacing 10771 MP application and EA was granted on 18 Febr 2021 allowing 5ha Mining on Ptn 1 of Wortel notwithstanding BMM comments?
  - The comments submitted by BMM, on the 10771 MP application, were incorporated into the final BAR that was submitted for decision making to the DMRE.
3. 12408PR  
Prospecting Right Application on both REM and Ptn 1 of farm Wortel 42. The Prospecting Right on REM was approved by the DMR but Prospecting Right on Ptn 1 of Wortel was not approved due to fatc that an existing Propseting application for the same resources was applied for.
4. 10489 MP  
Mining Permit application farm Koenabib
5. 12145 PR  
Application for prospecting right on ptn 1 of the farm Wortel 42 - The DBAR under review for which comments are due 13 May 2021. As discussed BMM will submit comments soonest (if possible tomorrow) but not later than Monday 18 May 2021 (asking?)
  - We look forward to receiving your comments on this application by no later than 18 May 2021.

Regards

**Importance:** High

**Categories:** Van Zyl

Good day Christine

Just an update on the review and comments of the DBAR by myself as Biodiversity Manager on behalf of Black Mountain Mining.

As discussed yesterday and communicated via E-mail, I will submit my comments on the DBAR on Monday and will conduct a proper review on the document.

I will also submit an objection against the application due to Biodiversity related reasons based on the Biodiversity sensitivity of the farm and the inclusion of Portion 1 of the farm Wortel 42 as a Priority Property in Annexure B1 to the Biodiversity Offset Agreement signed between BMM and DENC as per condition of the Environmental Authorization for the BMM Gamsberg Zinc Mine. I am finalising the reasons for the objection and will submit this once reviewed internally and at the latest on Monday.

I trust that this will be in order.

Regards

18 May 2021

Dear Ms Christine Fouche

**OBJECTION AGAINST THE PROPOSED PROSPECTING OF SILLIMANITE ON PORTION 1 OF THE FARM WORTEL NO 42, KHAI MA LOCAL MUNICIPALITY, NAMAKWA DISTRICT MUNICIPALITY, NORTHERN CAPE PROVINCE, REFERENCE NUMBER: NC 30/5/1/1/2/12145 PR**

1. Black Mountain Mining (Pty) Limited ('BMM') hereby objects against the inclusion of portion 1 of the farm Wortel No 42 in this prospecting application due to the following reasons:
  - a. BMM received an Environmental Authorization ('EA') for the BMM Gamsberg Zinc Mine on the 12<sup>th</sup> of August 2013. Conditions 50 – 60 of the EA requires that BMM '*shall secure in perpetuity through one or more of the mechanisms provided for in section 20 or 23 of the National Environmental Management Act: Protected Areas Act, Act 57 of 2003, as amended, areas and or properties and or portions of properties which individually or collectively comprise areas of substantially intact habitat that house certain vegetation types.*' . A Biodiversity Offset Agreement was therefore entered into between BMM and the Northern Cape Department of Environment and Nature Conservation

**BLACK MOUNTAIN MINING**

W [vedanta-zincinternational.com](http://vedanta-zincinternational.com) | [vedantalimited.com](http://vedantalimited.com)

**vedanta zinc international**

(‘DENC’) on the 16<sup>th</sup> of October 2014 for the purpose of adhering to the conditions of the EA;

