BACKGROUND INFORMATION DOCUMENT

01 July 2021

To whom it may concern

RE: NOTICE OF APPLICATION IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 (AS AMENDED) OVER THE REMAINING EXTENT OF THE FARM MAKGANYENE NO 667 IN THE KURUMAN MAGISTERIAL DISTRICT OF THE NORTHERN CAPE BY MAKGANYANE RESOURCES (PTY) LTD.

BACKGROUND INFORMATION

Makganyane Resources (Pty) Ltd holds a prospecting right (NC 30/5/1/1/2/2292 PR) over Portion 2 (portion of Portion 1), Remainder Extent, Remainder Portion of Portion 1, and Portion 3 of the farm Makganyene No 667. Consequently, the company identified the need to apply for a mining permit over a 4.9 ha area of the proven iron ore resource on the Remaining Extent of the farm Makganyene No 667 (see Figure 1).

SITE DESCRIPTION

The property lays ± 26 km north-west of Postmasburg, and the proposed footprint area is situated on the north-eastern part of the Remaining Extent of the farm Makganyene No 667. The extent of the proposed mining footprint is 4.9 ha, and the GPS coordinates of the area are as listed below.

GPS COORDINATES OF PROPOSED MINING AREA	
DEGREES MINUTES SECONDS	DECIMAL DEGREES
A. 28°08'16.14"S; 22°56'14.69"E	A. -28.137816°S; 22.937413°E
B. 28°08'16.49"S; 22°56'23.82"E	B. -28.137913°S; 22.939950°E
C. 28°08'22.75"S; 22°56'23.82"E	C. -28.139652°S; 22.939951°E
D. 28°08'22.70"S; 22°56'14.65"E	D. -28.139640°S; 22.937403°E

the goal isn't to live forever, it is to protect a planet that will

BACKGROUND INFORMATION DOCUMENT

Figure 1: Satellite view of the proposed mining permit area of Makganyane Resources (white polygon) in relation to the property boundary (red polygon) and the nearest public road (R385) (image obtained from Google Earth).

LEGAL COMPLIANCE

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations 2014 (as amended) and therefore requires an environmental impact assessment (EIA) (basic assessment process) that assess project specific environmental impacts and alternatives, consider public input, and propose mitigation measures, to ultimately culminate in an environmental management programme that informs the competent authority (Department of Mineral Resources and Energy) when considering the environmental authorisation:

■ GNR 327 Listing Notice 1 of 2014 (as amended) Activity 21:

Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002), as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.

■ GNR 327 Listing Notice 1 of 2014 (as amended) Activity 27:

The clearance of an area of 1 hectares or more, but less than 20 hectares of indigenous vegetation.

BACKGROUND INFORMATION DOCUMENT

GNR 327 Listing Notice 1 of 2014 (as amended) Activity 28:

Residential, mixed, retail, commercial, industrial or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development:

ii) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.

OTHER LEGISLATION TRIGGERED BY THE PROPOSED PROJECT:

- An application for a Mining Permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) will be submitted to the Department of Mineral Resources and Energy – Northern Cape Province.*

PROJECT DESCRIPTION

As mentioned earlier, Makganyane Resources (Pty) Ltd (“the Applicant”) applied for a permit to mine iron ore from a 4.9 ha area over the Remaining Extent of the farm Makganyane No 667, Kuruman magisterial district, Northern Cape Province. The application received NC 30/5/1/3/2/10915 MP as departmental reference number.

The mining method will represent open-cast mining where blasting will be used to loosen the hard rock, the loosened material will then be transported to a mobile processing plant where it will be screened to various stockpiles. The iron ore will be hauled from the property to the Sishen iron ore export railway line. As mentioned earlier, the processing plant will be of temporary nature. This will also apply to the offices and other infrastructure to be established on site. Presently, no permanent infrastructure is planned for the proposed development.

The proposed project will appoint ±50 employees, that will mainly be sourced from the local community. All employees will daily be transported to the mining area. The Applicant has an existing workshop ±2 km from the proposed mining area where chemicals and fuels will be stored and emergency vehicle/equipment maintenance can be done.

ACCESS ROUTE:

- The proposed mining area will be reached via the existing roads on the property that will be widened and upgraded if needed.*
- The improvement of the roads will remain below the threshold of the NEMA EIA Regulation activities.*

BACKGROUND INFORMATION DOCUMENT

WATER USE:

- The water required at the mine will be abstracted from an abandoned diamond mine on the property, or alternatively bought from the landowner and transported to site.

ELECTRICITY USE:

- The proposed project will not require any electricity connections to the national grid, as fuel operated generators will be used to power the plant.

BRIEF SITE DESCRIPTION

GEOLOGY:

The regional geology of the study area forms part of the Transvaal Super Group. According to the Makganyane Geological and Preliminary Exploration Report (2019), most of the surface outcrop features towards the east of the property comprises diamictites of the Makganyane Formation. Some quartzite splays cover the diamictite in places. The flat laying topography to the west comprises mostly of sand and sporadic outcrops of the Ongeluk lava. Two almost parallel linear features with a south-southwest to north-north-east trend are present on the geological sheet, possibly representing the continuation of thrust faults. The western feature seems to connect with a thrust-fault. Both the Gamagara Formation and the Rooinekke Iron Formation are hosts rocks to iron and manganese mineralization. Clastic ore deposits present on Kameelhoek, Aucampsrust and Makganyane were documented by Nel, T in 1929.

HYDROLOGY:

The proposed mining area falls within a NFEPA (National Freshwater Ecosystem Priority Area) of conservation importance. The FEPA status applies to the actual river reach (Orange River in this case >100 km removed), of the whole sub-quaternary catchment. Ground truthing however confirmed that there are no wetlands or other watercourses within the earmarked footprint that could be affected by the proposed activity.

