Dear I&AP,

Thank you for taking part in the Public Participation Process of the mining right application applied for by Bongani Minerals (Pty) Ltd under reference number WC 30/5/1/2/2/10171 MR.

Please note our commenting period for this project is now closed.

Greenmined Environmental (Pty) Ltd, the independent environmental consultant on the application, thank you for your comments on the Draft Scoping Report and herewith acknowledge receipt of your correspondence dated 3 July 2023.

We take note of your concerns and it will be forwarded, for consideration by the Department of Mineral Resources and Energy (DMRE). Unfortunately as the Final Scoping report has been sent for printing your comments will not be incorporated into the Final Scoping Report.

All comments will be assessed and responded to in the Draft Environmental Impact Assessment Report, which will also be provided to the specialists forming part of the project team for their input. All comments, concerns and/or objections received as part of this process will be listed and submitted to DMRE for consideration.

Kind Regards/Vriendelike Groete

Brin Kushner

I,, the undersigned and in my capacity as owner/legal occupant/resident of the property known as **5 Snoek Steeg, Elands Bay**, hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but is not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated protected environment, the intensive agricultural activities in the areas, the hydrology and aquifers, and the Krom Antonies and Verlorenvlei areas in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors who he represents.

Kind regards

Good day

Please add me as an IAP and register my objection to this proposed mine for all of the reasons raised by Friends of Verlorenvlei and Protect the West Coast.

It is unconscionable that any mining is being contemplated for this ecologically important and sensitive area. Have we all lost our minds in the pursuit of profit? Including you as 'environmental practitioners'?

Thank you

WC30/5/1/2/2/10171MR // BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, CHAS FURHAT....., the undersigned and in my capacity as owner/legal occupant/resident of the property known as SECTION 3b, BONGANI MINERALS (PTY) LTD hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

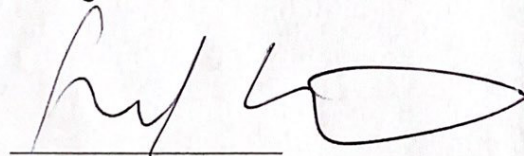

My reasons for the objection include, but is not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated protected environment, the intensive agricultural activities in the areas, the hydrology and aquifers, and the Krom Antonies and Verlorenvlei areas in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors who he represents.

Kind regards

Marlene van den Berg

Dear I&AP

Thank you for taking part in the Public Participation Process of the mining right application applied for by Bongani Minerals (Pty) Ltd under reference number WC 30/5/1/2/2/10171 MR.

Please note our commenting period for this project is now closed.

Greenmined Environmental (Pty) Ltd, the independent environmental consultant on the application, thank you for your comments on the Draft Scoping Report and herewith acknowledge receipt of your correspondence dated 3 July 2023.

We take note of your concerns and it will be forwarded, for consideration by the Department of Mineral Resources and Energy (DMRE). Unfortunately as the Final Scoping report has been sent for printing your comments will not be incorporated into the Final Scoping Report.

All comments will be assessed and responded to in the Draft Environmental Impact Assessment Report, which will also be provided to the specialists forming part of the project team for their input. All comments, concerns and/or objections received as part of this process will be listed and submitted to DMRE for consideration.

Kind Regards/Vriendelike Groete

WC30/5/1/2/2/10171MR // BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, Andrew David Bance, the undersigned and in my capacity as owner/legal occupant/resident of the property known as 573 Voortrekker Straat, Redelinghuys, 8105...., hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but is not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated protected environment, the intensive agricultural activities in the areas, the hydrology and aquifers, and the Krom Antonies and Verlorenvlei areas in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors who he represents.

Kind regards

Andrew Bance

WC30/5/1/2/2/10171MR // BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, Catherine Mary Brown, the undersigned and in my capacity as owner/legal occupant/resident resident of the property known as Banghoek Private Nature Reserve Catherine hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but is not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated protected environment, the intensive agricultural activities in the areas, the hydrology and aquifers, and the Krom Antonies and Verlorenvlei areas in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors who he represents.

Kind regards

Catherine Brown

WC30/5/1/2/2/10171MR // BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, Guy Pluck, the undersigned and in my capacity as owner/legal occupant/resident of the property known as 48 Riverside Park, Somerset West, hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but is not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated protected environment, the intensive agricultural activities in the areas, the hydrology and aquifers, and the Krom Antonies and Verlorenvlei areas in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors who he represents.

Kind regards

Guy Pluck

Dear I&AP

Thank you for taking part in the Public Participation Process of the mining right application applied for by Bongani Minerals (Pty) Ltd under reference number WC 30/5/1/2/2/10171 MR.

Please note our commenting period for this project is now closed.