- b. In terms of clause 4 of the Biodiversity Offset Agreement, it has been recorded that the Biodiversity Offset contemplated in the Agreement shall, inter alia, consist of the identification and securing by BMM of additional conservation worthy land and the declaration thereof as Protected Areas into section 23 or 28 of the Protected Areas Act, 57 of 2003.
- c. Portion 1 of the farm Wortel 42 is included as one of 12 farms with high biodiversity value that was identified by DENC and external environmental specialists in Annexure B1 and B 2 attached to the Biodiversity Offset Agreement for acquisition by BMM. Annexure B 1 farms are considered as high priority farms due to their biodiversity sensitivity.
- d. BMM has already purchased 4 farms identified in Annexure B1 and B2 which have been declared as the Gamsberg Nature Reserve.
- e. Portion 1 of the farm Wortel 42 is located adjacent to the Gamsberg Nature Reserve, declared as a Protected Area under the National Environmental Management Protected Area Act, 2003 (Act No. 57 of 2003). The intent to declare the Gamsberg Nature Reserve as a Protected Area was published in the Northern Cape Provincial Gazette on the 26<sup>th</sup> of November 2018.
- f. BMM is currently engaging Mr. Neels van den Heever and his family as the owners of Portion 1 of the farm Wortel 42 in order to acquire the farm for inclusion in the Gamsberg Nature Reserve.
- g. In addition, BMM is also in consultation with Ms R de Waal, owner of the REM of the farm Haramoep 53 to secure this farm as the 6<sup>th</sup> biodiversity offset farm. This will ensure that adjacent properties are secured and included in the Gamsberg Nature Reserve and incorporated in Protected Area with the two Rozynbosch farms (REM and Portion 2 of Rozynbosch 41) all linked and connected.

- h. The presence and abundance of healthy localised habitats that include rare and threatened species in good condition on these farms is a large contributor to ensure regional conservation targets can be met.
  - i. In order for BMM to comply with its obligations under the Biodiversity Offset Agreement, and therefore to be compliant to the Environmental Authorization BMM is in the process of negotiations with the landowners to secure Portion 1 of the farm Wortel 42;
- 2. With reference to the Mining and Biodiversity Guidelines (Table 27 page 83) of the DBAR and with special reference to CBA and Protected Area buffers, the recommendations according to these guidelines are not met in the DBAR as no specialist flora assessment is included in the DBAR.
- 3. In addition, no alternatives have been considered in the DBAR;
- 4. The statement in the DBAR that the proposed development will have no significant negative impact is thus misleading and cannot be evaluated as accurate as no detailed infield assessment on the biodiversity and sensitivity of flora on Portion 1 of Wortel 42 is included in DBAR under review.
- 5. The significance of the impact rating associated with flora (amongst others) as included in Appendix H: Supporting Impact Assessment Table 8 (Page 9) cannot be considered accurate in the absence of a proper infield assessment of the proposed development footprint and associated residual impacts.
- 6. From the information included in the flora section of the DBAR, it seems apparent that no specialist ecological studies have been conducted, although it is acknowledged that the area is located within a Critical Biodiversity Area as well as adjacent to a Protected Area. This is a defect as the site is located in a Critical Biodiversity Area and adjacent to a Protected Area and Mining and Biodiversity Guidelines have therefore not been followed in the absence of infield assessment that is not included in the DBAR.

7. A sustainable land use report, comparing the most relevant land use over a period of time between agriculture (grazing), mining and biodiversity conservation is required so that authorities can make an informed decision on the most sustainable land use going forward.
8. BMM therefore objects against the Prospecting Application and requests that its concerns as set out in this letter are given serious consideration.
9. Detailed comments on the DBAR will be submitted to the EAP in due course.

Dear Sir

Greenmined herewith acknowledge receipt of the objection dated 18 May 2021 on the prospecting right application in the name of Jan Jacob de Clercq van Zyl over Portion 1 of the farm Wortel No 42 in the Khai Ma municipal area.

We took note of your comments and incorporated it into the final Basic Assessment Report (FBAR) to be submitted (before the end of the month) to the DMRE for decision making. The FBAR will be available on the Greenmined website ([www.greenmined.com](http://www.greenmined.com)) by the end of the week should you like to download a copy.

Attached to this email please find an extract of the response to your comments that forms part of the FBAR, as well as the full copy of the ecological response compiled by Nkurenkuru Ecology and Biodiversity.

We trust you will find this in order. Please do not hesitate to contact me in the event of any uncertainties.