FLORA:

According to Mucina and Rutherford (2012) two vegetation types extends into the mining footprint i.e. the Kuruman Mountain Bushveld (SVk 10), and the Olifantshoek Plains Thornveld (SVk 13). Both these vegetation types are classified as Least Threatened.

According to the Screening Report for Environmental Authorizations as required by the 2014 EIA Regulations, the plant species sensitivity of the area is deemed to be of low significance. The screening report notes that the terrestrial biodiversity sensitivity is of very high significance as the area forms part of an Ecological Support Area

BACKGROUND INFORMATION DOCUMENT

(ESA). However, according to the Mining and Biodiversity Guideline, the proposed footprint area does not fall within any area of high biodiversity importance (see Figure 2).

Ground truthing confirmed that the vegetation cover of the earmarked area is natural to near natural. However, should the Applicant obtain the correct permits for any protected plant species that may need to be removed prior to bush clearance, it is believed that the proposed mining of 4.9 ha within the larger extent of the farm will not negatively affect the conservation status of the ESA.

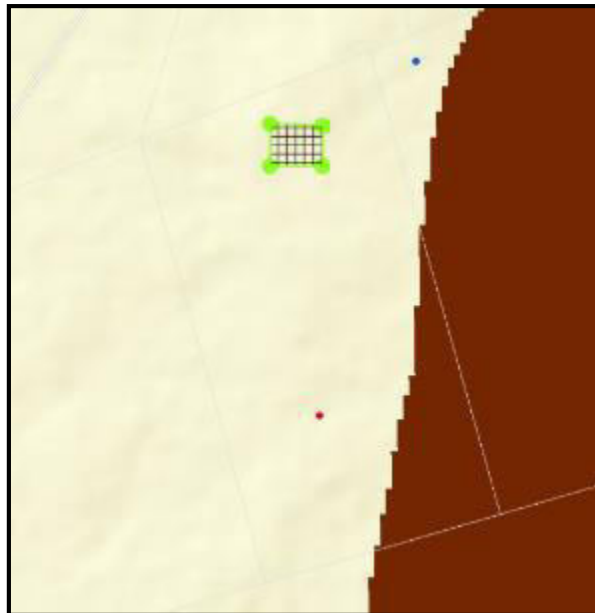

Figure 2: Extract from the BGIS Map Viewer for Mining Guidelines where the proposed mining footprint is shown by the green crossed polygon, and the brown shaded area (east of the mining footprint) represents an area of highest biodiversity sensitivity with a corresponding rating of highest risk for mining.

FAUNA:

The study area is mainly used for stock grazing and game farming. Apart from the domestic animals, the indigenous faunal action of the area is still rich in diversity with the species roaming between the various farm portions. Due to the open cast nature of the proposed operation, fauna would be able to move away from the excavation. The impact on the faunal component of the receiving environment is deemed to be of low significance as the above mentioned screening tool indicated that the animal species significance of the area is Low.

LAND USE:

The study area is located within ward 6 of the Tsantsabane Local Municipality, with Postmasburg being the nearest town. The farm Makganyene No 667 is situated in a rural setting, that was previously mined for diamonds, of which

BACKGROUND INFORMATION DOCUMENT

the open cast pit on Portion 2 (a portion of Portion 1) of Makganyene No 667 serves as landmark. The R385 provincial road crosses through Portions 1 and 2 of Makganyene No 667. The land use of the property mainly comprises of livestock farming. As mentioned earlier, the Applicant also holds a prospecting right over the farm Makganyene No 667.

AIR AND NOISE QUALITY:

Due to the low rainfall, the air quality of the study area is characterised as being dry, arid and dusty. Dust is the most important pollutant given the area's rural character predominantly affected by the agriculture and mining. The noise ambience of the study area is classified as ambient rural or pastoral with noise levels mainly affected by traffic along the R385, railway traffic, farming equipment and mining related operations.

CULTURAL AND HERITAGE ENVIRONMENT:

The Heritage Impact Assessment compiled by HCAC Heritage Consultants in 2019 for the Makganyane Resources Prospecting Operation notes that the general area consists of two kinds of topographical elements: undulating plains characterised by thick sand cover and a range of hills roughly splitting the area in two. The report confirmed that some mining activities took place between 1967 and 1982. The study noted that the cultural landscape (mining and farming activities) is generally modern without significant cultural landscape elements of concern. No rock art, historical farm steads or colonial-era stone-walling (dwellings or kraals) were recorded by HCAC in 2019, and none of the heritage features identified by HCAC during the 2019 assessment were within the proposed mining permit area.

In terms of the paleontological component, an independent study was conducted by Prof Marion Bamford (2019) that concluded that the proposed site lies on some ancient non-fossiliferous rocks and mostly on windblown sands and sand dunes of the Quaternary Kalahari Group sands. Based on this information Prof Bamford was of the opinion that no palaeontological site visit was required unless fossils were discovered once operations commenced. It was also noted that the Makganyane Formation diamictites do not contain fossils although they are indicated as such by the SAHRIS palaeosensitivity map.

FINAL REHABILITATION

Upon closure of the mining operation the entire footprint area will be rehabilitated so as to allow the affected area to return to agricultural use. At this stage the following baseline rehabilitation actions are proposed from which a detailed closure plan will be developed:

BACKGROUND INFORMATION DOCUMENT

- Rehabilitation of all the disturbed surface areas shall entail landscaping, levelling, sloping, top dressing, land preparation, seeding (if required), and weed / alien clearing.
- All infrastructures, equipment, and other items used during the mining period will be removed from the site in accordance with section 44 of the MPRDA, 2002.
- Waste material of any description, including receptacles, scrap, rubble and tyres, will be removed entirely from the mining footprint and disposed of at a recognized landfill facility. It will not be permitted to be buried or burned on the site.
- The rehabilitation area will be cleared of weeds and invader plant species. Priority will be given to species regarded as Category 1a and 1b invasive species in terms of NEM:BA (National Environmental Management: Biodiversity Act 10 of 2004 and regulations applicable thereto).
- Final rehabilitation shall be completed within a period specified by the Regional Manager (DMRE).

