**TWIN YOUTH INITIATIVE TRADING CC (THE  
“APPLICANT”) APPLIED FOR A SAND MINING  
PERMIT FROM 4.9 HA OF THE REMAINING EXTENT  
OF THE FARM JAMMERBERGSDRIFT 540,  
MAGISTERIAL DISTRICT WEPENER,  
FREE STATE PROVINCE**

**Ref No: FS 30/5/1/3/2/10232MP**

**EXAMPLE OF THE BACKGROUND INFORMATION DOCUMENT SENT TO  
INFORM THE STAKEHOLDERS AND I&AP'S ON THE 6<sup>TH</sup> OF JUNE 2018**

6 June 2018

To whom it may concern

**RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS  
AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF  
2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT  
107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT  
ASSESSMENT REGULATIONS, 2014 (AS AMENDED APRIL 2017)**

Twin Youth Initiative Trading CC (the "Applicant") applied for a sand mining permit from 4.9 ha of the Remaining Extent of the farm Jammerbergsdrift 540, Magisterial District Wepener, Free State Province.

***SITE DESCRIPTION***

The proposed mining area on a portion of the Remaining Extent of the farm Jammerbergsdrift 540 is situated approximately 7 km north-west of Wepener town, directly adjacent to the bridge (on the R26 primary road) crossing over the Caledon River. The area earmarked for the proposed mining extends over a section of the river intensively mined for sand over the years. The GPS coordinates of the proposed mining area is as follows:

■ A 29°43'24.46"S;	26°57'50.66"E
■ B 29°43'20.91"S;	26°57'59.49"E
■ C 29°43'18.71"S;	26°58'05.46"E
■ D 29°43'18.02"S;	26°58'09.61"E
■ E 29°43'17.42"S;	26°58'14.29"E
■ F 29°43'17.21"S;	26°58'17.90"E
■ G 29°43'19.16"S;	26°58'18.03"E
■ H 29°43'19.75"S;	26°58'12.88"E
■ I 29°43'20.23"S;	26°58'08.11"E
■ J 29°43'20.94"S;	26°58'06.20"E
■ K 29°43'23.91"S;	26°57'57.65"E
■ L 29°43'26.38"S;	26°57'51.76"E

## **LEGAL COMPLIANCE**

The Applicant submitted an application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) to the Department of Mineral Resources on 2 October 2017 and the project was assigned FS 30/5/1/3/2/10232 MP as reference number.

The proposed project triggers the following listed activities in terms of the National Environmental Management Act, 1998 (Act 107 of 1998) and the Environmental Impact Assessment Regulations, 2014 (as amended 2017) and therefore requires a basic assessment process to obtain environmental authorisation:

- GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 19:  
*The infilling or depositing of any material of more than 10 cubic meters into, or the dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 10 cubic meters from a watercourse.*
- GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 21:  
*Any activity including the operation of that activity which requires a mining permit in terms of section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002), including a) associated infrastructure, structures and earthworks, directly related to the extraction of a mineral resource; or b) the primary processing of a mineral resources including winning, extraction, classifying, concentrating, crushing, screening or washing.*
- GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 22:  
*The decommissioning of any activity requiring i) a closure certificate in terms of section 43 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002); or ii) a prospecting right, mining right, mining permit, production right or exploration right, where the throughput of the activity has reduced by 90% or more over a period of 5 years excluding where the competent authority has in writing agreed that such reduction in throughput does not constitute closure.*
- GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 26:  
*Residential, retail, recreational, tourism, commercial or institutional developments of 1 000 square meters or more, on land previously used for mining or heavy industrial purposes.*

The proposed mining area is situated within the Caledon River and requires Water Use Authorisation in terms of Section 39 of the National Water Act, 1998 (Act No. 36 of 1998) for at least the water uses as defined in section 21 (a), (c) and (i).

## ***PROJECT DESCRIPTION***

The proposed project will entail the winning of sand from a section of the Caledon River that has been intensively mined for sand over the years. The applicant will either recover the sand by means of earthmoving machinery that will load it onto trucks that will haul it to the stockpile area (within the 4.9 ha mining area) from where it will be sold and transported to the clients; or alternatively pump the sand by means of a sand pump into two settling ponds (within the 4.9 ha mining area) from where the water will gravitate back into the river and the sand will be loaded onto trucks to be transported to clients. All mining related activities will be contained within the approved mining permit boundaries, and from previous experience it is known that the river will annually replenish the sand resource during periods of high flow (approximately October – March). No mining will take place during these high flow periods, and all machinery and equipment will be removed from the riverbed as the applicant will make use of temporary infrastructure during the operational phase. The sand to be removed from the mining area will be sold to the building and construction industry. The Applicant intends to win sand from the area for at least three years with a possibility of a two-year extension. Workers will daily be transported to and from the site.

### **THE MINING ACTIVITIES WILL CONSIST OF THE FOLLOWING:**

- Wining of sand through mechanical means;
- Stockpiling and transporting of material from site;
- Sloping and landscaping upon closure of the site.