**RESPONSE RECEIVED FROM MARK BOTHA FROM  
CONSERVATION STRATEGY, TACTICS AND  
INSIGHT ON 13 MAY 2021**

## Marlene Lingenfelder

---

**From:** Mark Botha <mark@ecological.co.za>  
**Sent:** 13 May 2021 02:23 PM  
**To:** Christine Fouche; DReull@wfa.africa; rupert Koopman; Marlene Lingenfelder  
**Subject:** Objection to prospecting application on Wortel ptn 1 - 30/5/1/1/2/12145 PR

Dear Christine

Further to a DBAR that i was alerted to today, please find below my objection to the proposed Prospecting Application on Wortel by Mr Van Zyl.

1. This property has significant biodiversity value, lying in a key ecological corridor connecting the Bushmanland Inselbergs to the Gariiep River. There are good examples of rare and localised succulent habitats in good condition on this property which may be very important to meet regional conservation targets. The statement on P8 of Appendix H that this will have no significant negative impact is thus wrong. And the significance rating table on p9 omits impacts on Protected Area expansion and ecological connectivity. It seems apparent that no specialist ecological studies have been conducted, and no specialists have been to site. This is a flaw as the sit is located in biodiversity priority area. Alternatives are not sufficiently investigated. - although this is required in the regulations. Impact significance does not take into account that Prospecting RIghts confer enhanced rights on the owner, and can significantly jeopardise any attempts to secure the property for conservation. It is not just the footprint prospecting impact that needs evaluating, but the implications of successful granting of this right.
2. The property lies in the heart of a protected area expansion focus area in the NCape PA Expansion Strategy. It is imminently suitable for protected area development, which is a more sustainable landuse in this area. Indeed, securing this property may be the only way for the impacts of other mineral resource exploitation to be effectively mitigated. Wortel is adjacent to two portions of Rozynebosch which are in the process of being declared Nature Reserves under the Protected Areas Act. This is not mentioned in the DBAR that i could find.
3. The resource being prospected for - Sillimanite - is a low value material that occurs widely in Bushmanland, and there are certainly other opportunities to find suitable deposits that might be commercially viable in areas with no biodiversity or protected area conflicts.

Please acknowledge receipt of this objection, and include my particulars below on an updated I&AP list.

Please note that the Botanical Society is no longer active on the ground in this area - so i have copied the Conservation Manager - Mr Rupert Koopman - who may also wish to comment on this application. Further, Mr D'Reull De Beer - Wilderness Foundation Africa - may also be an important I&AP on this application. He is based in Springbok and works across the Namaqua District, and should have been contacted. In any event, please add their names to any future applications in the region that impact on published biodiversity priority areas and protected area expansion focus areas.

Thanks and regards

**Mark Botha**

Dear Sir

Greenmined herewith acknowledge receipt of your objection dated 13 May 2021 on the prospecting right application in the name of Jan Jacob de Clercq van Zyl over Portion 1 of the farm Wortel No 42 in the Khai Ma municipal area.

We take note of your comments and incorporated it into the final Basic Assessment Report (FBAR) to be submitted (before the end of the month) to the DMRE for decision making. The FBAR will be available on the Greenmined website ([www.greenmined.com](http://www.greenmined.com)) by the end of the week should you like to download a copy.

Attached to this email please find an extract of the response to your comments that forms part of the FBAR, as well as the full copy of the ecological response compiled by Nkurenkuru Ecology and Biodiversity.

We trust you will find this in order. Please do not hesitate to contact me in the event of any uncertainties.

**Kind Regards / Vriendelike Groete**

- 45. ...
- 46. ...
- 47. ...
- 48. ...
- 49. ...
- 50. ...

Interested and affected Parties (I&APs) are invited to provide written comments. I&APs must provide their comments with their names and contact details to the environmental consultant indicated below within 30 days from the date of this notice (28 March 2017). Should additional information be required it must be obtained from Environmental Management.