APPLICATION FOR CLOSURE

Once the full mining area was rehabilitated the permit holder will submit a closure application to the Department of Mineral Resources and Energy in accordance with section 43(4) of the MPRDA, 2002 that states: *“An application for a closure certificate must be made to the Regional Manager in whose region the land in question is situated within 180 days of the occurrence of the lapsing, abandonment, cancellation, cessation, relinquishment or completion contemplated in subsection (3) and must be accompanied by the prescribed environmental risk report”*. The Closure Application will be submitted in terms of Regulation 62 of the MPRDA, 2002, and Government Notice 940 of NEMA, 1998.

PUBLIC INVOLVEMENT

This document is to inform you about the proposed activity and to determine whether there are any concerns or objections from interested and affected parties (I&AP's) that needs to be considered.

As interested and affected party you are kindly requested to complete the comments form and give any comment/concern or input with regard to the current land use of the area, the environment as well as socio-economic conditions that you feel might be affected by the proposed activity. When submitting response please provide suggestions to mitigate the anticipated impact of each identified activity.

Please contact Christine Fouché at the contact details as presented in the letterhead or at christine.f@greenmined.co.za through any means should you need more information, have additional language requirements, have concerns or comments that need to be considered or if you want to be registered as an interested and/or affected party and would like to receive a copy of the Draft Basic Assessment (DBAR) on or before 02 August

BACKGROUND INFORMATION DOCUMENT

2021. If we do not receive any comments from you on or before 02 August 2021, it will be accepted that you do not have any objections/comments with regard to the project and do not require any further documentation.

A register of interested and affected parties (I&AP's) will be opened and maintained containing the names, contact details and address of all persons who have submitted written comments, attended meetings or have in writing requested to be registered and all organs of state which have jurisdiction in respect of the activity. Please note that only registered I&AP's and stakeholders will be entitled to comment on reports and plans to be submitted to the Department provided that the party provide its name, contact details and address and discloses any direct business, financial, personal or other interest which he/she may have in the approval or refusal of the applications.

The Draft Basic Assessment Report (DBAR) will be submitted to the Department of Mineral Resources and Energy – Northern Cape (DMRE) for review purposes. This report will also be made available to the public for a 30-days review period. An electronic copy of the report will be published on the Greenmined Environmental website (www.greenmined.com). All registered I&AP's and stakeholders will be notified of the commenting period in advance as above.

The DBAR will then be updated to reflect the comments received during the public commenting period. Thereafter, the Final Basic Assessment Report (FBAR) will be submitted to DMRE for its consideration as part of the authorization process in terms of the NEMA, 2014 regulations (as amended 2017). A copy of the final report will be made available on the Greenmined Environmental website. All registered I&AP's and stakeholders will be notified in writing within 14 days of the date of the decision of the outcome of the application, including the reasons for the decision and the right of appeal.

CONTACT DETAILS

By taking part in this process, the undersigned, hereby consent in terms of the Protection of Personal Information Act 4 of 2013 ("POPIA") to the lawful processing of his/her personal information by Greenmined Environmental (Pty) Ltd, which personal information may be used for as part of documentation pertaining to the Environmental Authorisation / Mining Right/ Permit application process as this is a public process and will become public information upon receipt thereof by the competent authority and will no longer be controlled by Greenmined Environmental (Pty) Ltd. Any interested and affected party should be provided with the information contained in this application on request, during any stage of the application your information may be made available to a third party, and by accepting the providing your details below and taking part in this process your authorise such information to be shared for these purposes.

Dear Sir/Madam

LAND CLAIM ENQUIRY

**1. REMAINING EXTENT OF THE FARM MAKGANYENE NO 667,
KURUMAN MAGISTERIAL DISTRICT, NORTHERN CAPE PROVINCE**

We refer to your letter received: **08 July 2021**.

We confirm that as at the date of this letter no land Claims appear on our database in respect of the Properties. This includes the database for claims lodged by 31 December 1998; and those lodged between 1 July 2014 and 27 July 2016 in terms of the Restitution of Land Rights Amendment Act, 2014.

Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that are beyond the Commission's control, particularly relating to claims that have lodged but not yet been gazetted such as:

1. Some Claimants referred to properties they claim dispossession of rights in land against using historical property descriptions which may not match the current property description; and
2. Some Claimants provided the geographic descriptions of the land they claim without mentioning the particular actual property description they claim dispossession of rights in land against.

The Commission therefore does not accept any liability whatsoever if through the

process of further investigation of claims it is found that there is in fact a land claim in respect of the above property.

If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description so as to enable us to do a further search.

Yours faithfully

PPF 

Ms. M. Du Toit

Chief Director: Land Restitution Support-Northern Cape

Interim Comment

In terms of Section 38(3), 38(8) of the National Heritage Resources Act (Act 25 of 1999)

Attention: Mr Lionel Koster
Bongani Minerals (Pty) Ltd

Makganyane Resources (Pty) Ltd (“the Applicant”) applied for a permit to mine iron ore from a 4.9 ha area over the Remaining Extent of the farm Makganyene No 667, Kuruman magisterial district, Northern Cape Province. The application received NC 30/5/1/3/2/10915 MP

Thank you for notifying SAHRA of the Environmental Authorisation (EA) application for the proposed mining activities on the Remaining Extent of the farm Makganyene No 667, Kuruman magisterial district, Northern Cape Province (NC30/5/1/3/2/10915MP).

As the proposed development is undergoing an EA Application process in terms of the National Environmental Management Act, 107 of 1998 (NEMA), NEMA Environmental Impact Assessment (EIA) Regulations as amended, it is incumbent on the developer to ensure that an application specific **Heritage Impact Assessment** (HIA) is done as per section 38(3) and 38(8) of the National Heritage Resources Act, Act 25 of 1999 (NHRA) as required by section 24(4)b(iii) of NEMA. This must include an archaeological component, palaeontological component and any other applicable heritage components. The HIA must be conducted **as part of the EA Application** in terms of NEMA and the NEMA EIA Regulations.