Greenmined Environmental (Pty) Ltd, the independent environmental consultant on the application, thank you for your comments on the Draft Scoping Report and herewith acknowledge receipt of your correspondence dated 11 July 2023.

We take note of your concerns and it will be forwarded, for consideration by the Department of Mineral Resources and Energy (DMRE). Unfortunately as the Final Scoping report has been sent for printing your comments will not be incorporated into the Final Scoping Report.

All comments will be assessed and responded to in the Draft Environmental Impact Assessment Report, which will also be provided to the specialists forming part of the project team for their input. All comments, concerns and/or objections received as part of this process will be listed and submitted to DMRE for consideration.

Kind Regards/Vriendelike Groete

WC30/5/1/2/2/10171MR // BONGANI MINERALS (PTY) LTD// APPLICATION FOR A MINING RIGHT IN TERMS OF SECTION 22 OF THE MINERAL AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 TO MINE TUNGSTEN AND MOLYBDENUM ON PORTION 21 OF THE FARM NAMAQUASFONTEIN 76; THE REMAINING EXTENT OF PORTION 6 OF THE FARM NAMAQUASFONTEIN 76; AND PORTION 1 OF THE FARM NAMAQUASFONTEIN 297 IN THE MAGISTERIAL DISTRICT OF PIKETBERG

I, Sarelda Lawrence....., the undersigned and in my capacity as owner/legal occupant/resident of the property known as 40 Lang Street, Aurora, 7325....., hereby record my strongest objections against the above application and I insist on being registered as an interested and affected person.

My reasons for the objection include, but is not limited to, the fact that any mining operations shall have a detrimental and irreversible negative impact upon the promulgated protected environment, the intensive agricultural activities in the areas, the hydrology and aquifers, and the Krom Antonies and Verlorenvlei areas in general.

It is my request that the applications be refused by the relevant authority because of –

- the negative and detrimental impacts that any envisaged mining operations will have on the entire area, environmentally, socio-economically; the provision of water to the area and agriculturally;
- the fact that it will not be possible to satisfactorily mitigate any negative impacts on the area;
- the fact that no rehabilitative measures would prevent the degradation of the area and render it in the same position as it was before mining operations; and
- the undesirability of mining operations in the area.

I am aware of the fact that Adv Martin Coetzee will be submitting a detailed objection against the mining right application and the application for environmental authorisation, and I hereby give him a mandate to also object on my behalf and include my name in the list of objectors who he represents.

Kind regards

S Lawrence

Dear I&AP

Thank you for taking part in the Public Participation Process of the mining right application applied for by Bongani Minerals (Pty) Ltd under reference number WC 30/5/1/2/2/10171 MR.

Please note our commenting period for this project is now closed.

Greenmined Environmental (Pty) Ltd, the independent environmental consultant on the application, thank you for your comments on the Draft Scoping Report and herewith acknowledge receipt of your correspondence dated 12 July 2023.

We take note of your concerns and it will be forwarded, for consideration by the Department of Mineral Resources and Energy (DMRE). Unfortunately as the Final Scoping report has been sent for printing your comments will not be incorporated into the Final Scoping Report.

All comments will be assessed and responded to in the Draft Environmental Impact Assessment Report, which will also be provided to the specialists forming part of the project team for their input. All comments, concerns and/or objections received as part of this process will be listed and submitted to DMRE for consideration.

Kind Regards/Vriendelike Groete

Subject: Breaking News ⚠ Moutonshoek mining application registers more than 750 objections

**The application by Bongani
Minerals to mine tungsten and**

other minerals on the Cape West Coast has received more than 750 objections

Mining in the Moutonshoek catchment area will likely negatively affect nearby farmlands, livelihoods and the environment – leading to potentially dire consequences downstream at Verlorenvlei at Elands Bay on the coast, for example. The great response from Interested and Affected Parties (I&APs) underlines that knowledge is power and community is strength.

There are not many methods to fight the onslaught of mining applications on the West Coast, but the Public Participation Process is one of our strongest mechanisms.

To see it utilised to this scale and effect is a significant result. We don't know if this is a record, but to our knowledge the average number of objections to prospecting and mining applications in the area ranges from a handful to a few dozen registered I&APs. But 750? That is explosive!

These objections are a testament to the hard work by organisations such as Friends of Verlorenvlei, Protect The West Coast, and several other community activists and stakeholders who have been lobbying the community to register their objections.

Even better news is that it is STILL not too late – you can also make your voice heard!

Advocate Martin Coetzee, who is handling the objection process on behalf of the community, is still able to receive objections and wants this number to reach at least 1,000.

So, if you don't want to see an ugly tungsten mine sully the West Coast, please add your name to that list by registering as an I&AP.

To register, and for more information, contact Martin Coetzee marcec@mweb.co.za