### **THE MINING SITE WILL CONTAIN THE FOLLOWING:**

- Sand Pump/s;
- Two settling ponds;
- Excavation Equipment;
- Earth Moving Equipment;
- Trucks and Trailers.

### **ACCESS ROUTE:**

- The existing farm road will be used to gain access to the proposed mining area and no new roads have to be constructed.
- Haul roads, inside the approved mining area, will be extended as mining progress.
- The haul roads to be established to the site will be below the threshold of the EIA regulations of the National Environmental Management Act, 1998 (Act No 107 of 1998) as amended June 2017.

## ***BRIEF SITE DESCRIPTION***

### **VISUAL EXPOSURE:**

- The proposed mining activity will be visible from the R26 for the duration of the operational phase.
- In an attempt to mitigate the visual impact, the applicant will ensure that good housekeeping is implemented on-site.
- Upon closure, the site will be rehabilitated, all machinery and equipment will be removed from the area, and the disturbed surface will be reinstated to return the footprint to its prior status and allow the natural flow of the river.
- The visual impacts caused as a result of the activity will be erased when the Caledon River flows and no residual effect, on the aesthetics of the area, is expected.

### **EXISTING INFRASTRUCTURE:**

- As the proposed mining area is situated within the Caledon riverbed no existing infrastructure will be affected by the mining activity.
- As mentioned previously the R26 passes the site to the west with the Jim Fouche bridge being ±140 m from the nearest mining boundary. The applicant will make use of the existing farm road to transport the material from site.

### **VEGETATION COVER:**

- The footprint of the mining area falls within the Caledon River and will therefore require minimal to no vegetation removal.
- At the time of the inspection no red data or protected plants could be identified in the proposed footprint area of the mine.

### **SURFACE AND GROUND WATER:**

- The riverbed of the Caledon River will be affected for the duration of the operational phase.
- The area has been previously utilised for sand mining purposes and as mentioned previously the river replenishes the sand resource during high flow periods.
- Housekeeping at the mining area will be of the utmost importance to minimise the impact on the receiving environment and downstream users, and will be audited monthly.

## **SITES OF ARCHAEOLOGICAL AND CULTURAL INTEREST**

- No sites of archaeological or cultural importance were identified during the site inspection as the site falls within the Caledon riverbed and has been extensively used for sand mining purposes.

## **FAUNA (AQUA & TERRESTRIAL)**

- Mining will only be done during low flow periods and no impact is expected on the terrestrial fauna that may be present within the immediate vicinity.
- The aquatic fauna will be contained to the parts of the river where flow continues, and the applicant will take care not to disturb these areas during the operational phase so as to allow the fauna an opportunity to move away or through the site, without being harmed.

## ***POTENTIAL ENVIRONMENTAL IMPACTS***

### **ABLUTION, WASTE WATER & WASTE DISPOSAL:**

- Ablution facilities will consist of a chemical toilet hired from a contractor and serviced at least weekly. The toilet will be placed at a safe distance (>100 m) from the Caledon riverbank to minimize the potential impact on the watercourse.
- No effluents containing oil, grease or other industrial substances will be stored at the mining area and no servicing of vehicles or equipment will be allowed at the site.
- Spills will be cleaned up immediately to the satisfaction of the Regional Manager by removing the spillage together with the polluted soil and by disposing of it at a recognised facility.
- All general waste (non-biodegradable & biodegradable) will be stored in a container to be kept in a site vehicle that will dispose of the waste at a recognised landfill site.
- No waste will be burned or buried on site.

### **EROSION AND STORM WATER MANAGEMENT:**

- Site management will weekly monitor the mining area for signs of erosion and reinstate any areas of concern within a week from the day of identification.
- Added attention will be bestowed upon the entrance from the river bank into and out of the mining area.
- Storm water management infrastructure will be added to the mining area when deemed necessary to protect the mining equipment during high rainfall spells. As mentioned previously all machinery and equipment will be removed from the mining area during the rainy months and associated high flow periods of the river.
- At no given time will the river be blocked of or diverted as a result of the mining activities.

## ***FINAL REHABILITATION***

The closure objectives for the proposed mining area will include the following:

- No buildings or other infrastructure will have to be removed other than access routes and the footprint of the stockpile area. Upon closure of the site all machinery and equipment will be removed from the mining area.
- All the routes into the mining area will be repaired or rehabilitated if no longer needed by the landowner.
- Material will be selectively removed to minimize product not suitable for sale. Larger grained material, organic particles and clay that are separated from the saleable product will be used to rehabilitate the mined area upon closure of the site.
- All stockpiles and the settling ponds will be removed during the decommissioning phase and the area will be levelled.
- Photographs of the mining area, before and during the mining operation and after rehabilitation, shall be taken at selected fixed points and kept on record for the information of the Regional Manager.
- Waste material of any description, including receptacles, scrap, rubble and tyres, will be removed entirely from the mining area and disposed of at a recognized landfill facility. It will not be permitted to be buried or burned on the site.
- Weed / Alien clearing will be done in a sporadic manner during the life of the mining activities.
- Final rehabilitation shall be completed within a period specified by the Regional Manager.