A register of I&APs that submit written comments or indications to be registered will be opened. All registers of interested parties have jurisdiction in respect of the activity and will be held on the register. Please note that any registered I&APs will be entitled to comment on reports and plans to be submitted to the Department, provided that the party provides its name, contact details and address and discloses any other business, financial, personal or other interest which the party may have in the success or refusal of the application. The registered I&APs will, in writing, advise in time of the date of the decision or failure of the application including the reasons for the decision and the right to appeal.

# LUR vergader met kunstenaars

**-UPINGTON: LUR vir sport, kuns en kultuur, Desery Fienies, saam met die uitvoerende bestuur van die departement het verlede week met die kunstenaars, wat tans die departement se kantore in die Zandile Present Biblioteek beset, ernstige gesprekke gevoer.**

“Alhoewel nie aan alle eise kon voldoen nie, glo ons dat die vergadering vrugbaar was, nadat die kunstenaars van die platform gebruik gemaak het om van die bekommernisse en uitdagings waarmee hulle te doen kry in die sektor, sowel as met die plaaslike ZFM-distrikskantoor, oor te dra” sê Conrad Fortune, provinsiale woordvoerder van die departement.

Die ZFM kunstenaars het aangedui dat hulle nie die kantore sal ontruim voordat aan alle eise voldoen word nie.

Hy sê die LUR en die Uitvoerende Bestuur het nou ‘n baie groter begrip “en daarom is ons in staat om nou te sien hoe ons kliënte die beste kan bedien, wat nie net die kunstenaars is nie, maar ook die sportsektor, erfenissektor, taaldienste sowel as biblioteekdienste”.

Die kunstenaars het aangedui dat hulle nie die kantore sal ontruim voordat aan alle eise voldoen word nie.

Ongelukkig sal dit beteken dat verdere konsultasies moet plaasvind.

“Dit is vir ons ‘n groot bron van kommer, aangesien die ander sektore waaraan ons dienste lewer, benadeel nie en meer nog die biblioteek wat weens die hongerstaking van die kunstenaars nie in werking is nie. Ons moet aandui dat ons 24 uur aan die gang is en die middernagolie verbrand om tot ‘n vriendskaplike oplossing te kom sodat die situasie kan normaliseer,” sê Fortune.

Die kunstenaars in die ZFM-distriktreek, in solidariteit met die kunstenaars in Kimberley, het op 17 Maart 2021 by die kantore van die de-

partement van kuns en kultuur in Upington gemobiliseer om hul griewe en eise aan te spreek.

Die kunstenaars van die ZFM-distrik wat tans die ZFM DSAC-kantore in die Sandile Present-biblioteek in Upington beset.

Die kunstenaars in die ZFM-distriktreek eis die volgende:

- Die R4 miljoen projek wat deur die premier (Mr. Z.Saul) geallokeer is, moet geaktiveer word.

- Die kunstenaars eis deursigtigheid van die distrikskantoor en om by die jaarlikse distriksbegroting en beplanning ingesluit te word, om ook ‘n stem te hê in die besluite wat by die begroting geneem word (vanaf die boekjaar 2021)

Hulle wil ook die distrikskantoor gebruik vir hul artistieke behoeftes en voortdurende kommunikasie tussen die kunstenaars en die distrikskantoor asook ‘n toeganklike databasis van kunstenaars in die distrik vir die publiek.

Die kunstenaars eis om ingesluit te word by die skep en bestuur van artistieke programme en projekte.

Jaybian Stewart gaan nou begin met sy graad in Onderwys.

## Wiskunde- en wetenskap onderrig kry steun

Hulle wil weet watter programme vir die kunstenaars vir die jaar geormerk is en wat die begroting is en dat vervoer van die distrikskantoor beskikbaar moet wees wanneer kunstenaars dit nodig het.