SAHRA requests that an assessment of the impacts to heritage resources that complies with section 38(3) of the NHRA as required by section 38(8) of the NHRA and section 24(4)b(iii) of NEMA be conducted as part of the EA process.

The assessment must include an assessment of the impact to archaeological and palaeontological resources. The assessment of archaeological resources must be conducted by a qualified archaeologist and the report comply with the SAHRA 2007 Minimum Standards: Archaeological and Palaeontological Components of Impact Assessment Reports (see www.asapa.co.za or www.aphp.org.za for a list of qualified archaeologists).

The proposed development is located within an area of moderate Palaeontological Sensitivity as per the SAHRIS PalaeoSensitivity map. As such, a desktop Palaeontological Impact Assessment (PIA) must be undertaken by a qualified palaeontologist. (See <https://www.palaeosa.org/heritage-practitioners.html> for a list of qualified palaeontologists). The report must comply with the 2012 Minimum Standards: Palaeontological

Components of Heritage Impact Assessments.

Any other heritage resources as defined in section 3 of the NHRA that may be impacted, such as built structures over 60 years old, sites of cultural significance associated with oral histories, burial grounds and graves, graves of victims of conflict, and cultural landscapes or viewsapes must also be assessed.

Further comments will be issued upon receipt of the draft BAR documents inclusive of appendices.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

**PROOF OF ADDITIONAL CORRESPONDENCE
BETWEEN SAHRA AND GREENMINED**

Christine Fouche

From: Natasha Higgitt <nhiggitt@sahra.org.za>
Sent: Tuesday, 03 August 2021 09:57
To: Christine Fouche
Cc: Marlene Lingenfelder
Subject: RE: CaselD: 16712

Importance: Low

Good morning,

An application specific HIA that assesses the activities of the proposed development must be submitted. While the HIA may use the information from the previous HIAs, an application specific HIA must be conducted and submitted for review.

Kind regards,

From: Christine Fouche <Christine.F@greenmined.co.za>
Sent: 02 August 2021 15:24
To: Natasha Higgitt <nhiggitt@sahra.org.za>
Cc: Marlene Lingenfelder <admin@greenmined.co.za>
Subject: CaselD: 16712
Importance: High

Dear Natasha,

Your correspondence regarding the Makganyane Resources mining permit application, with DMIRE reference number: NC30/5/1/3/2/10915 MP, received 02 August 2021 has reference.

As mentioned in the project specific Background Information Document loaded onto SAHRIS, the Applicant Makganyane Resources (Pty) Ltd already holds a prospecting right over Portion 2 (portion of Portion 1), Remainder Extent, Remainder Portion of Portion 1, and Portion 3 of the farm Makganyane No 667. The prospecting right extends over 1 549.44 ha. In 2019, HCAC Heritage Consultants compiled a HIA for the entire prospecting right footprint.

The recently submitted mining permit application by the same company, is applicable to 4.9 ha over the Remaining Extent of the farm Makganyane No 667 that will be (if approved) encompassed by the above mentioned 1 549.44 ha prospecting right footprint (please refer to the attached layout where the red polygon indicates the

prospecting right footprint). In light of the above, the proposed mining permit area (white polygon in attached layout) has already been screened during the prospecting right process and reported on in a Heritage Impact Assessment Report (attached hereto for your records) by HCAC in 2019. The attached HIA will also form part of the draft Basic Assessment Report that will still be distributed for comments to the I&AP's and stakeholders.

As can be seen in the attached layout, none of the features identified by HCAC during the 2019 study are within the proposed mining permit footprint (4.9 ha area), and we therefore respectfully request you to reconsider the need for another Heritage Impact Assessment over the same property. Should you like, we can also upload the attached HIA to the SAHRIS website?

We look forward to your response. Please do not hesitate to contact me in the event of any uncertainties.

Kind Regards / Vriendelike Groete

**PROOF OF ADVERT PLACED IN THE NOORDKAAP
BULETIN ON 1 JULY 2021**

Hoë vas vir bedrog

Die leier van die EFF in die Noord-Kaap en voormalige munisipale bestuurder van die grootste munisipaliteit in Namakwaland word van bedrog van nagenoeg R80 miljoen beskuldig.

Aubrey Baartman het na bewering in 2013, terwyl hy die munisipale bestuurder van die Nama Khoi-munisipaliteit was (waarvan Springbok die hoofdorp is), 'n tender vir plaveisel en stene op korrupte wyse toegeken.

Baartman en twee vermeende medepligtiges het reeds in die landdroshof in Springbok verskyn.

Die saak is tot September uitgestel. Volgens Nomthandazo Mnisi, woordvoerder van die Valke, staan Baartman en die Cloete-egpaar, Zihaadt en sy vrou, Maralise Lunnette, tereg op klagte van bedrog van R79,9 miljoen.

Die Cloetes was alleen-direkteure van die konstruksie- en aannemingskappy MPG Construction.

Die klagte spruit uit 'n kontrak vir 'n plavei-en-randsteenprojek wat die munisipaliteit aan MPG Construction toegeken het.

Dit sou 'n driejaarkontrak wees waarvolgens hulle in verskeie dorpe in die omgewing plaveisel en randstene sou lê.

Baartman is in Namakwaland berug as 'n man wat van een politieke party na die volgende rondtrek.

Hy was aanvanklik 'n lid van die ANC voordat hy hom by die DA aangesluit het. Nadat 'n DA-Cope-alliansie in 2011 die munisipale raad oorgeneem het, is hy as munisipale bestuurder aangestel. Hy het in 2014 uit die pos bedank.