### ***PUBLIC INVOLVEMENT***

This document is to inform you about the proposed activity and to determine whether there are any concerns or objections from interested and affected parties (I&AP's) that need to be considered.

As interested and affected party you are kindly requested to complete the comments form and give any comment/concern or input with regard to the current land use of the area, the environment as well as socio-economic conditions that you feel might be affected by the proposed activity. When submitting response please provide suggestions to mitigate the anticipated impact of each identified activity.

Please contact Christine Fouche at the contact details as presented in the letterhead or at [christine.f@greenmined.co.za](mailto:christine.f@greenmined.co.za) through any means should you need more information, have concerns or comments that need to be considered or if you want to be registered as an interested and/or affected party and would like to receive a copy of the draft Basic Assessment Report (DBAR) on or before 9 July 2018. If we do not receive any comments from you within 30 days of receipt of this notice, it will be accepted that you do not have any objections/comments with regard to the project.

Should you be interested, you are also invited to a public meeting where the proposed project will be discussed. The meeting details are as follows:

- **Date**: 22 June 2018
- **Time**: 13:00
- **Venue**: On the farm Jammerbergsdrift, Wepener.

- **Directions to Venue:** When travelling from Bloemfontein, at the intersection of the R702 and R26, turn right and continue along the road up to the first turn-off to your left. Turn left onto the farm and continue with the road up to the warehouse standing adjacent to the Caledon River.
- **GPS Coordinates:** -29.723015°S 26.960088°E / 29°43'22.85"S 26°57'36.24"E

A register of interested and affected parties (I&AP's) will be opened and maintained containing the names, contact details and address of all persons who have submitted written comments, attended meetings or have in writing requested to be registered and all organs of state which have jurisdiction in respect of the activity. Please note that only registered I&AP's and stakeholders will be entitled to comment on reports and plans to be submitted to the Department provided that the party provide its name, contact details and address and discloses any direct business, financial, personal or other interest which he/she may have in the approval or refusal of the applications.

The DBAR will be submitted to the Department of Mineral Resources – FS (DMR) for review purposes. This report will also be made available to registered I&AP's and stakeholders for a 30-days review period. An electronic copy of the report can be requested from Greenmined Environmental. Upon laps of the commenting period the DBAR will be updated to reflect the comments received during the public commenting period upon which the final Basic Assessment Report & Environmental Management Programme will be submitted to DMR for its consideration as part of the authorization process in terms of the NEMA regulation. A copy of the final BAR will be made available upon request. All registered I&AP's and stakeholders will be notified in writing within 14 days of the date of the decision of the outcome of the application, including the reasons for the decision and the right of appeal.

Dear Ms Lingenfelder

### **LAND CLAIMS ENQUIRY:**

#### **1. REMAINING EXTENT OF THE FARM JAMMERBERGSDRIFT 540, DISTRICT WEPENER, PROVINCE FREE STATE**

We refer to your letter sent to our office on the 06. June 2018.

We confirm that as at the date of this letter no land claims appear on our database in respect of the Property. This includes the database for claims lodged by 31 December 1998; and those lodged between 1 July 2014 and 27 July 2016 in terms of the Restitution of Land Rights Amendment Act, 2014.

Whilst the Commission takes reasonable care to ensure the accuracy of the information it provides, there are various factors that are beyond the Commission's control, particularly relating to claims that have been lodged but not yet been gazetted such as:

1. Some Claimants referred to properties they claim dispossession of rights in land against using historical property descriptions which may not match the current property description; and

2. Some Claimants provided the geographic descriptions of the land they claim without mentioning the particular actual property description they claim dispossession of rights in land against.

The Commission therefore does not accept any liability whatsoever if through the process of further investigation of claims it is found that there is in fact a land claim in respect of the above property.

If you are aware of any change in the description of the above property after 19 June 1913 kindly supply us with such description so as to enable us to do a further search.

Yours faithfully

**MR KB MAHLATJI**  
**DEPUTY DIRECTOR: INFORMATION MANAGEMENT UNIT**

# CORRESPONDENCE WITH THE DEPARTMENT OF AGRICULTURE AND RURAL DEVELOPMENT ON THE 6<sup>TH</sup> OF JUNE 2018

Ref No: FS 30/5/1/3/2/10232MP

**Applicant:**  
Twin Youth Initiative Trading CC  
P.O. Box 8805  
Reitz  
9810  
Cell: 079 540 5340

## **BACKGROUND INFORMATION DOCUMENT**

6 June 2018

Department of Agriculture and Rural Development  
Private Bag X01  
Glen  
Bloemfontein  
9360

051 861 8509

Attention: Mr Mbana Peter Thabethe

**RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 (AS AMENDED APRIL 2017)**

Twin Youth Initiative Trading CC (the "Applicant") applied for a sand mining permit from 4.9 ha of the Remaining Extent of the farm Jammerbergsdrift 540, Magisterial District Wepener, Free State Province.