- Betalings wat nooit deur die National Arts Counciling gemaak is van die befondsing wat gemaak is nie

- Wanneer sal kunstenaars wat deur die “presidentstimuleringsfondse” goedgekeur is, hul betalings ontvang wat die (eerste, tweede en derde golfhulpfondse is)

“Ons eis ‘n skakelbeampte by die departement wat ‘n middelman vir die kunstenaars sal wees en hierdie persoon moet ‘n kunstenaar wees wat hand aan hand met die distrikskantoor werk,” lui die memorandum wat ook verder ‘n organogram, argiewe van die kunstenaars en verslae van die programme wat geïmplementeer is sedert die departement befondsing van die provinsiale kantoor ontvang het, soos deur amptenare aangedui, eis.

Laastens eis die kunstenaars dat die distriksbestuurder van die departement van sport, kuns en kultuur, Melvin Smith, uit sy pos moet uitree.

**GEMSBOK-KENHARDT: Jaybian Stewart, wat die belangrike rol vervul as assistent vir die wiskunde- en wetenskaponderwyser aan die Hoërskool Kenhardt, is van plan om eendag onderwyser te word**

Voorheen ‘n leerder aan dieselfde hoërskool waaraan hy tans werk, skryf Jaybian hierdie visie vir sy toekoms toe aan die blootstelling wat hy die afgelope twaalf maande as assistent in die klaskamer gehad het.

“Ek is dankbaar vir hierdie geleentheid, want ek het baie oor myself geleer en potensiaal ontdek wat ek nie geweet het ek oor beskik nie. Die belangrikste is dat ek ander leerders gehelp het om te presteer in wiskunde en wetenskap, wat my oorweeg het om onderrig as ‘n beroep te doen,” het Jaybian Stewart gesê.

Hy is gekies as ‘n assistent vir die wiskunde- en wetenskaponderwyser vir die hele hoërskool. Hierdie assistent-onderrig, gefinansier deur Aries Solar Power, was bedoel vir ‘n voormalige leerder met ‘n goeie vaardigheid in wiskunde en wetenskap, wat bereid is om ‘n loopbaan in

die onderwys te volg.

“Ons wil graag sien dat jong leerders in die Kenhardt-gemeenskap gemotiveerd is om wiskunde en wetenskap op skool aan te pak en veral bereid is om ‘n pad in die onderwys te volg, met die hoop dat hulle kan terugkeer en terug kan gee aan hul tuisgemeenskap. Op hierdie manier glo ons dat ons die impak van ons kommissie-programme kan vermeerder tot voordeel van die gemeenskap,” het Tsholofelo Moote, junior ekonomiese ontwikkelingsgenoot by Aries Solar Power, gesê.

Aries Solar Power het ook ‘n beursprogram wat in 2016 van stapel gestuur is. Kinders wat binne 50 km van die Aries Solar Power Plant af woon, wat net buite Kenhardt is, kan aansoek doen vir die beursprogram.

“Ek wou nog altyd ‘n onderwyser word - ek het gevoel dat dit die beste manier was om mense te help en ‘n rolmodel vir die jeug in my gemeenskap te wees,” het Herschelle Williams, ‘n vorige beursontvanger, wat reeds sy Baccalaureus graad in Opvoedkunde behaal het, gesê.

“As gegradueerde en jong professionele persone na hierdie dorp terugkeer, sal dit ‘n rimpel-effek hê en sal dit uiteindelik beteken dat Kenhardt nie meer spesialisvaardighede uit ander dele van die land moet werf nie,” het Tsholofelo Moote bygevoeg.