Sarel Stone, voorsitter van die AfriForum-tak in Springbok, beweer dat Baartman bedank het kort voordat hy ingevolge 'n hofbevel sy akademiese kwalifikasies moes

Aubrey Baartman FOTO: RAPPORT

openbaar. AfriForum het blykbaar oor inligting beskik dat Baartman nie matriek het nie – een van die vereistes vir sy pos – en hulle was besig om 'n hersieningsaansoek in te dien om sy aanstelling tersyde te stel.

Ná die 2016- munisipale verkiesing was daar weer 'n bewindsverandering in Nama-Khoi en het 'n koalisie tussen die ANC en Khoisan Revolusie-party die raad oorgeneem.

AfriForum het die beweerde korrupsie met die MPG-tender oopgelek en dit by die Valke aanhangig gemaak.

Baartman het intussen die DA verlaat en hom by die EFF aangesluit. Hy is nou provinsiale leier van dié party en lid van die Noord-Kaapse wetgewer.

Tydens die ondersoek na die tender het dit aan die lig gekom dat Baartman na bewering 'n verhouding met Zihaadt Cloete se suster gehad het. Dit word bereken dat die munisipaliteit reeds sowat R35 miljoen aan MPG Construction betaal het toe die tender gekanselleer is.

– Ross Michaels, Rapport

Skipped robot exposes drugs

Two drug dealers, who skipped a red traffic light in Kathu on Saturday evening (26/06), have been arrested.

Sgt Ben Eiman and the constables Blythe Jantjies, Beatrice Canchibatho and Tshwarelo Moleme were busy conducting vehicle patrols in the vicinity of the Kathu Village Mall when they noticed a car skipping a red traffic light at the intersection.

Col Mashay Gamielien, police spokesperson, said after the officers had stopped the vehicle, they noticed that the male driver and his male passenger acted very nervously when Eiman instructed them to get out of the vehicle. Eiman noticed a small plastic ziplock bag on the floor containing a

white substance.

They took the vehicle to the Kathu Police Station where they conducted a thorough search of the suspects and the vehicle. They discovered 50 small ziplock bags and three large bags, filled with they suspected to be crystal meth, concealed behind the radio in the dashboard. The street value of the drugs is estimated at R25 000. They also found R6 750 in cash, which is believed to be proceeds of the sale of the drugs.

The suspects, a 35-year-old foreign national and a 39-year-old South African, were arrested and charged for possession of drugs. They will appear in court soon.

NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act (MPRDA), 2002 (Act No 28 of 2002) and the National Environmental Management Act, 1998 (act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations, 2014 (as amended) that Makganyane Resources (Pty) Ltd intends applying for:

- environmental authorisation to mine iron ore from a portion of the Remaining Extent of the farm Makganyane No 667, in the Kuruman magisterial district of the Northern Cape Province.
- a mining permit in terms of Section 27 of the MPRDA, 2002 to the Department of Mineral Resources and Energy (DMRE-NC).

The proposed mining footprint will be 4.9 ha and will be developed over an area currently used for agricultural- and prospecting purposes. The proposed operation is representative of opencast mining where the mineral will be loosened through blasting, the blasted material transported to a mobile processing plant from where the iron ore will be hauled to the Sishen iron ore export railway line.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations 2014 (as amended) and therefore requires a basic assessment process to obtain environmental authorization:

- **GNR 327 Listing Notice 1 of 2014 (as amended) Activity 21:**
Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002), as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.
- **GNR 327 Listing Notice 1 of 2014 (as amended) Activity 27:**
The clearance of an area of 1 hectares or more, but less than 20 hectares of indigenous vegetation.
- **GNR 327 Listing Notice 1 of 2014 (as amended) Activity 28:**
Residential, mixed, retail, commercial, industrial or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development:
i) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.

Interested and Affected Parties (I&AP's) are invited to provide written comments. I&AP's must provide their comments with their name and contact details to the environmental consultant indicated below on or before 02 August 2021. Should you require the documentation in another language or need additional information please contact Greenmined Environmental (Pty) Ltd.

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state having jurisdiction in respect of the activity will also be listed on the register. Please note that only registered I&AP's will be entitled to comment on reports and plans to be submitted to the Department, provided that the party provides its name, contact details and address and discloses any direct business, financial, personal or other interest which the party may have in the approval or refusal of the application. The registered I&AP's will, in writing, within 14 (fourteen) days of the date of the decision be notified of the outcome of the application including the reasons for the decision and the right to appeal.

PROOF OF SITE NOTICES IN AFRIKAANS AND ENGLISH

KENNISGEWING VAN 'N MYNPERMIT AANSOEK

Kennis geskied hiermee in terme van Artikel 27 van die Minerale- en Petroleumhulpbronneontwikkelingswet, 2002 (Wet 28 van 2002) (MPRDA), die Nasionale Omgewingsbestuurwet, 1998 (Wet 107 van 1998) (NEMA) en die Omgewingsimpakstudie Regulasies, 2014 (soos gewysig) (OIS-) dat Makganyane Resources Bpk beoog om die volgende te onderneem:

- 'n omgewingsmagtigingsaansoek om ystererts te myn op 'n gedeelte van die Restant van die plaas Makganyane No 667, in die Kuruman distrik van die Noord Kaap Provinsie.
- 'n mynpermit aansoek in terme van Artikel 27 van die MPRDA by die Departement van Minerale Hulpbronne en Energy (DMHE-NK).

Die mynarea sal 4,9 ha wees en ontwikkel word oor 'n gebied wat tans vir landbou- en prospekterdoeleindes gebruik word. Die beoogde operasie is verteenwoordigend van oopgroefmynbou waar die mineraal met plofstof los geskiet word, die los materiaal na 'n mobiele verwerkingsaanleg vervoer word, waarvandaan die ystererts dan na die Sishen-ystererts-uitvoerspoorlyn vervoer word.