### ***SITE DESCRIPTION***

The proposed mining area on a portion of the Remaining Extent of the farm Jammerbergsdrift 540 is situated approximately 7 km north-west of Wepener town, directly adjacent to the bridge (on the R26 primary road) crossing over the Caledon River. The area earmarked for the proposed mining extends over a section of the river intensively mined for sand over the years. The GPS coordinates of the proposed mining area is as follows:

- A 29°43'24.46"S; 26°57'50.66"E
- B 29°43'20.91"S; 26°57'59.49"E
- C 29°43'18.71"S; 26°58'05.46"E
- D 29°43'18.02"S; 26°58'09.61"E
- E 29°43'17.42"S; 26°58'14.29"E
- F 29°43'17.21"S; 26°58'17.90"E

**RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 (AS AMENDED APRIL 2017)**

Twin Youth Initiative Trading CC (the "Applicant") applied for a sand mining permit from 4.9 ha of the Remaining Extent of the farm Jammerbergsdrift 540, Magisterial District Wepener, Free State Province.

***SITE DESCRIPTION***

The proposed mining area on a portion of the Remaining Extent of the farm Jammerbergsdrift 540 is situated approximately 7 km north-west of Wepener town, directly adjacent to the bridge (on the R26 primary road) crossing over the Caledon River. The area earmarked for the proposed mining extends over a section of the river intensively mined for sand over the years. The GPS coordinates of the proposed mining area is as follows:

- A 29°43'24.46"S; 26°57'50.66"E
- B 29°43'20.91"S; 26°57'59.49"E

079 523 7849

Attention: Mr Johan Groenewald  
Dear Sir

**RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 (AS AMENDED APRIL 2017)**

Twin Youth Initiative Trading CC (the "Applicant") applied for a sand mining permit from 4.9 ha of the Remaining Extent of the farm Jammerbergsdrift 540, Magisterial District Wepener, Free State Province.

***SITE DESCRIPTION***

The proposed mining area on a portion of the Remaining Extent of the farm Jammerbergsdrift 540 is situated approximately 7 km north-west of Wepener town, directly adjacent to the bridge (on the R26 primary road) crossing over the Caledon River. The area earmarked for the proposed mining extends over a section of the river intensively mined for sand over the years. The GPS coordinates of the proposed mining area is as follows:

- A 29°43'24.46"S; 26°57'50.66"E
- B 29°43'20.91"S; 26°57'59.49"E
- C 29°43'18.71"S; 26°58'05.46"E
- D 29°43'18.02"S; 26°58'09.61"E
- E 29°43'17.42"S; 26°58'14.29"E
- F 29°43'17.21"S; 26°58'17.90"E
- G 29°43'19.16"S; 26°58'18.03"E
- H 29°43'19.75"S; 26°58'12.88"E
- I 29°43'20.23"S; 26°58'08.11"E
- J 29°43'20.94"S; 26°58'06.20"E
- K 29°43'23.91"S; 26°57'57.65"E
- L 29°43'26.38"S; 26°57'51.76"E

6 June 2018

082 572 7088

Attention: Mr Hannes Meyer

Dear Sir

**RE: NOTICE OF APPLICATIONS IN TERMS OF SECTION 27 OF THE MINERALS AND PETROLEUM RESOURCES DEVELOPMENT ACT, 2002 (ACT NO 28 OF 2002) AND THE NATIONAL ENVIRONMENTAL MANAGEMENT ACT, 1998 (ACT 107 OF 1998 NEMA) AS WELL AS THE ENVIRONMENTAL IMPACT ASSESSMENT REGULATIONS, 2014 (AS AMENDED APRIL 2017)**

Twin Youth Initiative Trading CC (the "Applicant") applied for a sand mining permit from 4.9 ha of the Remaining Extent of the farm Jammerbergsdrift 540, Magisterial District Wepener, Free State Province.

### ***SITE DESCRIPTION***

The proposed mining area on a portion of the Remaining Extent of the farm Jammerbergsdrift 540 is situated approximately 7 km north-west of Wepener town, directly adjacent to the bridge (on the R26 primary road) crossing over the Caledon River. The area earmarked for the proposed mining extends over a section of the river intensively mined for sand over the years. The GPS coordinates of the proposed mining area is as follows:

- A 29°43'24.46"S; 26°57'50.86"E
- B 29°43'20.91"S; 26°57'59.49"E
- C 29°43'18.71"S; 26°58'05.46"E
- D 29°43'18.02"S; 26°58'09.81"E
- E 29°43'17.42"S; 26°58'14.29"E
- F 29°43'17.21"S; 26°58'17.90"E
- G 29°43'19.16"S; 26°58'18.03"E
- H 29°43'19.75"S; 26°58'12.88"E
- I 29°43'20.23"S; 26°58'08.11"E
- J 29°43'20.94"S; 26°58'08.20"E
- K 29°43'23.91"S; 26°57'57.65"E