### NOTICE OF PROSPECTING APPLICATION

Notice is hereby given in terms of Section 16 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) [MPRDA] and the National Environmental Management Act, 1998 (Act No. 107 of 1998) [NEMA] as well as the Environmental Impact Assessment (EIA) Regulations of 2014 (as amended by GNR 326 effective 7 April 2017) of the following activity:

- Jan Jacob de Clercq Van Zyl applied for a prospecting right (NC 30/5/1/12/12145 PR) over Portion 1 of the farm Wortel 42, Khai Ma Local Municipality, Namaqualand Magisterial District, Northern Cape Province. The farm Wortel 42 is situated approximately 74,7km west of Pofadder and 148 km east of Springbok, Northern Cape Province. The commodity of interest is Sillimanite (Si).
- Application for a Prospecting Right in terms of Section 16 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) to the Department of Mineral Resources and Energy.

The proposed project triggers the following listed activities in terms NEMA, 1998, and the EIA Regulations (as amended by GNR 326 effective 7 April 2017), and therefore requires a Basic Assessment process to obtain environmental authorisation:

#### • GNR 327 Listing Notice 1 of 2017 Activity 20:

- Any activity including the operation of that activity which requires a prospecting right in terms of Section 16 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), including –
- (a) associated infrastructure, structures and earthworks, directly related to the prospecting of a mineral resource [;]; or [including activities for which an exemption has been issued in terms of section 106 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002)]
  - (b) the primary processing of a mineral resource including winning, extraction, classifying, concentrating, crushing, screening or washing; but excluding the secondary processing of a mineral resource, including the smelting, beneficiation, reduction, refining, calcining or gasification of the mineral resource in which case activity 6 in Listing Notice 2 applies.

#### • GNR 327 Listing Notice 1 of 2017 Activity 22:

- The decommissioning of any activity requiring –
- i) a closure certificate in terms of section 43 of the Mineral and Petroleum Resources Development Act, 2002 (act No. 28 of 2002); or
  - ii) a prospecting right, mining right, mining permit, production right or exploration right, where the throughput of the activity has reduced by 90% or more over a period of 5 years excluding where the competent authority has in writing agreed that such reduction in throughput does not constitute closure.

Interested and Affected Parties (I&AP's) are invited to provide written comments. I&AP's must provide their comments with their name and contact details to the environmental consultant indicated below by 13 May 2021. Should additional information be required it could be obtained from Greenmined Environmental. The Draft Basic Assessment Report will be available for public comment from 12 April 2021 for a 30-days commenting period. The DBAR will be available on the Greenmined website at [www.greenmined.com](http://www.greenmined.com).

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state which have jurisdiction in respect of the activity will also be listed on the register. Please note that I&AP's will be entitled to comment on reports and plans to be submitted to the Department, provided that the party provides its name, contact details and address and discloses any direct business, financial, personal or other interest which the party may have in the approval or refusal of the application. The registered I&AP's will, in writing, within 14 days of the date of the decision be notified of the outcome of the application including the reasons for the decision and the right to appeal.

## THE SOUTH AFRICAN MILITARY OMBUD PROMOTES GOOD GOVERNANCE AND HUMAN RIGHTS IN THE DEFENCE FORCE

Lieutenant General (Ret)  
Vusumuzi R. Masondo

The Office of the Military Ombud is mandated by the Military Ombud Act 4, of 2012, in section 4 (1) (d) to investigate complaints lodged in writing by current or former members of the SANDF concerning their conditions of service.

We are also mandated to promote the fundamental rights of soldiers.

The Office investigates complaints by members of the public concerning the official conduct of a soldier on duty. As such, members of the public have 90 days to lodge a complaint with the Office, from the date the incident occurred.

We are committed to serve independently and impartially. We do not represent the complainant, the Department of Defence and Military Veterans or any other government authority.

Our investigations are conducted in a fair and objective manner to ensure an accountable and transparent governance.

The Office may allow late submissions of complaints after careful consideration, depending on the reasons given.

Upon receipt of the complaint, the Investigator will initiate an investigation process which includes interviewing the complainant, all relevant parties and looking at applicable laws and policies before finalising the report.

Recommendations made are submitted to the Minister of Defence and Military Veterans for implementation.