Die voorgestelde projek raak die volgende gelyste aktiwiteite in terme van NEMA, 1998 en die OIS-regulasies, 2014 (soos gewysig) en vereis dus 'n omgewingsimpakstudie (basiese assessering) om omgewingsmagtiging te verkry:

- Kennisgewing 1 van GKR 327 Artikel 21 van 2014 (soos gewysig):
Enige aktiwiteit insluitend die bedryf van daardie aktiwiteit wat 'n mynpermit vereis ingevolge artikel 27 van die MPRDA, 2002 (Wet No 28 van 2002), asook enige ander toepaslike aktiwiteit soos vervat in hierdie Kennisgewing of in Kennisgewing 3 van 2014, vereis om die mynpermit uit te oefen.
- Kennisgewing 1 van GKR 327 Artikel 27 van 2014 (soos gewysig):
Die verwydering van 'n oppervlakte van 1 hektaar of meer, maar minder as 20 hektaar inheemse plantegroei.
- Kennisgewing 1 van GKR 327 Artikel 28 van 2014 (soos gewysig):
Residensiële, gemengde, kleinhandel-, kommersiële, nywerheids- of institusionele ontwikkelings waar sodanige grond op of na 1 April 1998 vir landbou, wildsboerdery, perdrydoeleindes of bosbou gebruik is en waar sodanige ontwikkeling:
 - ii) sal plaasvind buite 'n stedelike gebied, waar die totale grond wat ontwikkel moet word, groter as 1 hektaar is.

Belanghebbendes en geaffekteerde partye (B&GP's) word uitgenooi om skriftelik kommentaar te lewer. B&GP's moet hul opmerkings met hul naam en kontakbesonderhede voor 02 Augustus 2021 aan die omgewingskonsultant verskaf. Kontak asseblief vir Greenmined Environmental indien u die dokumentasie in 'n ander taal benodig of addisionele inligting verlang.

'n Register van B&GP's wat skriftelike kommentaar gelewer het of gevra het om geregistreer te word, sal geopen word. Alle staatsinstansies wat jurisdiksie ten opsigte van die aktiwiteit het, sal ook in die register gelys word. Let daarop dat slegs geregistreerde B&GP's geregtig is om kommentaar te lewer op verslae en planne wat aan die Departement voorgelê moet word, met dien verstande dat die party sy naam, kontakbesonderhede en adres verstrek en enige direkte sake-, finansiële, persoonlike of ander belange openbaar wat die party mag hê. Alle geregistreerde B&GP's en belanghebbendes sal binne 14 (veertien) dae na die beslissing van die uitslag van die aansoek skriftelik in kennis gestel word, met inbegrip van die redes vir die beslissing en die reg tot appèl.

Die konsultant is Greenmined Environmental, Suite 62, Privaat Sak X15, Somerset Wes, 7129 of kontak Christine Fouché by (082) 811 8514 of Tel (021) 851 2673, (Faks) (086) 546 0579, (E-pos) christine.f@greenmined.co.za.

- GNR 327 Listing Notice 1 of 2014 (as amended) Activity 28:
Residential, mixed, retail, commercial, industrial or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development:
 - ii) *will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.*

Interested and Affected Parties (I&AP's) are invited to provide written comments. I&AP's must provide their comments with their name and contact details to the environmental consultant indicated below by 02 August 2021. Should you require the documentation in another language or need additional information please contact Greenmined Environmental (Pty) Ltd.

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state having jurisdiction in respect of the activity will also be listed on the register. Please note that only registered I&AP's will be entitled to comment on reports and plans to be submitted to the DMRE-NC, provided that the party provides its name, contact details and address and discloses any direct business, financial, personal or other interest which the party may have in the approval or refusal of the application. The registered I&AP's will, in writing, within 14 (fourteen) days of the date of the decision be notified of the outcome of the application including the reasons for the decision and the right to appeal.

The contact consultant is Greenmined Environmental (Pty) Ltd, Suite 62, Private Bag X15, Somerset West, 7129 or contact Christine Fouche at (082) 811 8514 or Tel (021) 851 2673, (Fax) (086) 546 0579, (email) christine.f@greenmined.co.za.

NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) (MPRDA) and the National Environmental Management Act, 1998 (act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations 2014 (as amended) that Makganyane Resources (Pty) Ltd intends applying for:

- environmental authorisation to mine iron ore from a portion of the Remaining Extent of the farm Makganyane No 667, in the Kuruman magisterial district of the Northern Cape Province.
- a mining permit in terms of Section 27 of the MPRDA, 2002 to the Department of Mineral Resources and Energy (DMRE-NC).

The proposed mining footprint will be 4.9 ha and will be developed over an area currently used for agricultural- and prospecting purposes. The proposed operation is representative of opencast mining where the mineral will be loosened through blasting, the blasted material transported to a mobile processing plant from where the iron ore will be hauled to the Sishen iron ore export railway line.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations 2014 (as amended) and therefore requires a basic assessment process to obtain environmental authorization:

- GNR 327 Listing Notice 1 of 2014 (as amended) Activity 21:
Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002), as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.
- GNR 327 Listing Notice 1 of 2014 (as amended) Activity 27:
The clearance of an area of 1 hectares or more, but less than 20 hectares of indigenous vegetation.
- GNR 327 Listing Notice 1 of 2014 (as amended) Activity 28:
Residential, mixed, retail, commercial, industrial or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development:
 - ii) *will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.*

Interested and Affected Parties (I&AP's) are invited to provide written comments. I&AP's must provide their comments with their name and contact details to the environmental consultant indicated below by 02 August 2021. Should you require the documentation in another language or need additional information please contact Greenmined Environmental (Pty) Ltd.

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state having jurisdiction in respect of the activity will also be listed on the register. Please note that only registered I&AP's will be entitled to comment on reports and plans to be submitted to the DMRE-NC, provided that the party provides its name, contact details and address and discloses any direct business, financial, personal or other interest which the party may have in the approval or refusal of the application. The registered I&AP's will, in writing, within 14 (fourteen) days of the date of the decision be notified of the outcome of the application including the reasons for the decision and the right to appeal.