**ALGEMEEN**

**NOTICE OF MINING PERMIT APPLICATION**

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) and the National Environmental Management Act, 1998 (Act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations, 2014 (as amended April 2017) of intent to carry out the following activity:

Twin Youth Initiative Trading CC applied for authorisation to mine sand from the Caledon riverbed within a 4,9-ha area of the Remaining Extent of the farm Jammerbergsdrift 540, Wepener, Free State Province. The mining method will make use of the mechanical winning of sand from the river bed during low flow. The recovered sand is then stockpiled until sold and transported to clients. An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) was submitted to the Department of Mineral Resources on 2 October 2017 and assigned FS 30/5/1/3/2/10232 MP as reference number.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations, 2014 (as amended April 2014) and therefore requires a basic assessment process to obtain environmental authorisation:

- GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 19: The infilling or depositing of any material of more than 10 cubic meters into, or the dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 10 cubic meters from a watercourse.
- GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 21: Any activity including the operation of that activity which requires a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), including a) associated infrastructure, structures and earthworks directly related to the extraction of a mineral resource or b) the primary processing of a mineral resource including winning, extraction, classifying, concentrating, crushing, screening or washing.
- GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 22: The decommissioning of any activity requiring i) a closure certificate in terms of Section 43 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) or ii) a prospecting right, mining right, mining permit, production right or exploration right, where the throughput of the activity has reduced by 90% or more over a period of 5 years excluding where the

competent authority has in writing agreed that such reduction in throughput does not constitute closure.

- GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 26: Residential, retail, recreational, tourism, commercial or institutional developments of 1 000 square meters or more, on land previously used for mining or heavy industrial purposes.

Interested and Affected Parties (I&APs) are invited to provide written comments. I&APs must provide their comments with their name and contact details to the environmental consultant indicated below within 30 days from the date of this notice. Should additional information be required, it can be obtained from Greenmined Environmental.

You are also invited to a public meeting where the proposed project will be discussed. The meeting details are as follows:

- Date: 22 June 2018
- Time: 13:00
- Venue: On the farm Jammerbergsdrift, Wepener.
- Directions to venue: When travelling from Bloemfontein, at the intersection of the R702 and R26, turn right and continue along the road up to the first turn-off to your left. Turn left onto the farm and continue with the road up to the warehouse standing adjacent to the Caledon River.

**Sondag 17 Junie**

'n Vadersdag-buffet-ete word van 11:30 tot 14:30 by die Summerwood Country Estate aangebied. Kaartjies kos R200 vir volwassenes. Die prys van kinderkaartjies wissel van R40 tot R80, afhangend van die ouderdom. Doen 'n bespreking deur 082-555-8980 te skakel.

## NOTICE OF MINING PERMIT APPLICATION

Notice is hereby given in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002) and the National Environmental Management Act, 1998 (Act 107 of 1998 NEMA) as well as the Environmental Impact Assessment Regulations, 2014 (as amended April 2017) of intent to carry out the following activity:

Twin Youth Initiative Trading CC applied for authorisation to mine sand from the Caledon riverbed within a 4,9-ha area of the Remaining Extent of the farm Jammerbergsdrift 540, Wepener, Free State Province. The mining method will make use of the mechanical winning of sand from the river bed during low flow. The recovered sand is then stockpiled until sold and transported to clients. An application for a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) was submitted to the Department of Mineral Resources on 2 October 2017 and assigned FS 30/5/1/3/2/10232 MP as reference number.

The proposed project triggers the following listed activities in terms of NEMA, 1998 and the EIA Regulations, 2014 (as amended April 2014) and therefore requires a basic assessment process to obtain environmental authorisation:

competent authority has in writing agreed that such reduction in throughput does not constitute closure.

•GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 26:

Residential, retail, recreational, tourism, commercial or institutional developments of 1 000 square meters or more, on land previously used for mining or heavy industrial purposes.

Interested and Affected Parties (I&APs) are invited to provide written comments. I&APs must provide their comments with their name and contact details to the environmental consultant indicated below within 30 days from the date of this notice. Should additional information be required, it can be obtained from Greenmined Environmental.

You are also invited to a public meeting where the proposed project will be discussed. The meeting details are as follows:

- Date: 22 June 2018
- Time: 13:00
- Venue: On the farm Jammerbergsdrift, Wepener.

•Directions to venue: When travelling from Bloemfontein, at the intersection of the R702 and R26, turn right and continue along the road up to the first turn-off to your left. Turn left onto the farm and continue with the road up to the warehouse standing adjacent to the Caledon River.

•GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 19:

The infilling or depositing of any material of more than 10 cubic meters into, or the dredging, excavation, removal or moving of soil, sand, shells, shell grit, pebbles or rock of more than 10 cubic meters from a watercourse.

•GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 21:

Any activity including the operation of that activity which requires a mining permit in terms of Section 27 of the Mineral and Petroleum Resources Development Act, 2002 (Act No. 28 of 2002), including a) associated infrastructure, structures and earthworks directly related to the extraction of a mineral resource or b) the primary processing of a mineral resource including winning, extraction, classifying, concentrating, crushing, screening or washing.

•GNR 327 Environmental Impact Assessment Regulations Listing Notice 1 of 2017 Activity 22:

The decommissioning of any activity requiring i) a closure certificate in terms of Section 43 of the Mineral and Petroleum Resources Development Act, 2002 (Act No 28 of 2002) or ii) a prospecting right, mining right, mining permit, production right or exploration right, where the throughput of the activity has reduced by 90% or more over a period of 5 years excluding where the

the watercourse flowing adjacent to the Caledon River.

•GPS Coordinates:

29.723015° S 26.960088° E /  
29° 43'22.85"S 26° 57'36.24"E

A register of I&APs that submitted written comments or requested to be registered, will be opened. All organs of state which have jurisdiction in respect of the activity will also be listed on the register. Please note that only registered I&APs will be entitled to comment on reports and plans to be submitted to the Department, provided that the party provides its name, contact details and address and discloses any direct business, financial, personal or other interest which the party may have in the approval or refusal of the application. The registered I&APs will, in writing, within 14 days of the date of the decision be notified of the outcome of the application, including the reasons for the decision and the right to appeal.

# RESPONSE RECEIVED FROM MR H MAREE OF THE DEPARTMENT OF POLICE, ROADS AND TRANSPORT ON THE 27<sup>TH</sup> OF JULY 2018

0

The screenshot shows an Outlook window with the following details:

- Subject:** FW: DRAFT BASIC ASSESSMENT REPORT AND EMPr: PUBLIC COMMENTS FOR THE MINING PERMIT APPLICATION ON THE REMAINING EXTENT OF THE FARM JAMMERBERGSDRIFT 540, WEPENER: FR...
- From:** Hannes Maree [mailto:MareeH@freetrans.gov.za]
- Sent:** 27 July 2018 12:15 PM
- To:** Yolandie Coetzee <yolandie.c@greenmined.co.za>
- Subject:** DRAFT BASIC ASSESSMENT REPORT AND EMPr: PUBLIC COMMENTS FOR THE MINING PERMIT APPLICATION ON THE REMAINING EXTENT OF THE FARM JAMMERBERGSDRIFT 540, WEPENER: FREE STATE

The body of the email contains the following text:

Good day Yolandie

I refer to your letter with reference number FS30/5/1/3/2/1/10232 MR dated 17 July 2018 refers.

The Department of Police, Roads and Transport is an affected party with regard to the proposed mining of sand on the remaining extent of the farm Jammerbergsdrift 540, Wepener, Free State.

It will be appreciated if you could provide this Department with a copy of the relevant documents to enable this Department to give thoughtful consideration to the application and to formulate and forward suitable comments in this regard.

Your assistance is greatly appreciated.

Regards

Hannes Maree  
Assistant Director: Land Acquisition  
**Department of Police, Roads and Transport**

**APPLICATION FOR ENVIRONMENTAL AUTHORISATION FOR MINING: REMAINDER OF  
THE FARM JAMMERBERGSDRIFT 650: MAGISTERIAL DISTRICT OF WEPENER, FREE  
STATE PROVINCE: TWIN YOUTH INITIATIVE TRADING CC**

1. Your letter with reference number FS 30/5/1/3/2/10232 MP dated 27 July 2018 refers.
2. This Department reserved a borrow pit on the remainder of Jammerbergsdrift 540 in terms of the provisions of section 17(2) of the Free State Roads Ordinance, 1968 (Ordinance no. 4 of 1968), as amended. The position and extent of this borrow pit no. 171/189 is indicated on the accompanying diagram. The material from this borrow pit will be utilized by this Department for road building purposes.
3. It could not be determined from the plan/drawings that you submitted with your above-mentioned letter whether the application affects this Department's above-mentioned borrow pit. It will therefore be appreciated if you could provide an amended drawing to indicate the position of this Department's borrow pit no. 171/189 relative to the proposed borrow pit by application of the Twin Youth Initiative Trading CC .
4. This Department will only be in a position to provide comments on the application once the amended drawing is received. Objection is thus made to the application until the amended drawing is submitted for consideration and approval.

Yours faithfully

**PROCEDURE FOR THE  
COMPIATION OF QUARRY  
DIAGRAMS**

**1. Locality Sketch**  
 a) Use a small scale, indicate relative position w.r.t. farms roads and all other quarries on the same farm.  
 b) Indicate North Point.  
 c) Indicate scale of the sketch: 1:25 000 or larger.

**2. Detail Plan**  
 a) Indicate Scale of plan.  
 b) Indicate position of quarry w.r.t. boundaries, fences, roads, rivers or other quarries OR the distances to these points.  
 c) Indicate North Point.  
 d) Position of the quarry marker.  
 e) Use symbols to show whether the quarry is marked or not.