The contact consultant is Greenmined Environmental (Pty) Ltd, Suite 62, Private Bag X15, Somerset West, 7129 or contact Christine Fouche at (082) 811 8514 or Tel (021) 851 2673, (Fax) (086) 546 0579, (email) christine.f@greenmined.co.za.

KENNISGEWING VAN 'N MYNPERMIT AANSOEK

Kennis geskied hiermee in terme van Artikel 27 van die Minerale- en Petroleumhulpbronneontwikkingswet, 2002 (Wet 28 van 2002) (MPRDA), die Nasionale Omgewingsbestuurwet, 1998 (Wet 107 van 1998) (NEMA) en die Omgewingsimpakstudie Regulasies, 2014 (soos gewysig) (OIS-) dat Makganyane Resources Bpk beoog om die volgende te onderneem:

- 'n omgewingsmagtigingsaansoek om ystererts te myn op 'n gedeelte van die Restant van die plaas Makganyane No 667, in die Kuruman distrik van die Noord Kaap Provinsie.
- 'n mynpermit aansoek in terme van Artikel 27 van die MPRDA by die Departement van Minerale Hulpbronne en Energy (DMHE-NK).

Die mynarea sal 4,9 ha wees en ontwikkel word oor 'n gebied wat tans vir landbou- en prospekteerdoeleindes gebruik word. Die beoogde operasie is verteenwoordigend van oopgroefmynbou waar die mineraal met plofstof los geskiet word, die los materiaal na 'n mobiele verwerkingsaanleg vervoer word, waarvandaan die ystererts dan na die Sishen-ystererts-uitvoerspoorlyn vervoer word.

Die voorgestelde projek raak die volgende gelyste aktiwiteit in terme van NEMA, 1998 en die OIS-regulasies, 2014 (soos gewysig) en vereis dus 'n omgewingsimpakstudie (basiese assessering) om omgewingsmagtiging te verkry:

- Kennisgewing 1 van GKR 327 Artikel 21 van 2014 (soos gewysig):
Enige aktiwiteit insluitend die bedryf van daardie aktiwiteit wat 'n mynpermit vereis ingevolge artikel 27 van die MPRDA, 2002 (Wet No 28 van 2002), asook enige ander toepasslike aktiwiteit soos vervat in hierdie Kennisgewing of in Kennisgewing 3 van 2014, vereis om die mynpermit uit te oefen.
- Kennisgewing 1 van GKR 327 Artikel 27 van 2014 (soos gewysig):
Die verwydering van 'n oppervlakte van 1 hektaar of meer, maar minder as 20 hektaar inheemse plantegroei.
- Kennisgewing 1 van GKR 327 Artikel 28 van 2014 (soos gewysig):
*Residensiële, gemengde, kleinhandel-, kommersiële, nywerheids- of institusionele ontwikkelings waar sodanige grond op of na 1 April 1998 vir landbou, wildsboerdery, perdrydoeleindes of bosbou gebruik is en waar sodanige ontwikkeling:
ii) sal plaasvind buite 'n stedelike gebied, waar die totale grond wat ontwikkel moet word, groter as 1 hektaar is.*

Belanghebbendes en geaffekteerde partye (B&GP's) word uitgenooi om skriftelik kommentaar te lewer. B&GP's moet hul opmerkings met hul naam en kontakbesonderhede voor 02 Augustus 2021 aan die omgewingskonsultant verskaf. Kontak asseblief vir Greenmined Environmental indien u die dokumentasie in 'n ander taal benodig of addisionele inligting verlang.

'n Register van B&GP's wat skriftelike kommentaar gelewer het of gevra het om geregistreer te word, sal geopen word. Alle staatsinstansies wat jurisdiksie ten opsigte van die aktiwiteit het, sal ook in die register gelys word. Let daarop dat slegs geregistreerde B&GP's geregtig is om kommentaar te lewer op verslae en planne wat aan die Departement voorgelê moet word, met dien verstande dat die party sy naam, kontakbesonderhede en adres verstrek en enige direkte sake-, finansiële, persoonlike of ander belange openbaar wat die party mag hê. Alle geregistreerde B&GP's en belanghebbendes sal binne 14 (veertien) dae na die beslissing van die uitslag van die aansoek skriftelik in kennis gestel word, met inbegrip van die redes vir die beslissing en die reg tot appèl.

Die konsultant is Greenmined Environmental, Suite 62, Privaat Sak X15, Somerset Wes, 7129 of kontak Christine Fouché by (082) 811 8514 of Tel (021) 851 2673, (Faks) (086) 546 0579, (E-pos) christine.f@greenmined.co.za.

NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) (MPRDA) and the National Environmental Management Act, 1998 (Act No 107 of 1998) (NEMA) as well as the Environmental Impact Assessment Regulations 2014 (as amended) that Makganyane Resources (Pty) Ltd intends applying for:

- environmental authorisation to mine iron ore from a portion of the Remaining Extent of the farm Makganyane No 667, in the Kuruman magisterial district of the Northern Cape Province.
- a mining permit in terms of Section 27 of the MPRDA, 2002 to the Department of Mineral Resources and Energy (DMRE-NC).

The proposed mining footprint will be 4.9 ha and will be developed over an area currently used for agricultural and prospecting purposes. The proposed operation is representative of open-pit mining where the mineral will be loaded through blasting; the blasted material transported to a mobile processing plant from where the iron ore will be hauled to the Sishen iron ore export railway line.