Please note: This diagram serves as an indication of the position and form of the quarry. Areas are accurately subdivided respectively.

**2. Remarks**  
 a) If the quarry is not fenced by describe the way in which it is fenced off.

b) Use the following symbols of owners:

c) Name the type of material and the purpose for which it is used eg. Switching layer (course or ROADWEAR) = DRIBBLERS

d) Name the type of material and the purpose for which it is used eg. Switching layer (course or ROADWEAR) = DRIBBLERS

RE: APPLICATION FOR ENVIRONMENTAL AUTHORISATION FOR MINING: REMAINDER OF JAMMERBERGSDRIFT 650: WEPENER, FREE STATE: TWIN YOUTH INITIATIVE TRADING CC

Map showing borrow... 0 bytes

Dear Sir

The comments received 14 August 2018 has reference.

Greenmined acknowledge receipt of the abovementioned comments, and present you with a map showing the location of borrow pit 171/189 in relation to the proposed sand mining area applied for by Twin Youth Initiative Trading CC.

Please take note that the mining permit application is for the mining of sand from the Caledon riverbed, and will therefore not encroach nor affect the mining of road building material from the Department's borrow pit.

We trust you find this in order. Please do not hesitate to contact us in the event of any uncertainties.

Kind Regards/Vriendelike Groete

Dear Sir/Madam

**RE: DRAFT BASIC ASSESSMENT REPORT AND ENVIRONMENTAL MANAGEMENT PROGRAMME REPORT FOR PUBLIC COMMENTS FOR THE MINING PERMIT APPLICATION ON THE REMAINING EXTENT OF THE FARM JAMMERBERGSDRIFT 540, WEPENER, FREE STATE PROVINCE**

The Draft Basic Assessment Report (BAR) and Environmental Management Programme Report (EMPR) for the propose mining of sand from a portion of the Remaining Extent of the farm Jammerbergsdrift 540, Wepener, is now available for your perusal. A copy of the document can be obtained from Greenmined Environmental upon request, or downloaded from the company website at [www.greenmined.com](http://www.greenmined.com).

Should you be interested your comments are kindly requested on the DBAR & EMPR. A thirty-day commenting period, ending on **20 August 2018**, will be allowed for comments. Your comments must be in writing and can be submitted via facsimile, e-mail and/or mail. Please do not hesitate to contact us in the event of any uncertainties and please ensure that your contact details are included with your comments.

If we do not receive any comments from you before the end of the commenting period it will be accepted that you do not have any additional objections/comments with regard to the project. We trust that you find it in order and kindly await your comments on this report.

Please contact Christine Fouche at 082 811 8514 (Cell) or 021 851 2673 (Tel), 086 546 0579 (Fax), or [christine.f@greenmined.co.za](mailto:christine.f@greenmined.co.za) should you require any additional information.

Kind Regards

Attention: C Fouche

**DRAFT SCOPING REPORT FOR THE PROPOSE OF MINING SAND ON THE  
REMAINING EXTENT OF THE FARM JAMMERBERGSDRIFT 540: GREENMINED  
ENVIRONMENTAL, WEPENER, FREE STATE PROVINCE.**

The consultation letter with reference no: FS 30/5/1/3/2/10232 MP and a copy of the  
Scoping Report are hereby referred to:

The Department of Water and Sanitation has no objection towards the proposed project  
on condition that the following is adhered to

- When excavating, the depth of the borrow pits may not exceed the level of the natural water table.
- The applicant has to ensure the storm water run-off has to be directed away from the site to ensure the separation of clean and dirty water.
- No activities may take place, without the necessary authorisation from this Department, within a horizontal distance of 100 m from any watercourse or estuary or within a 500 m radius from a delineated boundary of any wetland or pan.
- The Plant should be sited, designed and managed so that the quality of surface and groundwater in the vicinity are not degraded by runoff, leaching or seepage from the site or waste utilization areas.
- Zero discharge of contaminated surface water.
- Monitoring must take place on a continuous basis to ensure the above.
- The storage of material, chemicals, fuels, etc. must not pose a risk to the surrounding environment and this includes surface and groundwater resources. Temporary bunds must also be constructed around chemical or fuel storage areas to contain possible spillages. Such storage areas must be located outside the 1:100 year floodline of a river and must be fenced to prevent unauthorised access into the area. The maintenance of vehicles and equipment used for any purpose during the prospecting activity will take place only in the maintenance yard area.

- The applicant must comply with all the conditions of the National Water Act (Act 38 of 1988)(NWA).
- Registration of water uses under Section 21 of the NWA is compulsory.
- The proposed operation must not contravene Government Notice 704 (4 June 1989, Vol. 408, No. 20119) regarding the 'Regulations on use of water for mining and related activities aimed at the protection of water resources', in terms of the NWA.

In terms of Section 22 of the NWA a person may only use water without a license:

- If that water use is permissible under Schedule 1.
- If that water use is permissible as a continuation of an existing lawful use.
- If that water use is permissible in terms of a General Authorisation issued under Section 39 of the NWA.