The proposed project requires the following listed activities in terms of NEMA, 1998 and the EIA Regulations 2014 (as amended) and therefore requires a basic assessment process to obtain environmental authorisation:

- GNR 327 Listing Notice 1 of 2014 (as amended) Activity 21. Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002), as well as any other applicable activity as contained in this Listing Notice or in Listing Notice 3 of 2014, required to exercise the mining permit.
- GNR 327 Listing Notice 1 of 2014 (as amended) Activity 27. The clearance of an area of 1 hectare or more, but less than 20 hectares of indigenous vegetation.
- GNR 327 Listing Notice 1 of 2014 (as amended) Activity 28. Residential, mixed, retail, commercial, industrial or institutional developments where such land was used for agriculture, game farming, equestrian purposes or afforestation on or after 01 April 1998 and where such development:
a) will occur outside an urban area, where the total land to be developed is bigger than 1 hectare.

Interested and Affected Parties (I&AP's) are invited to provide written comments. I&AP's must provide their comments with their name and contact details to the environmental consultant indicated below by 02 August 2021. Should you require the documentation in another language or need additional information please contact Greenmined Environmental (Pty) Ltd.

A register of I&AP's that submitted written comments or requested to be registered will be opened. All organs of state having jurisdiction in respect of the activity will also be listed on the register. Please note that only registered I&AP's will be entitled to comment on reports and plans to be submitted to the DMRE-NC, provided that the party provides its name, contact details and address and disclose any direct business, financial, personal or family interest which the party may have in the approval or refusal of the application. The registered I&AP's will, in writing, within 14 (fourteen) days of the date of the decision be notified of the outcome of the application including the reasons for the decision and the right to appeal.

KENNISGEWING VAN 'N MYNPERMIT AANSOEK

Kennis gegee haerms in terme van Artikel 27 van die Mineral- en Petroleum hulpbronne ontwikkelingswet, 2002 (Wet 28 van 2002) (MPRDA), die Nasionale Omgewingswettelike Wet, 1998 (Wet 107 van 1998) (NEMA) en die Omgewingsimpakstudie Regulasies, 2014 (soos gewysig) (OIS-) dat Makganyane Resources (Pty) Ltd bevoeg is om die volgende te doen:

- 'n omgewingsimpakstudie aansoek omgetyds te doen op 'n gedeelte van die Resilias van die plaas Makganyane No 667, in die Kuruman distrik van die Noord Kaap Provinsie.
- 'n mynpermit aansoek in terme van Artikel 27 van die MPRDA by die Departement van Mineralie, Hulpbronne en Energie (DMRE-NA).

Die mynarea sal 4,9 ha omvattend word en sal ontwikkel word as 'n gebied wat tersyde- en openplekterwone gebruik word. Die beoogde operasie is verteenwoordigend van openplekterwoning waar die mineraal met ploeging los gemaak word, die los materiaal na 'n mobiele verwerkingsaanleg vervoer word, waarvandaan die ystererts deur die Sishen-lyns uitvoerspoortjyn vervoer word.

Die voorproefse projek maak die volgende gelyste aktiwiteite in terme van NEMA, 1998 en die OIS-regulasies, 2014 (soos gewysig) en vereis dus 'n omgewingsimpakstudie (basiese assessering) en omgewingsimpakstudie te voltooi.

- Kennisgewing 1 van GNR 327 Artikel 21 van 2014 (soos gewysig). Enige aktiwiteit insluitend die bedryf van daardie aktiwiteit wat 'n mynpermit vereis ingevolge Artikel 27 van die MPRDA, 2002 (Wet No 28 van 2002), asook enige ander toelatinge aangevold soos vervel in Artikel 2 van die OIS-regulasies 3 van 2014, vereis dat die mynpermit uit te doen.
- Kennisgewing 1 van GNR 327 Artikel 27 van 2014 (soos gewysig). Die verwydering van 'n oppervlakte van 1 hektaar of meer, maar minder as 20 hektaar indigene vegetasie.
- Kennisgewing 1 van GNR 327 Artikel 28 van 2014 (soos gewysig). Residensie, gemengde, kleinhandel, agrikultuur, nywerheids- of institusionele ontwikkelings waar sodanige grond op of na 1 April 1998 vir landbou, wildtuinbou, pensioensake of ander gebruik is en waar sodanige ontwikkelings:
a) sal plaasvind buite 'n stedelike gebied, waar die totale grond wat ontwikkel moet word groter as 1 hektaar is.

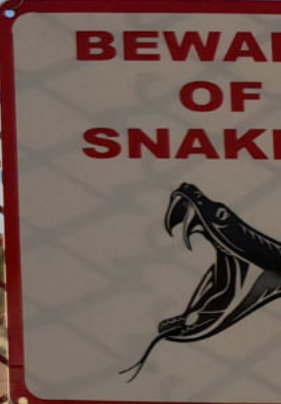

Belanghebbendes en geïnteresseerde partye (B&G's) word uitgenooi om skriftelike kommentaar te lewer. B&G's moet hul opmerkinge met hul naam en kontakbesonderhede voor 02 Augustus 2021 aan die omgewingsimpakstudie konsultant, Christina Fouché by Greenmined Environmental indien. In ander taal benodig of addisionele inligting verlang.

In Prokureur van B&G's wat skriftelike kommentaar gelewer het of gevra het om geregistreer te word, sal geopen word. Alle belanghebbendes wat juridiese teen opstelle van die aktiwiteit het, sal ook in die register geïnskryf word. Let daarop dat alle geregistreerde B&G's geregtig is om kommentaar te lewer op verskeie in planne wat aan die Departement voorgelê moet word, met dien verstande dat die party sy naam, kontakbesonderhede en adres, verskeie en enige belanghebbendes sal binne 14 (veertien) dae na die beslissing van die uitlyt van die sukses skryf in kennis gestel word, met inbegrip van die redes vir die beslissing en die reg tot appel.

Die konsultant is Greenmined Environmental, Suite 62, Private Bag X15, Somerset West, 7129 of kontak Christina Fouché by (082) 811 8514 of Tel: (021) 851 2673, (Faks) (086) 546 0579, (E-pos) christina@greenmined.co.za.