In terms of Section 4(1) of the NWA a person may use water from a water resource for purposes such as reasonable domestic use, domestic gardening, animal watering, firefighting and recreational use, as set out in Schedule 1.

To apply for authorisation and registration of water uses the responsible official can be contacted at the following address:

Deputy Director: Water Use

Attention: Mr. V Blair

### Letter

**In terms of Section 38(8) of the National Heritage Resources Act (Act 25 of 1999)**

**Attention:** Mr Lerato Motaung  
Twin Youth Initiative Trading

**Twin Youth Initiative Trading CC (the "Applicant") applied for a sand mining permit from 4.9 ha of the Remaining Extent of the farm Jammerbergsdrift 540, Magisterial District Wepener, Free State Province (FS30/5/1/3/2/10232MP).**

Thank you for your notification for sand mining on the Remaining Extent of the Farm Jammerbergsdrift 540, Magisterial District Wepener in the Free State Province. In terms of the National Heritage Resources Act, No 25 of 1999, heritage resources, including archaeological or palaeontological sites, graves older than 60 years, structures older than 60 years are protected. They may not be disturbed without a permit from the relevant heritage resources authority. This means that prior to development it is incumbent on the developer to ensure that a Heritage Impact Assessment (HIA) is done. Any heritage resources that may be impacted such as archaeological or palaeontological resources, built structures over 60 years old, sites of cultural significance associated with oral histories, burial grounds and graves, graves of victims of conflict, and cultural landscapes or viewsapes must also be assessed.

The PalaeoSensitivity Map on SAHRIS (<http://www.sahra.org.za/sahris/map/palaeo>) indicates very high palaeontological sensitivity in the area adjacent to the extent of the river proposed for mining. Therefore, the SAHRA APM Unit requires a field-based Palaeontological Impact Assessment, conducted by a professional palaeontologist, to be included in the HIA.

If the proposed area was previously disturbed and there is no significant site, the heritage specialists (an archaeologist and a palaeontologist) may choose to submit Letters of Recommendation for Exemption from Heritage Studies to SAHRA to indicate that there is no necessity for any further assessment.

Should you have any further queries, please contact the designated official using the case number quoted above in the case header.

Yours faithfully

Dear Sir/Madam

**RE: DRAFT BASIC ASSESSMENT REPORT AND ENVIRONMENTAL MANAGEMENT PROGRAMME REPORT FOR PUBLIC COMMENTS FOR THE MINING PERMIT APPLICATION ON THE REMAINING EXTENT OF THE FARM JAMMERBERGSDRIFT 540, WEPENER, FREE STATE PROVINCE**

The Draft Basic Assessment Report (BAR) and Environmental Management Programme Report (EMPR) for the propose mining of sand from a portion of the Remaining Extent of the farm Jammerbergsdrift 540, Wepener, is now available for your perusal. A copy of the document can be obtained from Greenmined Environmental upon request, or downloaded from the company website at [www.greenmined.com](http://www.greenmined.com).

Should you be interested your comments are kindly requested on the DBAR & EMPR. A thirty-day commenting period, ending on **20 August 2018**, will be allowed for comments. Your comments must be in writing and can be submitted via facsimile, e-mail and/or mail. Please do not hesitate to contact us in the event of any uncertainties and please ensure that your contact details are included with your comments.

If we do not receive any comments from you before the end of the commenting period it will be accepted that you do not have any additional objections/comments with regard to the project. We trust that you find it in order and kindly await your comments on this report.

Please contact Christine Fouche at 082 811 8514 (Cell) or 021 851 2673 (Tel), 086 546 0579 (Fax), or [christine.f@greenmined.co.za](mailto:christine.f@greenmined.co.za) should you require any additional information.

Kind Regards

The Draft Basic Assessment Report (BAR) and Environmental Management Programme Report (EMPR) for the propose mining of sand from a portion of the Remaining Extent of the farm Jammerbergsdrift 540, Wepener, is now available for your perusal. A copy of the document can be obtained from Greenmined Environmental upon request, or downloaded from the company website at [www.greenmined.com](http://www.greenmined.com).

Should you be interested your comments are kindly requested on the DBAR & EMPR. A thirty-day commenting period, ending on **20 August 2018**, will be allowed for comments. Your comments must be in writing and can be submitted via facsimile, e-mail and/or mail. Please do not hesitate to contact us in the event of any uncertainties and please ensure that your contact details are included with your comments.

If we do not receive any comments from you before the end of the commenting period it will be accepted that you do not have any additional objections/comments with regard to the project. We trust that you find it in order and kindly await your comments on this report.

Please contact Christine Fouche at 082 811 8514 (Cell) or 021 851 2673 (Tel), 086 546 0579 (Fax), or [christine.f@greenmined.co.za](mailto:christine.f@greenmined.co.za) should you require any additional information.

Kind Regards

A handwritten signature in black ink, appearing to read "Fouche".

Christine Fouche
